RESCUED IN THE FACE OF GRIM DEATH

Explosion Worse Than St. Pierre's Calamity Menaced Party.

TWICE OBLIGED TO PUT TO SEA

Once Forced to Leave Consul's Body Ashore, but Faced Doom to Regain It.

DRIVEN AWAY FROM BRITISH CONSULATE

[SPECIAL CABLE TO THE GAZETTE.]
(Copyright, 1902, by the New York Herald Co.)

FORT DE FRANCE, MARTINIQUE, May 20.—Destruction is again threatened by Mont Pelee, the volcano having resumed an activity even greater than that exhibited when St. Pierre was wiped out of existence. For 24 hours the volcano has been in constant eruption and explosions have been frequent.

All inhabitants of Fort de France are filled with panic. The island has been shaken by the workings of the forces within the earth and everyone awaits in fear a cataclysm even worse than that of the 8th of May.

Last night was one of terror here. The earth seemed to have lost its foundations. Up through the crater of Mont Pelee poured a storm of death. The culmination came at an early hour this morning, when there occurred an explosion so terrible that walls in this city were shaken down and the inhabitants fled to the open country. It is said that the force of the explosion was much greater than that which accompanied the eruption that poured destruction upon St. Pierre.

Smoke filled the air, darkening the sky. Ashes are falling steadily. When the heavens are filled with lightning, as frequently happens, it can be seen that Mont Pelee has not ceased to throw out a great column of lava and stones.

A Subterranean Upheaval.

There has been a perfect calm in the air, yet the waters of the Caribbean are lashed to a fury, indicating that the same forces that cause the volcano to labor are working tremendous changes at the bottom of the sea.

Words are inadequate to describe the actual conditions. Disaster is expected at any moment, and in the harbor every ship has steam up and ready to slip cable and speed away.

Beset by imminent and terrible danger a party of officers and men from the Cincinnati and the Potomac went ashore at St. Pierre yesterday and brought away the body of Thomas T. Prentis, American consul. Advised to forsake their burden and save themselves, the men who were carrying the body refused to do so. On they stumbled through an atmosphere each second growing darker and more stifling. Their ears were deafened by the crashes that came from Mont Pelee. In the roadstead the British cruiser, the Indefatigable, was running to sea, sounding her siren, which most of the time was silenced by the greater noise of the mountain.

With steam up the Potomac stood ready to run as soon as the rescue party could get out from shore and on board. To the general din it added its note of alarm. Finally the brave men were forced to rest their burden at the water's edge while they made all speed to the Potomac.

Made a Second Attempt.

They were barely in time. As the steamship got well under away another flood of fire poured down from Pelee and a broad stream of lava ran into the sea, while out of the sky rained a storm of rocks and ashes.

In spite of the threatening aspect of the volcano it was determined later yesterday to make another attempt to recover the bodies of Mr. Prentis and Mr. Japp, the British consul. By permission, I accompanied the searching party, which was divided into two squads. One led by Ensign Miller went to the spot where they left the body of the American consul and soon had the body of Mr. Prentis encased in a metallic and hermetically sealed coffin. Six stalwart fellows shouldered the body and started with it for the boat landing.

Meanwhile another party, led by Lieut. McCormick of the Potomac, had proceeded to the British consulate, about half a mile to the northward of the American consulate. Fortunately this was within view of the crater of Mont Pelee. Lieut. McCormick saw a column of smoke and fire belch from the volcano. Directing his men to make all haste back to the Potomac, the lieutenant turned aside to give warning to the party who were carrying away the body of the American consul.

"For God's sake, boys, get to the boat quick if you would save your lives!" he gasped. "The volcano has exploded and destruction is upon us."

Saved by a Turn of the Wind.

At that instant there was a crash in the sky, back of which it seemed as if scores of thunderbolts had been forced into one. Without cessation the whistle

The Affidavits of Ex-Employes Show Price Agreements Exist.

NO FIGHT IS MADE BY TRUST LAWYERS

[BY ASSOCIATED PRESS TO THE GAZETTE.]

CHICAGO, May 20.—The temporary injunction asked for by the government against the members of the packers' combine is now in force. It was issued this evening by Judge Peter S. Grosscup after the close of arguments in the United States circuit court room. The order gives the relief prayed for in the bill filed by District Attorney Bethea on May 10. It is so wide in scope that if the packers or their agents continue with their present alleged uniform arrangements they will be taken into court on contempt proceedings, and the burden of proof will be on them to show that they have not violated the order in any particular. Little opposition was raised against the government's petition.

Attorney John S. Miller, who was the sole representative of the packers present, pointed out some objectionable clauses in the draft of an order presented by Mr. Bethea. These concerned the alleged agreements for credit, blacklisting and cartage. Judge Grosscup thought some of these minor clauses had been made too prominent, and he drew a form of order that pleased both sides.

Must Reply by August 4.

Mr. Bethea filed a number of affidavits. Attorney Miller, on behalf of the packers, said, while he was not prepared to oppose the government's petition at present, he was authorized to submit to the entry of the order on behalf of his clients.

Solicitor General Richards made a brief statement in answer to some of the objections raised by Attorney Miller. Attorney Day also spoke briefly on behalf of the government. At the conclusion of these remarks the order was taken away by Judge Grosscup for amendment and later was filed.

Unless the defendants decide to make a fight at an early date in an effort to have the order set aside they will have until August 4 to reply to the complaint.

The evidence presented by District Attorney Bethea consisted of affidavits from 20 persons formerly connected with the packing houses.

Blacklist and Price Agreement.

The most important is that of Daniel W. Meredith of Jersey City. For six years he was manager for Armour & Co., at Milwaukee, and manager in Philadelphia for three years. Prior to working for Armour & Co. he had been with Swift & Co.

Since 1893, he declared, six general managers for the big companies have been accustomed to meet at least once a week in New York to reconcile the differences between themselves concerning the operating of their business and also to consider the prices which they should place for the ensuing week on meat products in that territory.

William C. Rider swore that he was formerly with the Fairbank Canning Company, a corporation owned or controlled by Nelson, Morris & Co. In 1888 he transcribed a signed agreement between Morris & Co., Armour & Co. and Swift & Co. This agreement, he declared, provided that representatives of the signers were to meet at specified times or upon call of an appointed arbitrator; that prices should be maintained; that a list of discharged employes should be kept and a fine of $1,000 imposed for violations of the agreement.

Charles E. Holland of Brooklyn, N. Y., swore that in 1900 he was employed by Nelson Morris & Co., and that it was his duty to translate telegrams received in cipher. These telegrams showed, he said, the existence of an agreement.

KANSAS CITY, May 20.—Judge John W. Henry, in the circuit court, today issued a temporary order, at the request of Attorney General Crow, restraining Nelson Morris & Co. from fixing the price of meats or from working in conjunction with the beef trust.

HUGE WALL OF WATER SWEEPS DOWN THE KENTUCKY HILLS

Cincinnati and Its Environs Struck by a Cloudburst, Bringing Death to Six Persons and Causing Damage to Property That Will Reach One Million Dollars.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Cincinnati, May 20.—A terrific wind and rainstorm, accompanied by a waterspout, swept over this locality today, causing the loss of six lives and injuring many others. The fury of the storm continued only 30 minutes, but the damage wrought in that time will amount to more than $1,000,000 in the business section of Cincinnati and as much more in other parts of the city and its suburbs.

The Dead:

CLEMENT DAVIER.
MRS. FLACHNER.
WILLIE WILLEN, aged 4.
GEORGE BECKER.
FERDINAND RAPP.
D. W. C. BELLEVILLE.

Prior to the unprecedented falling of rain dense clouds were seen to the south and the city became as dark as night. There was a terrific waterspout on the Lewisburg hills, in the southern suburbs of Covington, Ky., and it moved over the Kentucky suburbs into this city, passing up the Miami valley with damages reported as far as Dayton, O. The water rolled down the Kentucky hills in a wave 20 feet deep at places and about 100 yards wide. The frame house of Edward Wohrley was carried over four blocks and finally dashed to pieces in the Covington ball grounds. The house was occupied by four families. Of these Mrs. Flachner and Willie Willen were drowned. The others narrowly escaped.

Davier and Becker, who were driving teams, were swept from their wagons by the rush of water and drowned. Belleville, a carpenter, was carried away with the roof of a building on which he was working and killed. Rapp, a peddler, was caught by the water while attempting to take his goods out of a cellar.

Searching parties are still at work tonight in Willow Hollow, at the foot of Lewisburg hill, where others are reported missing.

The damage to cellars of some of the jobbers runs as high as $30,000. Several small frame houses on Price hill were demolished by a landslide, but all the occupants escaped.

COAL CREEK VICTIMS LIKELY TO NUMBER 250

Seventy Charred and Mutilated Bodies Are Taken from the Fraterville Mine.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

COAL CREEK, TENN., May 20.—The total number of bodies found in Fraterville mine up to this afternoon aggregated seventy. Of this number 38 were found together in the mine just before 11 o'clock, and 32 were brought out yesterday afternoon and last night.

An effort was again made this morning to effect an entrance to the Fraterville mine opening, but it proved unsuccessful. The gaseous odors emanating indicate that all the gas has not yet escaped. Sam Jones, the mine foreman, who was in the rescuing party that attempted to force the entrance this morning, was completely overcome by fire damp, and it is feared he will die.

Ninety-Two Are Dead.

GOLIAD, TEX., May 20.—Ninety-two dead and 103 injured is the result of the terrible work of Sunday's tornado. The town was literally swept from end to end by the tornado and 150 houses were demolished. Of the hundred or more injured it is believed that 20 will die.

HOME MISSIONS ARE THE HOPE OF THE NATION

Roosevelt Declares Our Country Owes Much to Religious Zeal.

HIS GREAT OVATION AT CARNEGIE HALL

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, May 20.—Carnegie hall was crowded to the doors this evening with an audience eager to hear the address of President Roosevelt in the interests of Presbyterian home missions, the occasion marking the close of the centennial celebration.

In the parquet sat the commissioners of the general assembly with as many of their friends as could be crowded in. The two tiers of boxes were filled with men and women who are leaders in metropolitan Presbyterianism, and others interested in the meeting. There were about 400 men and women on the platform. There was not a vacant seat, not a bit of standing room left in the entire auditorium, and hundreds were turned away.

When President Roosevelt appeared on the platform he received a great ovation. When the applause died away Mr. Roosevelt took his seat between the Rev. Dr. Van Dyke and the Rev. Dr. Stuart Dodge, D. D., who was presiding.

A choir of 125 voices from the different Presbyterian churches sang the hymn, "Ye Servants of God Your Master Proclaim," and the president sang with them.

Our Leaders God Fearing Men.

"Every true American," said Dr. Dodge in his opening remarks, "is grateful that his country was founded by men and women who feared God; and today this nation is receiving its chief strength and support from God-fearing men and women. On this occasion, our centennial celebration of our home mission, it is our chief reason to keep rejoicing that our church still supplies such men and women to keep up the good work."

A great wave of applause greeted the statement, as also did Dr. Dodge's review of the prospects of the church, which he said "is about to receive a creed that certain people can understand and accept."

In introducing President Roosevelt, Dr. Dodge said no man knew better than the president the importance to the nation of the good work of the home missions.

When President Roosevelt stepped to the front of the platform and began "Mr. Chairman," he was interrupted by the flashlight of a photographer. As the smoke blew across the stage he laughed and said:

"There goes the mystery now," referring to the mystery of the creed. He spoke as follows:

All Should Be Missionaries.

It is a pleasure on behalf of the people of the United States to bid you welcome on this hundredth anniversary of the beginning of organized home missionary work by the Presbyterian church. In one sense, of course, all fervent and earnest church work is a part of home missionary work. Every earnest and zealous believer, every man or woman who is a doer of the word and not a hearer only, is a life-long missionary in his or her field of labor—a missionary by precept and by what is a thousand fold more than precept, by practice. Every such believer exerts influence on those within reach, somewhat by word, and infinitely more through the ceaseless, yet well-nigh unseen pressure, all the stronger when its exercise is unconscious, of example, of broad, loving, charitable neighborliness.

But tonight we celebrate 100 years of missionary work done, not incidentally, but with set purpose; 100 years of earnest effort to spread abroad the gospel, to lay deep the moral foundation upon which true national greatness must rest. The century that has closed has seen the conquest of this continent by our people. To conquer a continent is rough work. All really great work is rough in the doing, though it may seem smooth enough to those who look back upon it, or who gaze upon it from afar. The roughness is unavoidable part of the doing of the deed.

We need display but scant patience with those who sitting at ease in their own homes delight to exercise a querulous and censorious spirit of judgment upon their brethren who,

AMERICAN FORCES EMBARK FOR HOME

[SPECIAL CABLE TO THE GAZETTE.]
(Copyright, 1902, by the New York Herald Co.)

Havana, May 20.—With ceremonies which occupied a brief 10 minutes Cuba came today into peaceful and undisputed possession of the independence for which her people have fought and toiled through 50 years and entered the ranks of sovereign states. In the historic room in the palace of Spain's governor generals, in which the departing Spaniards relinquished control of the island on January 1, 1899, the representatives of the United States government surrendered the trust then assumed, and Tomas Estrada Palma, first president of the Cuban republic, took up his task of government.

The transfer was the occasion of an outburst of popular enthusiasm without precedent in the history of the island. The downfall of Spain and the coming of the Americans were causes for public rejoicings; but these were moderated by a fear that the change, while it might work for Cuba's good, was only a change of masters.

Last Doubt of Cubans Vanishes.

With the arrival of President Palma and the preparations for departure made by American officials, Cubans and Spaniards, for the first time since the American occupation began, were convinced that the Americans really intended to go away and take their flag with them. Then apprehension vanished; a high feeling of gratitude took its place, and sentiments of patriotism and national pride found fullest expression.

The culmination came today when at 12 o'clock signal guns from the forts in the bay announced the birth of the new republic. Half an hour earlier the palace, where the ceremony was to take place had filled with a distinguished company, such as could claim place, or were fortunate enough to gain entrance. The reception hall had changed little since Spanish days. Its windows and mirrors were still bright with ornaments of Spanish red and gold. It was entered through an apartment similar in shape and arrangement, but trimmed with blue and white.

Those who passed through the high partition arches included, first, Gen. Wood and President Palma. There were members of the old and new cabinets, Cuban senators and representatives, provincial governors and municipal officials. There was also present a delegation of President Palma's old neighbors from Central Valley, N. Y., who had come to see the man they had known and esteemed for many years installed in his high office.

Documents of Transfer Read.

The room filled rapidly with officers of the American army, officers from the warships in the harbor, diplomatic representatives in full dress and officials of Havana university in gowns and members of the supreme court. The bishop of the diocese came in full canonicals. President Palma arrived on foot from the senate chamber, attended by members of his cabinet. Nearly half an hour was spent in conversation and preliminary arrangements. Then, at 12 o'clock, when the signal guns boomed, the brief ceremony began.

Formal greetings over, Gen. Wood read the documents of transfer prepared by the war department. The first formally recited the organization of the Cuban government and the fact that Cuba's constitution went into effect at noon on May 20, and continued:

"Thereupon and at that time the occupation of Cuba by the United States and the military government of the island will cease and terminate, and the government and control of the island will be transferred to the president and congress so elected, to be held and exercised by them under the constitution so promulgated. Such transfer will be upon the understanding and condition that the new government does thereby, and by the acceptance thereof, pursuant to the provisions of the said appendix to the constitution, assume and undertake all and several of the obligations assumed by the United States with respect to Cuba by the treaty between the United States of America and her majesty, the queen regent of Spain, signed at Paris on September 10, 1898."

Gen. Wood Hauls Down Old Glory.

Senor Palma attached his signature to the document as president of the republic after an exchange of congratulations, and the old veteran, Gen. Gomez, ascended to the roof of the palace. He was instantly recognized and met with a great demonstration of welcome. Gen. Wood himself undid the halliards from the flagstaff and lowered the American colors. As they fluttered down, the cavalry below and Cabanas fortress saluted their flag. As the first gun spoke, the flags on Morro castle and those on the Santa Clara and Punta fortresses were lowered. The jurisdiction of the United States had ended.

In the meantime a Cuban flag had been sent on the halliards of the palace flagstaff, and by his own hand Gen. Wood raised it as an act of the United States. Gen. Gomez assisting him. As the flag

flew free the streets below fairly waved with the cheer that arose. It was caught up by the people on the roofs and rolled over the city. Again the cavalry below saluted, and again the guns of Cabanas spoke. The shipping in the harbor added to the din, and for the first time the Cuban flag was saluted by foreign warships—British, French and Italian.

American Forces Leave Cuba.

The demonstration was still in progress when the cavalry wheeled and marched to the wharf, where they immediately embarked on the Morro Castle.

Gen. Wood and his adjutant general, Col. Scott, with two aids, after a last exchange of good wishes, were driven to the pier, where they entered a launch and were taken to the Brooklyn. Both ships got under way as soon as possible and steamed out of the harbor. Mrs. Wood and the rest of the family sailed tonight.

While this was occurring at Havana a similar scene was being enacted at Santiago, where Gen. Whitside at noon turned over the authority to his Cuban successor and sailed away with two troops of the Eighth cavalry. Only eight batteries of American artillery now remain on Cuban soil.

FORMAL TRANSFER BY GOV. GEN. WOOD

Conditioned Upon Assuming All Obligations Against the Island—Provisions for Preventing Disease.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

HAVANA, May 20.—Proclamation "B" was issued by Gen. Wood as military governor. It recites in due form that the Cuban congress, convened in Havana May 5, examined the credentials and certified to the election of the senators and representatives and also found Tomas Estrada Palma and Cuba Luis Esteves Romero to have been elected, respectively, president and vice president of the republic; that on May 20 at noon the Cuban constitution went into effect. Therefore, the document reads:

Thereupon and at that time the occupation of Cuba by the United States and the military government of the island will cease and determine and the government and control of the island will be vested in the president and congress so elected, to be held and exercised by them under the constitution so promulgated.

Such transfer is made upon the understanding and condition that the new government does hereby, pursuant to the provisions of the said appendix to the constitution, assume and undertake all and several the obligations assumed by the United States with respect to Cuba by the treaty between the United States of America and her majesty the queen regent of Spain, signed at Paris on the 10th day of December, 1898.

Constitution in Force.

Proclamation "C" simply declares the new constitution to be in full force after the date thereof and recites its provisions.

Then comes the following:

To the President and Congress of the Republic of Cuba:

Sir—Under the direction of the president of the United States I now transfer to you as the duly elected representatives of the people of Cuba the government and control of the island, to be held and exercised by you, under the provisions of the constitution of the republic of Cuba, heretofore adopted by the constitutional convention and this day promulgated, hereby declaring the cessation of Cuba by the United States and the military government of the island to be ended.

All money obligations of the military government down to this date have been paid as far as practicable. The public civil funds derived from the revenues of Cuba transferred to you this day are transferred subject to such claims and obligations properly payable out of the revenues of the island as may remain. The sum of $100,000 has been reserved from the transfer of funds to defray anticipated expenses of accounting, reporting and winding up the affairs of the military government, after which any unexpended balance of said sum will be paid into the treasury of the island.

Plans to Prevent Disease.

The plans already devised for the sanitation of the cities of the island and to prevent a recurrence of epidemic and infectious diseases, to which the government of the United States understands that the provisions of the constitution contained in the fifth article of the appendix applies, are as follows:

(1) A plan for the paving and sewering of the city of Havana for which a contract has been awarded by the municipality of that city to MacIvinay, Robey & Co.

(2) A plan for waterworks to supply the city of Santiago de Cuba, prepared by Capt. S. M. Rockenbach in charge of the district of Santiago and approved by the military governor. Providing for taking water from the walls of San Juan canyon and pumping the same to reservoirs located on the heights to the east of the city.

(3) A plan for the sewering of the city of Santiago de Cuba, a contract for which was awarded to Michael J. Dady & Co., by the military governor of Cuba, and now under construction.

(4) The rules and regulations established by the president of the United States on the 17th of January, 1899, for the maintenance of quarantine against epidemic diseases at the ports of Havana, Matanzas, Cienfuegos and Santiago de Cuba, and thereafter at the other ports of the island, as extended and amended and made applicable to future conditions by the order of the military governor.

(5) The sanitary rules and regulations in force in the city of Havana (and in any other city having official rules, etc.)

It is established by the United States that the present government of the Isle of Pines will continue as a de facto government, pending the settlement of the title to said island by treaty pursuant to the Cuban constitution and the act of congress of the United States, approved March 2, 1901.

I am further charged by the president of the United states to deliver to you the letter which I now hand you. (Signed)

LEONARD WOOD,
Military Governor.

NOTICE TO THE WORLD THAT CUBA IS FREE

Nations Are Informed That the United States' Occupancy Has Ceased.

WASHINGTON, D. C., May 20.—The following is the official notification sent by the state department today to ambassadors and ministers of the United States all over the world:

Department of State, Washington, D. C., May 20, 1902.

Sir—I am directed by the president to inform you that the military occupation of the island of Cuba by the United States has this day ceased and that an independent government, Republican in form, has been inaugurated there, under the presidency of his excellency, Senor Don Tomaso Estrada Palma. You are instructed to convey this information through the appropriate channels to the government to which you are accredited. I am, sir, your obedient servant, JOHN HAY.

MESSAGES TO ROOSEVLT.

Gen. Wood Cables News of Transfer of Government.

WASHINGTON, D. C., May 20.—A telegram from Gen. Wood, addressed to President Roosevelt, telling of the change of government at Havana, was received at the White House tonight. Another from President Loubet transmitted the congratulations of France. A third message to President Roosevelt, signed by President Palma, said:

"The government of the island having been just transferred, I, as chief magistrate of the republic, faithfully interpreting the sentiments of the whole people of Cuba, have the honor to send you and the American people testimony of our profound gratitude and the assurance of an enduring friendship, with wishes and prayers to the Almighty for the welfare and prosperity of the United States."

Stone Machine to Help Him in Butler in Return for the Delegates From Westmoreland — Warren McCreary Refuses to Assist Huff.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Butler, Pa., May 20.—Col. George F. Huff of Greensburg will announce for congress in this county tomorrow. In so doing it is generally believed that an attempt is being made to carry out the terms of the Elkin deal. Huff is to turn the Westmoreland delegation over to the Stone machine and in return is to have the support of Butler for congress.

So far none of the local politicians appear to be willing to have anything to do with the Huff candidacy. Effort was made to get Warren McCreary to take charge. He denies tonight that he has or will have anything to do with Huff's campaign. He was asked to attend to the announcing of the colonel's name and refused to do this. Tomorrow D. C. Ogden of Greensburg will come here and have the announcement placed in the local papers.

Butler and Westmoreland comprise the Twenty-second district. The conference committees from the two counties failed to agree upon a plan of nominating. It was decided that the candidates should run in their own counties and after the primaries another effort would be made to arrive at a plan of nominating. Huff was the only man to announce in Westmoreland and the time for registering in Westmoreland has passed.

Dr. J. B. Showalter, the present congressman from the old Butler-Lawrence-Mercer-Beaver district, is a candidate in Butler, and so is J. D. McJunkin of Butler. The friends of these candidates think that an unfair advantage is being taken and a hard fight is promised here at the primaries on June 7. It is not known who will look after Huff's campaign, and the man who tackles the job of carrying out the Elkin deal will have a rough road to travel.

GETS ENTIRE OUTPUT OF JONES' LAKE COAL

The Pittsburgh Coal Co. Has Closed an Important Deal That Contains Much of Promise.

Announcement was made yesterday of a deal whereby the Pittsburgh Coal Company has purchased the entire output of the extensive Jones interests in the Pittsburgh district, destined for lake delivery. This coal in the present year may amount to 1,000,000 tons. The domestic and other trade of the Jones companies, the Pittsburgh & Buffalo, the Manufacturers & Consumers Coal Company and others, will be handled as before.

With this, the Pittsburgh Coal Company has control of practically all the lake coal produced in the Pittsburgh district, except for one or two of the lake shippers. The output of the Mansfield Coal & Coke Company, which is independent of the Pittsburgh company, has been handled by the Pittsburgh company since its organization, although this was not generally known to the trade.

The sales agreement just recently entered by the Pittsburgh Coal Company, the Fairmont Coal Company and several of the independent producers in the Hocking valley district of Ohio, makes the coming season in the northwest trade of greatest promise in the Pittsburgh company's history. Recent dock acquisitions, costing nearly $2,000,000 give the company 18 docks along the lakes.

THE WEATHER.

The weather bureau's forecast for today contains the promise that the temperature will not go any higher in Pittsburgh than it did yesterday. The prediction is for fair weather and similar to that of yesterday. The thunder storm which set in with rain shortly before midnight of Monday cleared the atmosphere considerably, and as a result of the rainfall, which amounted to .15 of an inch, the mercury only reached a maximum of 82 degrees during the day.

The Gazette has established a local weather service and the four handsome thermometers which have been placed on the sides of the pedestal at Fifth avenue and Smithfield street, Kaufmann's corner, attracted considerable attention yesterday. Last night the weather was rather warm and the hands on The Gazette thermometers were consulted frequently. The reading at 9 p. m. was 78 degrees.

RESCUED IN THE FACE OF GRIM DEATH

Continued From First Page.

of the Potomac was blowing. There was another rumble and the sky was filled with lightning. Then, as I looked backward, Mont Pelee cast upward a vast column, a mile or more high.

By a fortunate turn of the wind the lives of all in the party were saved. The ashes, gas, smoke and stones, instead of pouring immediately upon us, were carried out over the sea.

Under the circumstances the presence of mind and bravery of the American sailors were worthy of the greatest praise. They refused to put down their burden.

"If we die," one of them said, "we will die with this body on our shoulders."

As rapidly as possible the sailors made their way over the debris on the shore. Finally the distance was covered and at the end it was discovered that after all the body would have to be temporarily abandoned. Heavy seas were sweeping shoreward. It was with great difficulty that the party was taken on board the Potomac, but it was accomplished safely and just in time.

Straight out to sea for five miles ran the Potomac, while all eyes watched the eruption, perhaps the grandest and most awe-inspiring sight ever witnessed by man. There was an inner column of fire that reached perpendicularly into the air. About it was a funnel-shaped mass of ashes and gas that could be penetrated by the eye only when the flames burned brightest.

Watched in a Boiling Sea.

When the Potomac had been put beyond the apparent danger zone an observation was taken. Then the ship was turned up the coast and was run close in under the column of death. As close as she could be sent without courting destruction the Potomac went to the stream of lava. All about us the sea was boiling and the steam that came up over the sides was so dense as to make it all but impossible to see through it.

Again a turn was made seaward and as it was seen that the wind had shifted the danger from St. Pierre we ran back to the landing. A party of sailors went ashore and brought off the body of Consul Prentis. We returned then to Fort de France, where all was panic. Terrible as was the eruption that came last night it was mild in comparison with that which occurred early this morning.

Owing to the hasty retreat that was made from the British consulate, the body of Mr. Japp, which had been encoffined, was not recovered. It is now deemed too dangerous a task to return for the body, which lies about a mile back from the shore.

Stifling heat preceded the last outburst of Mont Pelee. Not a breath of air stirred for two days. Rain fell and the thunder that accompanied it found a deep response from the depths of the volcano. Finally there descended upon the island an almost overpowering sudpluric vapor.

Looking for a Worse Horror.

Many believe that the worst is yet to come. Previous eruptions are referred to as proof that the first explosions are always followed by others of greater strength.

A severe inundation at Basse Pointe, at 2 o'clock this morning, swept away 20 houses and 50 other buildings were damaged by the flowing mud, which has swept over the Vallee de la Riviere.

A cloud of cinders issued from Mont Pelee this morning amid awful detonations. It is estimated that 20,000 persons rushed out into the streets of the town, shrieking and praying. It was reported that a tidal wave had destroyed a portion of the village of Le Carbet. Many of the inhabitants of Fort de France have embarked on vessels in the harbor.

RORAIMA SURVIVORS LAND IN NEW YORK

A Philadelphian Who Visited the Hospital at Fort de France. Tells Stories of the Calamity.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW YORK, May 20.—Chief Officer Scott and Assistant Purser Thompson, the latter a colored man, survivors of the crew of the steamship Roraima, destroyed in the harbor of St. Pierre on the morning of May 8, arrived in New York today on board of the Korona of the Quebec Steamship Company. Herman Rosenberg, a Philadelphia importer, a passenger on the Korona, saw several St. Pierre survivors at Fort de France.

"I visited the hospital at Fort de France," said Mr. Rosenburg, "and heard from the lips of some of those poor people stories that are too horrible to relate. A native, lying in his bed suffering from the most horrible burns on his arms and legs, told me had had to run for 10 miles when the fire struck St. Pierre, until he dropped from exhaustion. He told me that people running ahead of him were struck down by the fire, and that several times he fell over their bodies.

"'Each one that was struck,' he said, 'looked as if he had been struck by lightning. One would be burned down the side of his body, and another's head would shrivel up when the dart of flame descended upon him.' His mouth was so parched from breathing the ashes and dust that, he told me, he thought several times he would strangle. At last he came to a small stream and dashed his face into it, only to find that it was boiling hot. After suffering innumerable hardships, he reached Fort de France, but was told at the hospital that he could not live.

"Another native, who was about four miles from the town when the fiery tornado burst, said he stood some time admiring the spectacle and thinking it only a pretty and harmless exhibition of pyrotechnics by the volcano, until he noticed the houses catching fire and began to feel the heat himself. This man told me he saved his life by crawling into a crevice between some rocks; but then the air became so hot that for a time he was in a semi-conscious condition. When he revived he found the entrance to the crevice almost blocked by the ashes and dust, which flew into his nostrils and throat when the tried to push his way out. The dust, when breathed, he explained, is most irritating and causes one to cough incessantly for hours afterward."

DETECTIVES ARE HOT ON TRAIL OF MURDERER

Slayer of Policeman Sheehy Is Said to Have Been Seen in Canton, O.

HE SPOKE OF THE CRIME

Ohio Officers Are Shadowing a Man Who Said That He Had Had a Shooting Scrape With the Police in City of Pittsburgh.

The police expect to arrest Silas Carter, the negro slayer of Policeman James Sheehy, within the next 24 hours. Detectives have kept close watch on the movements of friends and relatives of the much-wanted murderer, and believe that they have found a clew that will lead them to his hiding place. The theory of the police has been that Carter is still in the city, but a dispatch from Canton, O., says that Carter was in that city from Sunday morning until Monday morning. Police officers are following the suspected man.

During all of Monday night officers searched the negro quarters of Wilkinsburg, believing that Carter's sweetheart had sent word to him in that suburb. They are hopeful that the large crescent-shaped scar that Carter is known to carry on his left cheek, the mark of a stab wound, will ultimately lead to his apprehension.

The information from Canton is to the effect that Carter was seen near the city and he admitted that he had had "trouble" with a police officer in Pittsburgh, and that he desired to keep out of the sight of officers.

On Sunday morning a brown-skinned negro, with a large crescent-shaped scar on his left cheek, stopped at the house of Joseph Snyder in North Canton, and asked for breakfast. He was given something to eat and then disappeared. Later in the day he met Fred Milhoof, a neighbor of Snyder. In a conversation with Milhoof, Carter said that he had been in a "shooting scrape" in Pittsburgh and had shot a policeman. Carter told Milhoof that he was afraid to go into the city because he thought the police would arrest him.

Carter returned to the Snyder house toward nightfall, secured another meal and was given permission to sleep in the straw pile in the barn. He told Snyder that he had stolen a ride from Pittsburgh to Alliance on a Ft. Wayne train and had walked to Canton. He refused to sleep in the house, saying that he could get away from the barn quicker if the police arrived on the scene. After Carter got his breakfast and left the house Monday Snyder telephoned to the police station and four officers went to the place.

Several negro dives in Canton were under surveillance all of Monday night as it was thought that Carter might visit them.

ROCHAMBEAU PARTY NOW IN WASHINGTON

They Arrive From New York and Philadelphia — French Cruiser Gaulois in Chesapeake Bay.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, D. C., May 20.—The French cruiser Gaulois and the American squadron of escort, the Kearsarge, Olympia and Alabama, anchored off Cove Point, Md., in Chesapeake bay at 4 o'clock today. The vessels will remain at anchor until 9 o'clock tomorrow morning when they will proceed to Annapolis.

The members of the French commission en route to Washington from New York stopped in Philadelphia for a few hours this afternoon. Count and Countess Rochambeau attended a luncheon given in their honor at the Hotel Bellevue, and the others of the party took in the sights of the city, visiting Independence hall, the city hall, the new United States mint, Fairmount park and other points of interest.

MONEY NEEDED FOR THE FOURTH IS CALLED FOR

Finance Committee Frames Request for Funds to Carry on a Big Celebration.

EVERYBODY CAN HELP

Much Money Required to Make Greater Pittsburgh's Observance of Glorious Fourth a Happening of Note.

Fifteen thousand letters will be sent out within a few days by the committee on finance appointed in connection with the Greater Pittsburgh Fourth of July celebration. The recipients of the letters will be asked to promptly respond to the request for funds. The committee on finance met yesterday with Director J. Guy McCandless and decided to make the appeal at once. To have a celebration on the scale planned will require a good-sized fund.

Not all the members of the committee were present yesterday. Francis J. Torrance, one of the Allegheny members, sent a letter promising the committee that he would co-operate in every way possible and would endeavor to be present at subsequent meetings. William A. Carr was chosen chairman. The letter which is to be sent out is as follows:

The Call for Funds.

The business men of Greater Pittsburgh, having secured the promise of President Roosevelt to be present on the coming Independence day, are very desirous of keeping him with the well-earned reputation of the old "state of Allegheny," as our first martyred president was pleased to call our county. It is their wish that Greater Pittsburgh shall this year have a Fourth of July celebration that shall reflect its importance as the great industrial center of the country and serve to keep fresh in the minds of old and young the glorious events of the day which are linked with the past and present history of the nation.

To observe this event in a fitting manner the prompt and generous co-operation of all citizens of the county will be necessary, and with this object in view we ask you to kindly send, in the inclosed envelope, your check to help defray the expenses of the celebration to William A. Carr, chairman.

This is signed by T. H. Given, J. R. McGinley, Francis J. Torrance, R. H. Boggs, William Flinn, F. L. Robbins and William A. Carr, who compose the committee.

Director McCandless said after the meeting: "We do not intend to limit the contributors of the fund to those who get letters from the committee. Contributions are expected from every one who is able to give. We want all the people to become interested in this celebration because it will be the greatest the city ever had, and when one has a little money in it he is likely to take more interest. No contribution, no matter how small, will be despised.

Special Stand for the Speaking.

It has been decided that the president's address will not be made from the music pavilion, because the space there is not sufficient to accommodate the immense crowd that is expected. The idea now is to erect a stand near the site of the electric fountain that will accommodate about 400 people, and from this the address of the president is to be made. This stand will be substantially constructed and after it is used on the Fourth it will be taken apart and probably removed to Highland park, where it will do duty as a music pavilion.

The subject matter of the president's speech is causing much discussion. Rumors have emanated from Washington that the celebration will be made the occasion of an expression of the administration's policy in the Philippines. President McKinley, upon the occasion of his last public appearance in Pittsburgh, struck the keynote of his administration policy regarding insular possessions, and the speech commanded world-wide discussion. Every person who heard that address felt that he had taken some part in the making of history.

Deal Is Still Possible.

On May 15 the original options on securities of the Empire Coal Mining Company, taken for the purpose of transferring control in this company, expired, and it has been reported that the deal was off. A representative of the company denied this yesterday, saying that the options on most of the bonds have been removed and that the deal will yet go through.

PURPOSE OF NEW LOOP.

President Callery Explains That New Tracks Asked for Will Relieve Downtown Congestion.

The Pittsburgh Railways Company is asking Pittsburgh for an additional franchise without offering anything in compensation for the right of way. Officials of the company believe they are not asking anything of value to the city or anything which will bring them any additional profit. In this connection President James D. Callery of the Pittsburgh Railways Company said yesterday:

"We are asking for right of way along Water and Grant streets to the Union station so that we can form a loop along which we can take some South Side cars from the Water street end of the Smithfield street bridge, or, if we want, East End cars. We believe this will relieve some of the downtown congestion.

HOME FOR GIRLS IN LAWRENCEVILLE

WELL-KNOWN CITY MISSIONARY SECURES PROPERTY

Large House Formerly Occupied by Western Pennsylvania Institution for the Blind, Passes Into Control of the Rev. E. M. Sandys at a Nominal Price.

"It is the intention of the Rev. E. M. Sandys to start a home for working girls in the property recently purchased by him at the corner of Forty-second and Sherman streets, Lawrenceville. The home will be complete and up to date in every respect, and the management hopes to be able to accommodate at least 30 girls."

This statement was made today by Supt. H. B. Jacobs of the Western Pennsylvania Institution for the Blind last night.

The place is known as the old Irwin property in the Seventeenth ward. The sale was made two weeks ago by the directors of the Western Pennsylvania Institution for the Blind for $8,500. The property was purchased 12 years ago from the estate of George Irwin for $12,250, but this included $2,000 worth of furniture and fixtures.

The place was occupied by the Western Pennsylvania Institution for the Blind for about 10 years. Two years ago it was leased to the Brotherhood of St. Andrew of the Protestant Episcopal church and used as a home for the missionaries of the Hope Mission. During the past winter about 23 persons have lived at the house, including the Rev. Mr. Sandys and wife.

The Rev. Mr. Sandys has contemplated a new home for working girls in Pittsburgh for some years. He has been superintendent of the Christian Home for Working Girls in Eighth street.

The house is well fitted for the establishment of a working girls home. It is a large three-story brick structure and contains 16 rooms. The lot is 100x100 feet.

The Rev. Mr. Sandys left Pittsburgh a week ago for a rest at his farm in Virginia, and expects to return to Pittsburgh the latter part of this week. Mrs. Sandys was seen at the home last night, but refused to divulge any of her husband's plans. "It all depends on Rev. Mr. Sandy's health," she said. "He has been in poor health for some time, and it may be that we will have to leave Pittsburgh temporarily."

Supt. Jacobs of the Western Pennsylvania Institution for the Blind, in discussing the deal, said: "The property was sold to the Rev. Mr. Sandys at a very nominal figure. He has been after it for some time, but the directors refused to sell until recently when it became known what use would be made of it. Several of the Rev. Mr. Sandys' friends are interested and have furnished the money for the purchase.

Mellor's Reduced Prices for Pianos and Small Instruments
Rare Opportunity to Secure Bargains

The reason for these startling reductions in prices is found in the fact that the building of the Farmers Deposit National Bank next door to the Mellor property has so encroached on the latter as to render it imperative that every article now in the basement of Mellor's store must be sold at once. It is not a matter of sentiment nor with a view of showing how price-cutting can be indulged in when a representative firm like this undertakes to do it. But it is simply a case where there is nothing else to do. The instruments must be sold and the quickest way to do it is to make prices irresistible. If you consult your own interest you will attend this sale without delay.

The list at Mellor's includes the Steinway, Krakauer, Sterling, Ludwig, Cameron, Cambridge, Chickering and a half dozen others.

There are shopworn pianos, pianos that have been rented, pianos in storage, specimen pianos sent for examination, etc.

Second-Hand Square Pianos from $25 up
Second-Hand Uprights from $75 up

MINERS ATTACK AND STOP WORK AT A WASHERY

First Hostile Demonstration in Anthracite Region Occurs at Scranton.

DEPUTIES ORDERED BACK

Superintendent and Foremen Unable to Pass Through Line of Strikers. Mitchell Reports Everything Satisfactory.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Scranton, Pa., May 20.—Fifteen hundred mine workers at Oliphant this morning made the first demonstration since the strike began in the Lackawanna valley. Their onslaught was directed against the Grassy Island washery of the Delaware and Hudson company. The approaches were blockaded to such an extent that District Superintendent Sarge and a number of foremen from the company's nearby mines found it impossible to make their way through the lines and were forced to retreat down the railroad tracks with hoots, cat-calls and some flying missiles following them.

A Hungarian woman jumped in among the foremen and snatching the hat from the head of one hurled it into a muddy pool, yelling wildly as she did so. Her action almost precipitated trouble and only through the determined effort of some of the strike leaders was she dragged away and made to keep quiet.

While this demonstration was going on six armed deputies, who had come up from the washery, were warned not to approach too near and that they had better go back to the washery. They acted on the suggestion.

The company officials say they are determined to operate the washery and the Oliphant strikers say they are just as determined that it shall not be operated.

WILKESBARRE, PA., May 20.—In an interview today President Mitchell of the United Mine Workers said he and his colleagues were well satisfied with the strike so far as it has gone. He expected a total suspension of mining and his expectations have been realized. The present conflict, he said, is the greatest in the history of the world in point of numbers. The union is strong and the miners are determined, and he has no fears of a break in the solid stand of the men. When asked if he still had hope that the coal companies would voluntarily offer the men some concessions he refused to commit himself, but said: "While there's life there's hope." He had nothing to say regarding the calling out of the bituminous men.

The principal matter to be considered at the meeting of the three executive boards tomorrow is that of calling out the engineers, firemen and pumpmen. There is a well grounded belief that such drastic measures will not be adopted for the present. The joint committee will also take up the question of involving the bituminous miners.

PHILADELPHIA, PA., May 20.—The Reading railway today restored to service eight of the passenger trains recently annulled on week days on the Shamokin division between Pottsville and Shamokin and Ashland because of the strike in the coal region.

NEW YORK, May 20.—It is evident that the Civic Federation has not abandoned its efforts to settle the strike of the anthracite coal miners. A conference was held here today between Ralph M. Easley, secretary of the federation, and a recognized representative of the operators.

Mr. Easley declined to make any statement and the representative of the coal interests was equally uncommunicative.

GOT A NEW LINK.

District Attorney Haymaker Still Working on Chain of Evidence in Varner Murder Case.

For two weeks the efforts of the district attorney's office to unravel the mysterious circumstances surrounding the death of Edna Varner, in Avalon, have proven fruitless of any definite returns. District Attorney John C. Haymaker insists, however, that he and County Detective Robert G. Robinson are still working on the case and expect soon to be able to reach conclusions.

"Yes, something has been done today, but I can't tell you what it is," was Mr. Haymaker's answer when asked if there were any new developments. "Something developed today that, while it will not materially hasten action in the case, is important when related to other details we have learned and others we hope to learn.

"The case is a very mysterious one and one that will not admit of hasty action. It would not be wise to make arrests now, but if evidence can be secured against anyone to prove our belief that the unfortunate girl was murdered we shall not hesitate.

"I have not decided to have the body of the girl exhumed from its grave in Petrolia. It does seem to me that it should be allowed to rest in peace, but the popular clamor for a certainty as to the number of bullet holes found in this child's body may necessitate such extreme measures. From what we have been able to learn there appears to be little doubt but that the Petrolia physicians were mistaken in their statements that three were instead of one bullet wound was found in the body.

"I am not now able to say when any developments of interest to the public may be made, but will say that we have not lost sight of the case and that delayed action is believed to be the best policy."

He Sold Out.

In a neighboring city a well-known piano merchant was ready to retire, and W. F. Frederick of this city, ever alert for a business chance, was promptly on hand with the cash. The result was a transaction involving the sale of a large stock of new (genuine) Chickering, Steinway, Hardman, Kroeger, Behr Bros. and other world-standard and high-grade pianos at 90 cents on the dollar. These are now selling at Frederick's mammoth music store, 633 Smithfield street (near Seventh avenue), at one-fourth and one-third less than regular prices. Mr. George Schroeder says he never knew of such extraordinarily low prices on new pianos.

DANGER LURKS IN CROWDED STREETS

OFFICIAL TELLS OF CARELESS HANDLING OF HIGH EXPLOSIVES.

Councils Will Be Asked to Enact Additional Legislation Governing the Matter—Tons of Dynamite Hauled Through Busy Thoroughfares Daily.

Pittsburgh councils will be asked to provide additional legislation preventing the storing of high explosives within the city limits. Ordinance Officer Robert H. Lindsay is receiving complaints daily from people who are alarmed by the condition of things and who believe that the storing of explosives ought not to be permitted. The only city law bearing on the subject prohibits the storing of more than 30 pounds of gunpowder. There are no regulations regarding dynamite, gasoline and naphtha.

"The condition of affairs," said Ordinance Officer Lindsay, "is almost beyond belief. There are enough explosives stored in the down-town district of Pittsburgh to wipe the town off the map. Councils ought to do something.

"An accident will happen here one of these days that will stir the people to action. There are thousands of opportunities every day for disastrous explosions on the streets of Pittsburgh, and one of these days the expected will happen and a score of people will be killed. Then probably some action will be taken. It is within the power of councils to stop this reckless handling and storing of high explosives, and it ought to be done.

Dynamite in Wagons.

"Loads of dynamite are hauled daily through the streets of Pittsburgh upon wagons, and if the stuff should let go it would wipe half a dozen skyscrapers off the earth. Let one of these wagons be struck by a traction car or let the wagon drop suddenly into a rut and the concussion is likely to set the dynamite off.

"The other day a man called my attention to a wagon passing along Smithfield street. It turned up Fifth avenue toward Grant street. He asked whether I knew what was in the wagon, which was covered with a tarpaulin. I did not, and he told me it was dynamite. I followed the wagon, stopped it, and investigated. Sure enough, there was enough dynamite on that wagon as it turned the corner to Grant street to blow the Frick building and the courthouse miles away. I saw the driver lazily jolt his wagon off the street car track to make way for a street car.

"You go to the railway stations and find half a car of the stuff standing there, subject to accidents. A little mismanagement on the part of a switch crew and there would be a calamity. The fact that there has not been a disastrous accident can be ascribed only to the Providence that watches over a thoughtless people.

Other Danger Points.

"On the South Side there is a firm that has thousands of pounds of this stuff on hand all the time. Over a certain stable on the South Side is a huge gasoline tank. This stable contains at night 15 horses. On Robinson street there is a huge tankhouse of gasoline from which are supplied wagons that peddle the stuff about the city. A careless smoker—and I have seen many such loading about this tank—could easily set the contents of the tank going, and the result would be a catastrophe.

"The police often turn in reports of high explosives stored in dangerous places, and all we can do is to ask the owners to get it to a safer place. We cannot compel them to do so, for we have not the authority.

Have You Secured Your Tickets For

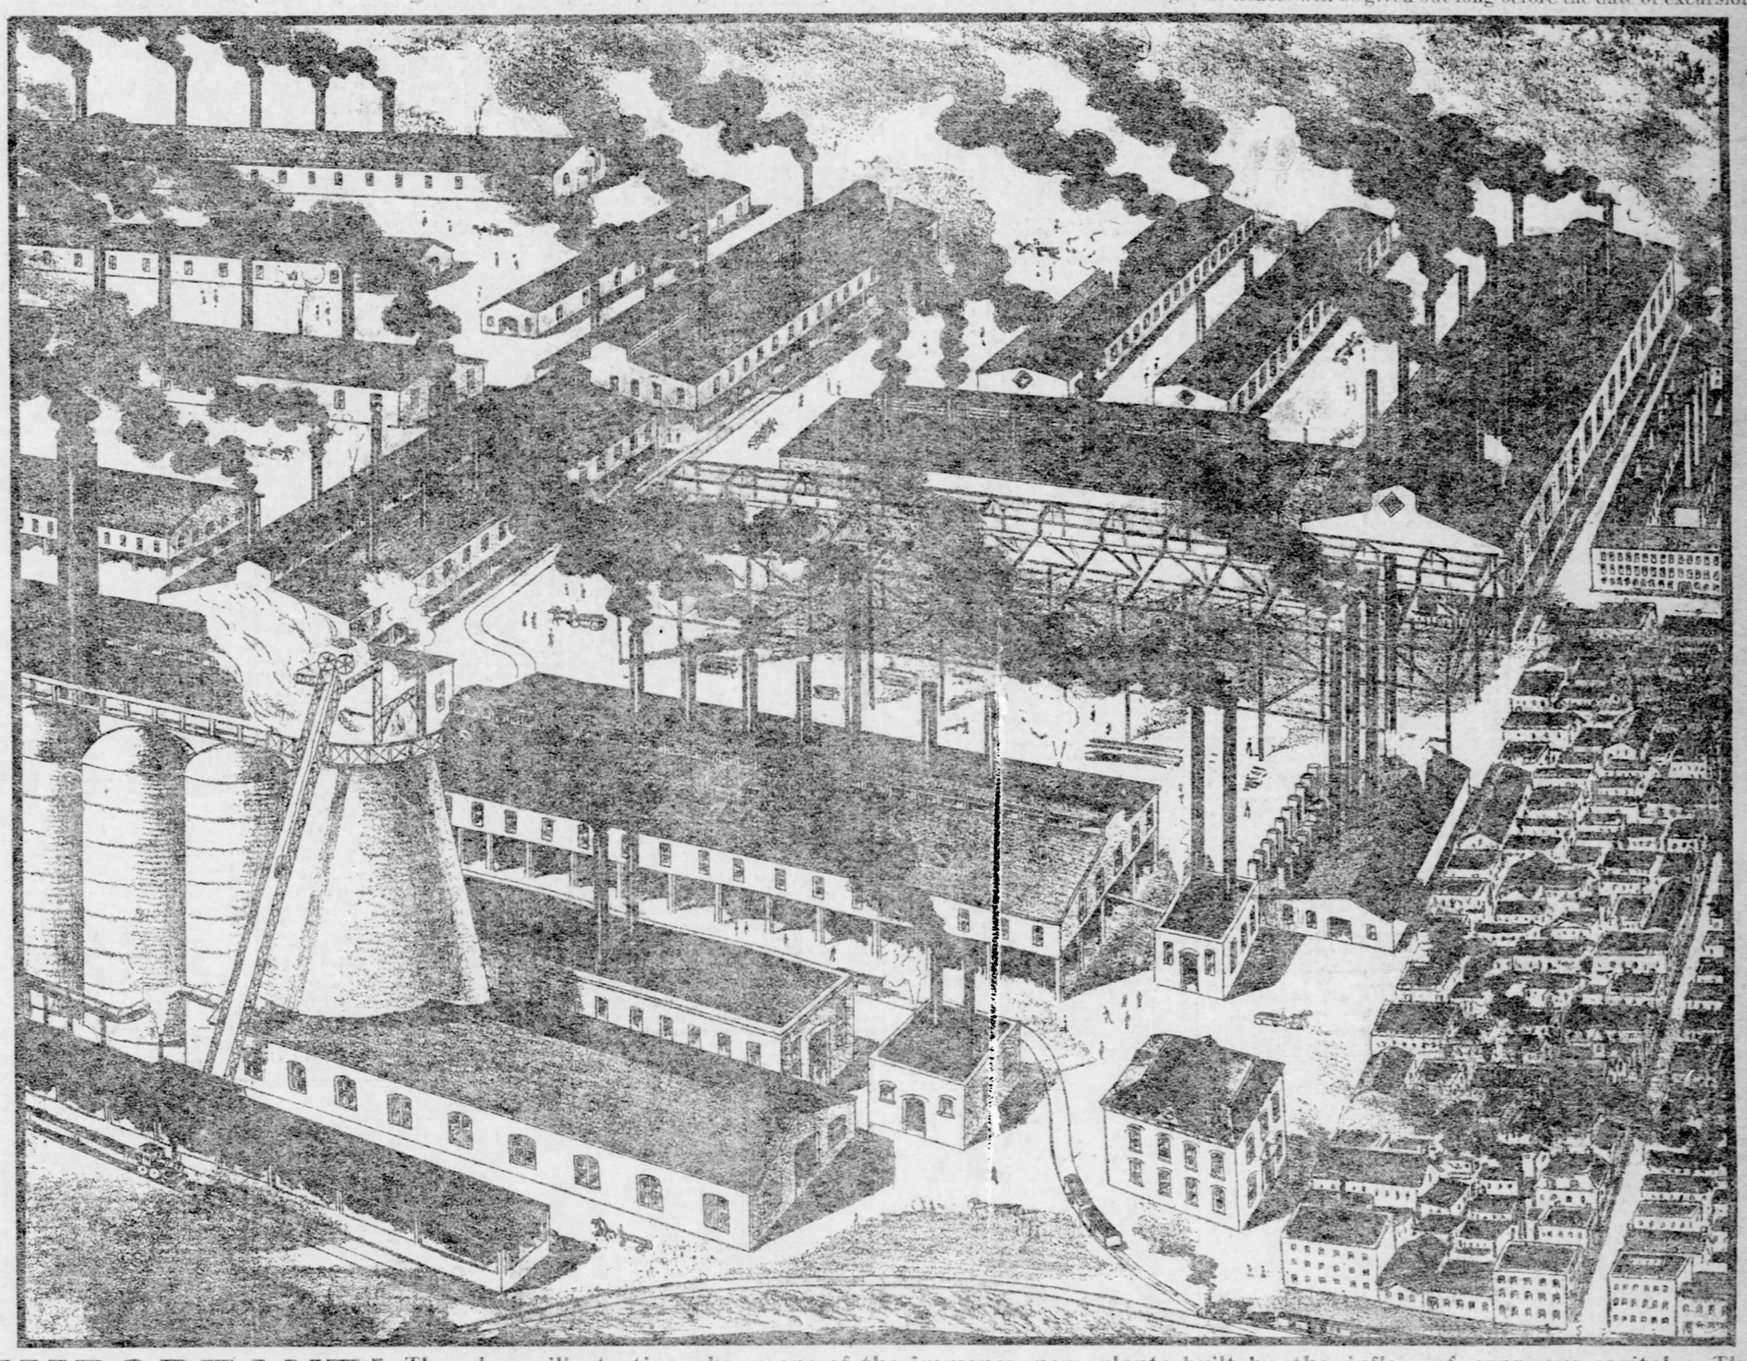
GRAND FREE EXCURSION

TO

Steubenville, Ohio--Saturday, May 24th

Remember, it is important that you call at our office, St. Nicholas Bldg., Corner Fourth Avenue and Grant Street, and speak for these tickets at the earliest possible moment. The excursion both ways to this GREAT OPENING SALE OF LA BELLE VIEW LOTS will be absolutely free. The trip will not cost you one penny. But, if you want to make more money buying real estate than was ever possible before, be sure to take a ten-dollar bill with you. Get in on the ground floor of this opportunity! When the colossal industries just built go into complete operation, lots that you can now buy at $100 to $200, will go to $500, possibly $1,000.

We will ask you again not to forget that this GRAND FREE EXCURSION leaves the Union Depot in Pittsburgh at ten o'clock (City Time) on the Panhandle Railroad. This train will make no stops. It will go through on fast time, with the finest coaches and comfortable seats for everybody. No tickets will be given out after the issue has been exhausted. Accommodations have been provided to carry a limited number of passengers. From present indications it looks as though the tickets will be given out long before the date of excursion.



IMPORTANT! The above illustration shows one of the immense new plants built by the inflow of enormous capital. The untieing of the purse strings which bequeathed these monster industries made Steubenville famous in a week.

TEN THOUSAND MORE WORKMEN WILL BE BROUGHT TO STEUBENVILLE TO LIVE.

The families of these men will want homes and La Belle View is the only desirable spot left in Steubenville on which suitable homes for these families can be built. As a result the building boom at La Belle View is unparalleled in the annals of real estate.

If you do not live in the Great Ohio Valley District where the colossal new plants constituting the La Belle Steel Works and Pope Tinplate Works, and a wonderful wealth of diversified industry is spreading out beyond all anticipated bounds, now's the time to investigate—now before your greatest opportunity to make money flies and what might be your earnings go into other pockets.

Free Excursion Trains will be run from Pittsburgh, Wheeling, East Liverpool and all intermediate points. Tickets will be sent to all people sending for them living on the railroads that will make connections with excursion trains. Get your request in before ticket limit is reached. Sit down and write now. Don't get left.

But now as to the purpose of this great Introductory Sale—It was organized to disseminate the advantages of the property to the greatest number of investors in the shortest possible time, with a view to getting building operations started at once and thus meet the mighty cry for homes now going up from the throats of hundreds and hundreds of the 10,000 additional iron workers, tinplate workers, glass workers, clay workers and coal miners about to invade this field for employment.

As an introductory method lots will be sold in many instances at 20 to 100 per cent below the prices which will rule at the second sale. No argument that mortal man could put forward will speak as forcefully to the investor as this fact, when considered with the actual progress that he will see here with his own eyes.

The Immense New Industries Will Call 10,000 More Workmen to Employment.

Among the names of the great organizations which are erecting new works and adding buildings and improvements are the La Belle Steel Co., Pope Tinplate Co., Ohio Valley Clay Co., National Steel Co., American Steel Hoop Co., Ohio Foundry Co., Steubenville Pottery Co., Steubenville Wall Paper Co., Riverside Blast Furnace Co., Acme Glass Works Co., Hartje Bros. Paper Manufacturers, Jefferson Glass Co., Means Foundry and Machine Co., Robinson & Irwin Machine Co., National Marble Co., and many planing mills.

The National Steel Company will employ about 2,000 men in the billet and rod mills, the Pope Tinplate Works will start with 800 men, and increase to double this number in the next fourteen months; the La Belle Steel Works employ 2,100 men at present at their new open hearth furnaces and at the new tube mills. When completed this industry alone will give employment to 6,000 men.

It is estimated that the army of workmen in Steubenville and vicinity will be increased to 15,000 and that in less than ten years there will be a compact commercial metropolis of more than 50,000 souls, built up solidly with no vacant land intervening.

Lots of the Grand Introductory Sale Will Go At

$50, $75, $100, $125, $150, $175 and $200 on Terms of $5 and $10 Down and $1.00 Per Week.

Some on the boulevard and business street will be sold at prices a little higher, but in no instance at figures as high as the advance which must be made thirty days after date of introductory sale.

Ten per cent discount will be allowed for cash when full amount is paid within sixty days from date of purchase, and in the event of sickness or loss of employment no interest will be charged on deferred payments. Should the death of the purchaser occur, his or her heirs will receive free deed or title to lot without requirement of any further payment, if purchaser has paid one-fourth of purchase price.

It might be well to remember that the lots on the boulevard and many of the streets run from 50x110 to 55x150 and 50x150.

Here is another interesting point: On day of FREE EXCURSION, ten of the finest lots in the plan will be put up separately at auction to be knocked down to the highest bidder, with the understanding that purchasers will agree to commence the erection of a creditable house on each lot before October 1. None of the lots will be offered at this auction contest for a longer period than five minutes, and not more than one lot will be sold to any one person.

Two extra lots will be given also to the purchaser who completes the building of the first house costing $2,000 on any lot that is purchased on day of the introductory sale. Purchasers who build the second, third, fourth and fifth houses will each be given one lot.

La Belle View Will Have Every Modern City Improvement.

LA BELLE VIEW is a part of Steubenville lying in the Third and Fifth wards on a beautiful tableland just above the Panhandle passenger depot. It will inherit every up-to-date convenience that belongs to a progressive municipality whose population is now 15,000 and growing at the rate of 42 per cent.

The Steubenville City Councils have appointed a committee to confer with the owners of La Belle View property for the purpose of accepting a magnificent park fronting a great distance along the Boulevard. This park will be improved with gushing springs of pure water, pleasure resorts, fine grounds, lakes, etc.

Arrangements have been made to pave a portion of the boulevard and the business street. Other extensive city improvements will follow.

There will be city water, natural gas and electric light.

Increase in real estate values due largely to tremendous railroad construction and improved river navigation.

The dam to be built in the Ohio at Brilliant station will give Steubenville a six-foot harbor, and has so encouraged capital to pry into the coal developing possibilities of this locality that thousands of acres of coal land have been bought up and preparations made to erect immense shafts, with railways to carry the outputs of the mines to the river front.

The coal syndicates which have been coming in have discovered that the Steubenville coal is identical in quality with the great gas and coking veins which have made Pittsburgh and Connellsville famous.

$2,000,000 will be expended by these syndicates during the coming summer in this field; and the number of miners employed will be increased from 175 to 600. An authority on coal development says that in less than two years there will be coal shafts enough located between Wheeling and Toronto to employ not less than 2,000 men.

When you stop to realize what an effect this will have in sending up the value of La Belle View property, you will be one of the men who will not wait for the free excursion train to take you to Steubenville.

DUNKARDS MAY INSURE THEIR LIVES; MURDER AND SUICIDE AT NEW BRIGHTON

DUNKARDS MAY INSURE LIVES

Harrisburg Conference Acts on Questions of Church Doctrine.

NECKTIE WEARING DEBATED

[BY ASSOCIATED PRESS TO THE GAZETTE.]

HARRISBURG, PA., May 20.—The actual conference at Paxtang park, where the German Baptist brethren are assembled, began today when the standing committee, which has been framing answers to questions of church doctrine, met in joint session with the members of the district committee for final disposition of the questions.

The decision to which most importance attached is that as to whether brethren may insure their lives. It was decided by the conference that they can do so, provided they do not insure with companies which are in any way connected with secret organizations.

The question as to the right of teachers in church schools and elders in the church to wear neckties called forth a short debate, in which it was brought out that, in spite of former rulings of the conference, many of the brethren have been wearing articles of dress and adornment which are considered improper. The question was returned to the standing committee unanswered, in view of the fact that actions of previous conferences covered the point at issue. A question as to the expediency of assisting poor ministers to get homes in isolated places was also returned unanswered.

Several thousand persons were compelled to stand on the outside of the building to listen to the proceedings. For the benefit of thousands of others who could not even get within hearing distance Elder E. S. Young of Canton, O., this afternoon conducted a large overflow Bible meeting in the open. The conference will close on Thursday.

BRICK COMPANIES COMBINE.

Plants in Clinton and Clearfield Counties Are Absorbed.

LOCK HAVEN, PA., May 20.—Five fire brick companies of this county, located at Farrandsville, Millhall and Monument, will join the combine which has secured a number of fire brick plants in Clinton and Clearfield counties.

The combine is composed of New York and Chicago capitalists and will have a capital of $22,500,000, under the name of the American Refractories Company. A charter will be applied for in New Jersey. The main office will be in Pittsburgh.

Held for Murder.

ROCHESTER, PA., May 20.—(Special.)—County Detective Lazarus this morning lodged a charge of murder against William M. Payne, the young colored man who killed Albert Austin at Crows Run Sunday evening. Justice J. M. Cargo committed Payne to the Beaver jail. Mrs. Louis Woods, at whose boarding house the shooting occurred, will be held as a witness.

Woman Arrested for Larceny.

NEW CASTLE, PA., May 20.—(Special.)—Mrs. Isabella Close of Indiana was arrested last night at the Pennsylvania station charged by Philip Mordock with the larceny of a marriage certificate. Mrs. Close admitted she had taken it and other articles mentioned in the information. She gave back the articles and was permitted to go to Pittsburgh.

A PITTSBURGHER IS GRAND MASTER

The State Convention of Odd Fellows Elects Officers at Erie.

[SPECIAL TELEGRAM TO THE GAZETTE.]

ERIE, PA., May 20.—The second day of the Odd Fellows' state convention brought 5,000 strangers to the city. The grand lodge held its first session in the opera house this afternoon. Addresses of welcome were made by Mayor William Hartwick and County Judge Emery A. Walling. The response was made by Grand Master Wilson K. Mohr. The latter was presented with a gavel made of the wood of Perry's battleship Niagara, which still lies in Erie harbor.

The grand lodge officers elected for the ensuing year are: Master, Samuel A. Steel, Pittsburgh; warden, Robert Graham, Philadelphia; secretary, Joseph H. Mackey, Williamsport; treasurer, Charles Muckle, Philadelphia; representative to supreme lodge, Robert E. Wright, Allentown. The delegates took a lake ride this afternoon and were entertained at a special performance at the opera house this evening.

PROHIBITIONISTS MEET.

Delegates Are Arriving in New Castle for the State Convention.

NEW CASTLE, PA., May 20.—(Special.)—Delegates to the state convention of the Prohibition party are arriving today and several hundred will be present. This evening a conference of the state leaders was held. Ten minute speeches were made by the Rev. Dr. S. C. Swallow of Harrisburg, Lee E. Grumbine, Homer L. Castle of Pittsburgh and others.

Tomorrow morning the congressional and senatorial conferees will arrange their candidates and the state executive committee will arrange for the temporary organization. The convention will be called to order in the afternoon in the Central Presbyterian church.

The address of welcome will be delivered by the Rev. J. Q. A. McDowell, who is the Prohibition candidate for congress in this district against Ernest F. Acheson. There will be a lively fight for the office of temporary chairman. Swallow and Grumbine being candidates.

Gas Company Purchased.

ZANESVILLE, O., May 20.—(Special.)—The Ohio Fuel Supply Company of this city, which was incorporated last week with $2,500,000 capital, has purchased the Great Southern Gas and Oil Company, which supplies this city with natural gas from the Sugar Grove field. It will at once begin the erection of an eight-inch line from the new Licking county gas field to Zanesville. L. W. Graham, general manager of the Great Southern Company, will be succeeded by C. E. Crawford of Pittsburgh.

WAS STUNG TO DEATH BY A SWARM OF BEES

CUMBERLAND, MD., May 20.—(Special.)—William R. Conrad, a farmer near Millidale, W. Va., was stung to death yesterday by bees. He was superintending the hiving of a swarm, when the bees stung him on the temple and neck. His head swelled in 10 minutes.

As soon as he was stung Conrad remarked that the sting would prove fatal, and he died as a glass of whisky was placed to his lips. He was aged 41 and a cousin of W. C. Conrad, multi-millionaire, living at Winchester, W. Va.

KILLED WIFE AND HIMSELF

A Machinist Committed Murder and Suicide Near New Brighton, Pa.

JEALOUSY WAS THE CAUSE

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW BRIGHTON, PA., May 20.—Emil Rutyer, formerly of Cleveland, O., shot and killed his wife this afternoon, and then shot himself through the head, dying instantly.

Rutyer, accompanied by his wife and three children, Julia, aged 20; Fred, aged 12, and Margaret, aged 8, came to New Brighton last Thursday from Cleveland and secured boarding and rooms at the home of Mr. Zeigler on New England hill, Eulaski township.

Mrs. Rutyer had kept a boarding house in Cleveland and it is alleged her husband was jealous of her. However, the couple seemed quiet and well-bred, and the children were neat and attractive. Rutyer was a machinist and left the house daily looking for work, but secured none.

Before leaving the house, about noon today, he called his wife to him, kissed her affectionately several times, and said that he was going down town again to look for work. At 5 o'clock he returned and in answer to his call, Mrs. Rityer went to the parlor, where he said he wanted to have a word with her. Mrs. Rutyer, going into the parlor, closed the door. The couple had only been in the room a few minutes when five shots rang out, followed by piercing screams. The members of the family ran to see what had happened. The couple lay dead on the floor, both shot through the head, the woman three times and the man twice.

Mrs. Rutyer yas 44 years old and her husband 46.

May Contest Election.

CUMBERLAND, MD., May 20.—(Special.)—The city election yesterday may result in a contest. The returns indicate the re-election of Mayor W. C. White, Republican, over W. T. Conleban, Democrat, by 18 votes. In the Sixth ward there were 30 votes thrown out and the two Democratic judges refused to sign the returns and the unofficial returns have been sent to the board of canvassers.

Woman Commits Suicide.

MEADVILLE, PA., May 20.—(Special.)—Mrs. Morris Smith committed suicide at her home, five miles from this city, by taking laudanum. She was 53 years old and leaves a husband and four children.

STATE AND NEIGHBORHOOD.

UNIONTOWN, PA.—Gabriel F. Sisler died at the county home Monday evening. He was in his 101st year.

MONONGAHELA, PA.—Charles W. Brown, a painter, who was injured Monday by a fall from a scaffold, died yesterday.

OIL CITY, PA.—Laborers at the Oil Well Supply Company's new Siverly plant struck yesterday for an increase in wages.

NEW CASTLE, PA.—Zeds White, 18 years old, of Wampum, was drowned yesterday in the Beaver river while swimming. The body has not been found.

SHARON, PA.—Frank Wellman, while driving near Wheatland, discovered a week-old infant wrapped in a blanket lying in the woods. No clue to the parents has been discovered.

AKRON, O.—Twenty-five years in the penitentiary was the sentence Judge Webber imposed on Charles Cooney, the negro who robbed and assaulted Miss Bertha Moore Saturday, near Cuyahoga Falls.

CLEARFIELD, PA.—D. L. Hall of Pittsburgh, employed by the American Bridge Company in constructing a bridge on the New Susquehanna, was fatally crushed while swinging a 60-ton girder into place yesterday.

HOME MISSIONS ARE THE HOPE OF THE NATION

Continued from First Page.

whatever their shortcomings, are doing strong men's work as they bring the light of civilization into the world's dark places. The criticism of those who live softly, remote from the strife, is of little value; but it would be difficult to over-estimate the value of the missionary work of those who go out to share the hardships, and while sharing it, to wage war against the myriad forms of brutality. It is such missionary work which prevents the pioneers from sinking perilously near the level of the savagery against which they contend. Without it the conquest of this continent would have had little but an animal side. Without it the pioneers fierce and rude virtues and somber faults would have been left unlit by the flame of pure and loving aspiration. Without it the life of this country would have been a life of inconceivably hard and barren materialism. Because of it, deep beneath and through the national character there runs that power of firm adherence to a lofty ideal upon which the safety of the nation will ultimately depend. Honor, Christian honor, those who for three generations, during the period of this people's great expansion, have seen that the force of the living truth expanded as the nation expanded. They bore the burden and heat of the day, they toiled obscurely and died unknown, that we might come into a glorious heritage. Let us prove the sincerity of our homage to their faith and their works by the way in which we manfully carry toward completion what under them was so well begun.

Coming up her tonight I made up my mind to speak to you of the manifestations of the spirit of national righteousness, of something that has taken place this day and of something that is to happen within ten days; of the action of this nation which culminated in the creation today and in starting a new republic on its course. That has represented four years' work—blunderings and shortcomings in the work of course; and there were men of little faith who only saw the shortcomings and blunderings—but it represents work triumphantly done. We have the right to feel proud that we have kept every pledge to the letter and established a new national precedent. I don't remember another such case—and I have longed for one with care—a case where as the result of such a war the victorious nation has contented itself by starting a few nation, free, on the difficult path of self-government.

More anarchy and ruin would have been before the island if we had been satisfied with the victories of war and left its people to inherit themselves. For four years our representatives in the island have been preparing the army attacked and I have even heard intimated that the building of great work is to be done in peace or war, it is good to have the army to depend upon. Our representatives worked to build up the school system, to establish sanitary measures to preserve order and to prepare for the starting of industries that the new government might begin with the chances in its favor.

Aid Not Wholly Withdrawn.

Now as a nation we bid it God speed and we intend to see it has all the aid we can give it. I trust and believe our people in the national legislature will see to it shortly that they have the advantage of entering into peculiarly close relations with our economic system.

That is one deed consummated today. Now for the other. Ten days ago an appalling calamity befell another portion of the West indian islands; territory belonging to two different nations—islands not under our flag; but their need was great and this people saw the need and met it as speedily as possible. Congress at once appropriated large sums of money. They were augmented by private gifts. And, gentlemen, I found as usual, the army and navy the instruments through which the work to be done could be done. The minute I wanted men who could drop the work they were engaged upon, assured that neither pestilence nor volcano would make them swerve from their duty, men of incorruptible integrity, I turned to the army and navy and we sent them to the stricken island.

I am sure you all feel proud that ships bearing the American flag should be among the first, I think the very first, to take relief to those overtaken by so appalling a disaster without regard to the flag to which they paid allegiance.

Dr. Van Dyke Replies.

After the cheering which followed the president's address had subsided, a special hymn, written for the occasion by the Rev. Dr. Henry C. McCook of Philadelphia, was sung. The moderator, Dr. Van Dyke, then arose and made an address in response to the president's speech. Dr. VanDyke said in part:

"We are glad and thankful for the protection our church enjoys under the government of which you are the head. We have no particular favors to ask of your government and if we had, we would not receive them, for there is no favoritism in your heart or in your government, except—as we suspect—a sneaking love for the army, in which we hope you include the army of the Lord."

After the speech of the moderator, President Roosevelt remained long enough to listen to the singing of a quartet from Tennessee.

The last speaker of the evening was the Rev. Dr. Charles L. Thompson, secretary of the board of home missions. His address was a plea for the evangelization of the large cities of the countrry.

After President Roosevelt had made addresses at Carnegie hall and at the Central Presbyterian church, he and his party were driven to the University club, and at 11:40 o'clock the president was on his way to Washington.

VITAL NEED WAS MET ACROSS MISSISSIPPI

President Compelled to Address Great Overflow Meeting on Work of Missionaries.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, May 20.—It was necessary to hold an overflow meeting in tonight's centennial home mission celebration and to this hundreds failed to gain admission, the Central Presbyterian church, where the overflow meeting was held, being packed to the limit. The audience did not know that President Roosevelt was to address it until the chairman, the Rev. Dr. George L. Spining, made the announcement, as the president, accompanied by Secretary Cortelyou and the Rev. Dr. VanDyke, stepped on to the platform. President Roosevelt said:

Ladies and Gentlemen, I am glad to have the chance of saying a word to you this evening and I know you will pardon me if it is only a word inasmuch as I did not know of another meeting. The first thing that a nation has to do is to keep in order affairs of its own household. The vital thing to a nation is the spiritual, not the material. I do not for a moment want to undervalue the material. We must have it, we must have thrift and good business enterprise; on the foundation on which we are to build the national superstructure must fall. It's a mighty poor building if you have only the basement.

It's an admirable thing to have wealth if we use it right. Now that sounds like preaching, but it's only an expression of a platitude trusim. We have seen in the past century over this whole continent, and as late as 1864 if you crossed the Mississippi you apparently went into a foreign land.

I do not think we realize how a vital need was met in these days by the men who went out into that part of the land as missionaries and pastors among small struggling communities. The men who went in that way gave by their efforts the spiritual life that was vital to the material, and thus gave up the thrift that has made us the nation we are.

There is a tremendous work looming up before the churches of this country, which the churches must do. The sweep of our industrial development has brought us face to face with problems that have puzzled the people of the old world. The forces for evil in our cities continue to grow and become more menacing to the communities, and if we are to go forward, and not backward, they must be met by the forces of good.

At this point President Roosevelt hesitated and smilingly remarked:

I'm not going to verge upon theology or dogma. We must look to the church for setting the standard in morals and righteousness for the whole land. It must make itself felt through the life work of its members, not merely on Sundays, but on week days, and not only in this building, but in their homes and business. If there is one thing I dislike it is the expression "business is business," especially when it verges on rascality.

President Roosevelt immediately left the church after shaking hands with several clergymen on the platform.

LIFE OF THE REPUBLIC DEPENDS ON MISSIONS

Dr. Holmes of Pittsburgh Makes a Strong Appeal to the General Assembly for Money.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, May 20.—Shortly after the Presbyterian general assembly opened for today's session, Rev. Dr. Richard S. Holmes of Pittsburgh, chairman of the standing committee on home missions, read his report, concluding with a resolution that the general assembly indorse the policy of the board which contemplates the extension of the work already begun in Cuba and Porto Rico.

The committee recommended that each church, wherever possible, undertake the support of at least one home missionary. A further recommendation was made to the effect that the Sabbath schools be requested to take up a special collection for the work of the woman's home missionary board, if possible, on the Sabbath nearest Thanksgiving day, 1902.

Dr. Holmes made an address in support of the recommendation. He said this centennial year was a critical year, an epoch in the history of the Presbyterian home missions.

"The very life of this republic," he said, "is at stake. Not only in peril, but actually at stake."

Dr. Holmes said a great danger came from the foreign immigration. He declared that the immigrants were mostly ignorant, out of sympathy with evangelical Christianity and utterly at a loss to understand the first idea of civil liberty.

"They hate authority—for they believe authority here means what it means in their own lands, oppression," he exclaimed. "These dangers that threaten us are, communalism, socialism and anarchism."

Rev. John D. Dixon, D. D., assistant secretary of the board of home missions, also spoke on the report. He said the great need of the home missions was the extension of it to keep up the work of the white people in new territories.

A resolution was adopted, referring back to the board of education the appeal of William T. Ellis, former editor of a Sabbath school organ. Mr. Ellis some time ago, against the wishes of the board of education, read a paper before a gathering of Presbyterian ministers entitled, "Are Our Sunday Schools Decadent?" Mr. Ellis was reprimanded, resigned and appealed his case to the general assembly. The action today in effect upholds the board of education.

WOMEN REPORT PROGRESS.

Only Five Synods Fail to Make Big Gains in Mission Work.

NEW YORK, May 20.—The Presbyterian Woman's Board of Home Missions held a meeting today and re-elected the old officers. The meeting opened with the reading of the annual report of the secretary, Mrs. John F. Pingry of Elizabeth, N. J. She said 23 out of the 29 synods throughout the United States made advances during the past year.

Thirteen of these made remarkable records in financial prosperity, passing the collections of any preceding year in their history. Only five of the synods showed a falling off in financial work.

ALARMED THE DETECTIVES.

Inconsiderate Young Man Threw Fit on President's Train.

BALTIMORE, May 20.—Soon after the train having on board President Roosevelt en route to New York left Washington a sensation was created in the car ahead of the president's coach by a well-dressed young man about 30 years of age, suddenly leaping from his seat. He gave a yell and then fell in a fit.

His actions startled the occupants of the car, among whom was Senator Pritchard. Several secret service men were at hand, but they soon became satisfied that the man was harmless.

A Noted Knight Templar, Owes His Health to Peruna.

Colonel T. P. Moody, of Chicago, Had Catarrh Twenty-five Years and Was Cured by Peruna.

Colonel T. P. Moody, a prominent Knight Templar, is well known in every city in the United States west of Buffalo, N. Y., as a Jewelers' Auctioneer. In the city of Chicago as a prominent lodge man, being a member of the K. T.'s and also of the Masons. The cut shows Colonel Moody in the costume of the Oriental Consistory Masons, 32nd degree.

In a recent letter, from 5000 Michigan avenue, Chicago, Ill., Mr. Moody says the following:

"For over twenty-five years I suffered from catarrh, and for over ten years I suffered from catarrh of the stomach terribly.

"I have taken all kinds of medicines and have been treated by all kinds of doctors, as thousands of my acquaintances are aware in different parts of the United States, where I have traveled, but my relief was only temporary, until a little over a year ago I started to take Peruna, and at the present time I am better than I have been for twenty years.

"The soreness has left my stomach entirely and I am free from indigestion and dyspepsia and will say to all who are troubled with catarrh or stomach trouble of any kind, don't put it off and suffer, but begin to take Peruna right away, and keep it up until you are cured, as you surely will be if you persevere.

"My wife, as many in the southwest can say, was troubled with a bad cough and bronchial trouble, and doctors all over the country gave her up to die, as they could do nothing more for her. She began taking Peruna with the result that she is better now than she has been in years, and her cough has almost left her entirely. The soreness has left her lungs and she is as well as she ever was in her life, with thanks, as she says, to Peruna. Yours very truly,

"T. P. Moody."

Catarrh in its various forms is rapidly becoming a general curse. An undoubted remedy has been discovered by Dr. Hartman. This remedy has been thoroughly tested during the past forty years. Prominent men have come to know of its virtues, and are making public utterances on the subject. To save the country we must save the people. To save the people we must protect them from disease. The disease that is at once the most prevalent and stubborn of cure is catarrh.

If one were to make a list of the different names that have been applied to catarrh in different locations and organs, the result would be astonishing. We have often published a partial list of these names, and the surprise caused by the first publication of it to all people, both professional and non-professional, was amusing. And yet we have never enumerated all of the diseases which are classed as catarrh. It must be confessed, however, to see even this partial list drawn up in battle array is rather appalling. If the reader desires to see this list, together with a short exposition of each one, send for our free catarrh book. Address The Peruna Medicine Co., Columbus, Ohio.

RESERVOIR BREAK CAUSES A FLOOD

MUCH PROPERTY DAMAGED BY WATER NEAR CONNELLSVILLE.

The Breakneck Dam, Owned by a Pittsburgh Company, Gives Way Under a Cloudburst—Live Stock Drowned, Farms Flooded, Bridges Washed Away.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CONNELLSVILLE, PA., May 20.—The bursting of the big Breakneck reservoir at the head of the Whites Run valley, four miles up the mountain from here, did much damage to a large farming area at 1 o'clock this morning. The loss is estimated at about $200,000. Much stock was killed, farms were flooded, bridges washed away and railroads damaged, but so far as has been reported none of the residents suffered serious injury or loss of life.

Thrilling escapes were numerous. one farmer, John Sands, rescuing his wife and children on a horse. Three houses and a store just below the reservoir were washed down the valley for a considerable distance. People rode on the roofs of their houses to places of safety.

The breaking of the reservoir was caused by two successive cloudbursts that occurred at midnight, accompanied by a heavy thunder shower. The mountain streams became swollen and the pressure was too great for the dam. The torrent followed Whites run to Moyer, where it flows into Mountz creek. This stream empties into the Youghiogheny river on the north side here.

At Moyer more than a mile of track of the Pittsburgh, McKeesport & Connellsville railway was undermined. Five county bridges were washed out. Two big bridges on the main line of the Southwest Pennsylvania railroad were washed out, and trains were running today over the Baltimore & Ohio system from Everson to Wheeler. Dead cows, horses and hogs strew the valleys. The crops on the farms of David Lontz, William Bettle and Sherrick Wilson in Whites Run valley are ruined.

"Dutch Bottom," a low lying district on the north side of here, was nearly washed away.

Officials of the Connellsville Water Company came from Pittsburgh today and are going over the flooded district trying to make an estimate of the damage. Burning coke ovens owned by the Rainey company at Moyer were flooded.

The company's statement follows:

"The reservoir was the property of the American Water Works and Guarantee Company of Pittsburgh. The reservoir was used as a cushion for the pressure of the water supply of Connellsville and the nearby territory and its bursting will in no way affect the water supply of that vicinity, as it was only a branch of the main reservoir farther up in the mountains. The reservoir was about 240 feet square and 25 feet high. At one end was a dam, and it was through the washing away of about 100 feet of this that the water was allowed to flow out.

"The reservoir has a capacity of from 12,000,000 to 13,000,000 gallons when filled. On Monday evening, however, there was but 22 feet of water in it and the breaking of the dam reduced this to 12 feet. The damage will amount to several thousand dollars and will be speedily repaired. Considerable of the track of the southwest division of the Pennsylvania railroad was washed out and much of it will have to be reballasted. Early reports which stated that much of the track of the Pittsburgh, McKeesport & Connellsville railway had been washed out were exaggerated. The ballast was washed from under about 300 feet near what is known as the stone bridge, but the track was not broken. Slight washouts occurred in several other places because of swollen streams and some fences were carried away, but otherwise the damage will be slight."

THIEL COLLEGE AFIRE.

Memorial Hall Certain of Total Destruction—Loss Very Heavy, Fire Probably Incendiary.

GREENVILLE, PA., May 21.—(Special.)—Memorial hall, containing the recitation rooms and society halls of Thiel college, is burning. The north wall has already fallen in and the total destruction of the building is assured.

The flames were discovered in the main hallway shortly after midnight. The loss will amount to many thousand dollars. The exact amount cannot be estimated at this time.

The fire is thought to be of incendiary origin.

W. T. BRADBERRY NAMES CITIZENS' COMMITTEEMEN

The Eight Members Who Will Represent Allegheny City Announced.

ARE GIVEN MUCH POWER

Arrangements Being Made for a Big Mass-Meeting on the Northside Friday Night—R. B. Ward May Be a Candidate for Assemblyman.

The Allegheny members of the Citizens party county committee have been named by W. T. Bradberry, chairman of the North Side organization. These committeemen will have full power to select the candidates for the legislature in their districts and will have a voice in the naming of all other candidates to be voted for this fall.

Each legislative district will have two members on the county committee for each assemblyman. As there are four members of the house from Allegheny, there will be eight committeemen. The following are the men named by Chairman Bradberry:

First legislative district—E. L. Braun, C. B. Mendel, Joseph Gilchrist, William Manning.

Second district.—Dr. S. S. Woodburn, Thomas McHenry, John H. Trimble, David B. Oliver.

There will be a Citizens party mass meeting in Kenyon's hall on Friday night. Chairman Bradberry said yesterday that George W. Guthrie and Charles S. Crawford would be two of the speakers. At this gathering the members of the finance committee will be announced. He says that ward and precinct meetings have been held all over Allegheny and the Citizens party organization is about perfected.

The six other legislative districts in the county have not yet announced their members of the county committee. The body will be complete by the first of June, but nothing definite will be done in the way of selecting candidates until after the state convention.

In the Third legislative district several men are willing to go on the Citizens assembly ticket. It is said that R. B. Ward of the Thirteenth ward, has been offered one of the places.

ELKIN TO STUMP TIOGA.

Attorney General Accepts an Invitation to Make Speeches in That County.

HARRISBURG, PA., May 20.—Attorney General Elkin stated tonight that he had accepted an invitation, signed by 88 Republicans of Tioga county, to visit there before the Republican primaries on May 31 for the election of delegates to the state convention and speak on the issues of the campaign for governor.

The name of Judge Pennypacker of Philadelphia will be submitted along with that of Mr. Elkin to the popular vote. Elkinstates in his acceptance of the invitation that he believes in giving the people the fullest opportunity to decide between candidates for public office and would be pleased if a joint discussion could be arranged "with the other candidates."

DELEGATES ARE DIVIDED.

One Dauphin Conty Man to Vote in State Convention for Quay's Candidate.

HARRISBURG, PA., May 20.—S. A. Reem, J. H. Stroup, George S. Keen and J. G. Diffenderfer were elected by acclamation as state delegates from the Second Dauphin county district today by the Republican county convention. The first three delegates have signed a written pledge to vote for Attorney General Elkin for governor and the fourth will be controlled by the wishes of Senator Quay.

Mr. Elkin was called before the county convention and made a short speech, in which he said he was a candidate, and that he was confident of his nomination.

BED OF IRON ORE AT TURTLE CREEK

Chemists Say That a Vein 27 Feet Thick Contains 90 Per Cent of Iron.

A bed of iron ore said to be 27 feet thick and 90 per cent pure iron has been discovered within 10 miles of Pittsburgh.

The ore is in a farm of seven acres in Turtle Creek, owned by H. G. K. Kline of Greensburg. W. G. Lewis discovered the ore. He had been hired by Mr. Kline to put down a well on the property.

When the drill reached about 100 feet it apparently stopped. Days were consumed in pulling up the drill and sharpening it only to have it dulled in an hour. The drillers knew they had struck something valuable and carefully saved the "sand" for Mr. Kline. He had the material analyzed and was surprised to receive the report that it contains 90 per cent iron.

Several times an analysis was made of the "sand" and always with the same result. The drill was kept pounding away and after two weeks was through the ore, which was 27 feet thick.

Mr. Kline says that no lots are now for sale.

The Question of Infant Salvation.

JACKSON, MISS., May 20.—In the general Assembly of the Presbyterian church South today the overtures committee reported eleven overtures on infant salvation, demanding a positive statement as to the certainty of salvation of all dying in infancy, and calling for a declaration which will clear the church of a false charge that it holds that some infants may be lost.

Van Kirk Boy Missing—A. W. Henry of Van Kirk last evening asked the aid of the police to find his son, Banks Henry, aged 10, who ran away from home on Monday with Charles Cookham. The boys said they were coming to Pittsburgh to secure work in a barber shop.

New Smallpox Case — Eugene Knapp, aged 17, late last evening applied for admission at the St. Francis hospital. He was suffering with smallpox and was isolated until the bureau of health was notified. He came to Pittsburgh from Reserve township.

Fined for Assault—John and Michael Paisik were fined $25 each yesterday for assaulting Officer John Christy, who was attempting to quell a disturbance at a wedding at No. 6 Flannery's court the night before. Three other Slavs were fined $10 each for their part in the affair.

Dog Was the Thief—For some time papers have been disappearing in Etna, but the thief could not be found. Yesterday a little dog was seen with a paper in his mouth going into a vacant house. In the house were found about 50 papers supposed to have been carried there by the dog.

Charged With Embezzlement—Joseph Kniff, a collector for James L. De Long, a wholesale liquor dealer on Second avenue, was arrested yesterday and committed to jail by Alderman James V. McMasters on a charge of embezzlement. It is alleged that Kniff is $125 short in his accounts.

Accused By His Wife—Alderman John Groetzinger committed Calvin C. Sanders to jail yesterday on a charge of assault and battery made by his wife, Mrs. Lillian Sanders of No. 109 Cleveland avenue, Avalon. She claims her husband knocked her down and choked her on several occasions.

Deaths of a Week—There were 148 deaths in the city last week, the principal causes being typhoid fever 14, scarlet fever 4, measles 15, pneumonia 13, consumption 14, and violence 25. During the week there were reported 68 cases of typhoid fever, 24 of scarlet fever, 7 of diphtheria and 9 of smallpox.

Lecture on Palestine—An illustrated lecture will be delivered at the Second Presbyterian church this evening by the Rev. Dr. S. Edward Young on his recent trip on horseback through Palestine. Many of the views are photographs taken on the spot by Mrs. Young and transferred to lantern slides.

Severely Hurt in Falling—William E. Simpson, aged 36 years, of Bakerstown, Pa., was severely injured yesterday afternoon while tearing down an old oil derrick near Etna borough. In falling he broke his right leg above the knee and both bones in his right forearm. He was also severely injured about the head.

Must Leave the Country—The Allegheny department of charities yesterday sent to the City home Davor Madur, an Austrian, aged 19 years, who is demented. It is claimed that he was demented at the time of his arrival in this country. He will be deported at the expense of the steamship company which brought him over.

Knew His Assailant—Policeman Edward Westcott, one of the officers wounded in the fight with the men who blew the safe in Bub & Pressler's store in Crafton April 30, yesterday identified Joseph Sullivan, one of the prisoners confined in the county jail, as one of the men with whom he fought after discovering them robbing the store.

Inquest Was Continued—The inquest into the death of Ida Ingelhart, who was drowned on April 19 by the bursting of a water main in Sterrett township, was commenced yesterday, but had to be continued until June 24 because the father of the girl is not yet able to be up and a sister of the girl is still in a precarious condition. Three witnesses were heard.

Bigelow Sees Larkin—Among the callers on Controller J. S. Larkin yesterday was E. M. Bigelow, former director of public works. The controller said he sent for Mr. Bigelow to talk to him about the pending suit of the Mercantile Trust Company, as he desired to be armed when he went into court, and thought Mr. Bigelow could give him some information.

Damage by Lightning—During a violent electrical storm early yesterday the Oakmont electric light plant was struck, doing more than $1,000 worth of damage. As a result the streets of Oakmont and Verona will be in darkness for several days. Jeffrey Simington, the only man in the building at the time it was struck, was thrown violently against a belt, but was only slightly injured.

Crucible Direstors Meet—The directors of the Crucible Steel Company of America met yesterday, but aside from receiving advice from attorneys, said to be in relation to the new issue of $5,000,000 of bonds in the name of the new subsidiary interest, the Clairton Steel Company, did nothing. The Clairton company will name its full list of officers at a meeting early next month.

Iron Workers Withdraw—The structural iron workers' organization in the Pittsburgh district has withdrawn its affiliation from the Building Trades council. The structural workers form the strongest building trade in the Pittsburgh district, outside of the bricklayers and carpenters, and neither of these are in the council. The reason for the structural workers withdrawing is said by their leaders to be general dissatisfaction.

Valuable Pin Missing—City detectives are trying to solve the mystery of the disappearance from Newell's hotel last evening of a diamond pin valued at $140. The pin was the property of W. H. Deford of No. 1314 Hazel street, an employe of the hotel. The pin had been placed in his locker in the hotel and when he searched for it about midnight it was gone, although the locker was not disturbed. The pin had a center of blue stones surrounded by diamonds.

Told Two Stories—Frank Martin is in the Homeopathic hospital with a bullet in his leg. Ellen Willis and Louis Michaels are in the workhouse for 30 days. When Martin leaves the hospital he will charge them with shooting him. The trouble was in a house in Bluff street. All were drinking. When the officer arrived Martin was lying drunk in the back yard. The other two were in the same condition in the house. Martin said at the hospital that he shot himself.

Arrest Unexpected—Constable O. F. Woodfill of Donora came to Pittsburgh yesterday looking for a witness in a divorce case. While walking alon gthird avenue last evening he saw J. J. Haney, who is wanted in Washington county on charges of false pretense preferred by M. L. Compton. Haney was intoxicated and readily consented to accompany the officer to Central police station, whence he was taken to the county jail. He will be taken back to Washington county today.

Stage Director Huffman has been occupied for the past two months with the details attendant upon the scenery and costumes. The author of the play, J. I. C. Clarke, will be here for the opening performance.

Mr. Schwab Paid the Last Debt—The Braddock Congregational church will be dedicated next Sunday. $1,500 recently given by Charles M. Schwab having paid the last of the debts. The building is of brick, 57x110 feet, and has cost nearly $50,000. It has been about 10 years in building. The congregation is small, there have been frequent changes in pastors and one serious split in the congregation. The present pastor, the Rev. Thomas W. Slade, took charge two months ago. He came from Waldoboro, Me., and has not yet been installed.

Threatened His Sweetheart—John Huandy, aged 20 years, is in jail charged with surety of the peace, a victim of his love for 14-year-old Annie Dowak. Huandy works in the Westinghouse electrical works. Kate Dowak is a near neighbor. Huandy fell in love with his neighbor's daughter and proposed marriage, but his suit was objected to by Mrs. Dowak, who pleaded her child's youth. Yesterday Huandy is alleged to have purchased a revolver. Going to the Dowak home he threatened to shoot his child sweetheart and end his own life. He was arrested, given a hearing before Justice Mulhooly of East Pittsburgh and committed to jail for a court trial.

"NO FRILLS"
Just Sensible Food Cured Him.
Sometimes a good, healthy commercial traveler suffers from poorly selected food and is lucky if he knows that Grape-Nuts Breakfast Food will put him right.
A Cincinnati traveler, John N. Case, Jr., says: "About a year ago my stomach got in a bad way. I had a headache most of the time and suffered misery. For several months I ran down until I lost about 70 pounds in weight and finally had to give up a good position and go home. Any food that I might use seemed to nauseate me.
"My wife hardly knew what to do until one day she brought home a package of Grape-Nuts and coaxed me to try them. I told her it was no use, but finally, to humor her, I tried a little, and they just struck my taste. It was the first food that I had eaten in nearly a year that did not cause any suffering.
"Well, to make a long story short, I began to improve and stuck to Grape-Nuts. I went up from 135 pounds on December 24, 1900, to 194 pounds on October 5, 1901.
"My brain is clear, blood all right, and appetite too much for any man's pocketbook. In fact, I am thoroughly made over, and owe it all to Grape-Nuts. I talk so much about what Grape-Nuts will do that some of the men on the road have nick-named me 'Grape-Nuts,' but I stand today a healthy, rosy-cheeked man, a pretty good example of what the right kind of food will do.
"You can publish this if you want to. It is a true statement without any frills."

B. & B.
sale of smart shirt waists
—made of White Madras scarcest wanted cotton of the season at prices as though fine, pretty White Madras for waists was plenty as Calico.
A further demonstration that it pays you to keep in touch with the store that gets on the right side of the market.
Four different styles new White Madras Waists at four prices
$1.00, $1.50, $3.00 and $3.25.
Neat corded striped White Madras Waists—full front, tucked back, turnover collar, pointed cuffs—$1.00.
Fancy weave White Madras Waists, with full front, French back, self stock and tie, $1.50.

Altogether 500 dozens—six thousand fresh, new Waists in the lot—latest produced by the best shirt waist makers in the business.
Early fashion news heralded the greatest White season ever known. But popular fancy did more—accepted the cool, refreshing nicety of White Goods with such enthusiasm, White Goods stocks were almost depleted, and mills were, and are yet, almost at their wits' end to fill the demand—for White Madras especially, the most wanted goods for waists.
Hence peculiar, particular concern of this sale—and besides all that, you never saw as nice, chic, up-to-date, skillfully fashioned Waists sold so low. It's a wise time to get your summer supply.
New showing, also, of fine Fisk, Clark & Flagg silk finish damask figured White Madras Waists—strictly high class, $3.50.
Fine new White Lawn Waists—tucked, embroidered, lace and embroidery insertioned—more exquisite things and a greater variety than yet shown—$2.50, $3.00, $3.50, $5.00 on up to the handsome hand-made ones, $10.00 and $12.50.
Then this pretty White Lawn Waist for $1.00—8 rows embroidery insertion in front—clusters of tucks between the inserting—tucked back, collar and cuffs—a Waist right in it for niceness and dainty effect alongside of what costs much more money.
Sale begins this morning. Every Waist fresh, new, clean and up to the minute in style—prices you're to get that kind for will stir up a pocketbook interest such as never before equaled.

Hudnut's Perfumes and Toilet Preparations have only been on sale at Toilet Articles Dept. a short time, but long enough to show how well their superiority is appreciated. We carry a full, complete line.

Lisle finish Cotton Vests with lace or open stripe yoke or low neck short sleeves, 25c.
Rib'd or plain Gauze Vests, high neck long or short sleeves, 25c.
Umbrella shaped knit Drawers, 25c.
Exceptionally nice line Ladies' light weight Merino and All Wool Underwear.

fine curtain swiss, 12½c
—nicest thing ever sold for the money—you'll say so when you see the goods—what nice, fine, clean, neat dotted and striped goods it is.
Probably no store that has its equal would sell it under 18c.
This Sale price—12½c—2 cases—80 webs—30 inches wide—no less by the web.

children's muslinwear
Wish you'd see the two special styles Children's White Cambric Petticoats, lace trimmed, 65c and $1.00—and judge by prettiness and value of your very special opportunity.
Two unusually good styles Children's White Night Gowns, 35c and 50c.
It's remarked about more often than we can keep account of, what a complete assortment of Children's Muslinwear here, and how carefully we've planned for the business on merit.
Night Gowns, Petticoats, Drawers, Waists, Guimpes, Flannel Skirts, Corset Covers.
Fine line of Misses' White Petticoats, 75c to $4.50.
Lot of Children's White Aprons—50c to Dollar Kinds, a bit mussed and soiled—35c each.

made-up cottons at $10.00
—the styles and variety people get to see here at that—are a conspicuous part of the widespread approval we've already secured.
A dozen different styles new Shirt Waist Suits and handsome Gowns—all at Ten Dollars. Fine Lawns, Dimities, Batistes, plain colored and natural Linens and Mercerized Cottons. Every one of them swell original fashions that leave the ordinary far out of sight.
It's a point in your interest to note this great collection of handsome styles at $10.00—look all through the whole variety, if you please, $2.50 to $25.00—then you'll know what to think about this store's having the choicest and best—and your opinion will be one that does the store credit.

summer capes
So many people want an appropriate lightweight wrap for occasional use all summer, that we've taken it upon ourselves to provide a most extensive variety.
Tailored Tan Cloth Capes, with stitched taffeta edge, $5.00.
Tan, Castor, Mode, Red, Blue or Black summer weight Kersey Capes, $6.50.
Other smartly tailored Cloth Capes, $7.50, $10.00 to $16.50.
Dainty dressy Black Silk Shoulder Capes—$5.00.
More elaborately trim'd styles—lace, jet and ribbon, $6.50.
Three different styles new 27-inch Black Silk Capes at $10.00.
The showing of Black Lace and Net Capes, $12.00, $15.00, $18.00 and $20.00, is more than enough to show we've had a keen outlook for the real handsome effects.
New pleated Black or White Chiffon Capes, $5.00, $10.00, $12.50, $15.00 to $25.00—the higher cost ones the more elaborate of course—though the $5.00 ones look elegant to be the least priced of all.

This Great State of Ours.

The census bulletin relating to the state of Pennsylvania gives facts of a most gratifying nature. The Keystone state ranks still, as it always has ranked, first in the iron and steel interests of the United States. Always very large, the output of products in this line reached a valuation of almost half a billion dollars in 1900, showing in ten years the remarkable increase of 64 per cent. Many readers will be surprised to learn that Pennsylvania is first in the carpet industry, producing 48 per cent of the total output of the nation. Pennsylvania is also first in car construction and in general shopwork for steam railways, and it leads all the other states in iron and steel shipbuilding.

Among the impressive statistics contained in the census bulletin are these: There are 52,000 manufacturing and mechanical establishments, in which capital amounting to $1,500,000,000 is invested, producing an output approximating two billion dollars in value, and calling for the annual distribution, in salaries and wages, of $380,000,000. Pennsylvania is truly an imperial commonwealth in her resources and in the enterprise of her people.

Vagaries of the Weather.

The vagaries of the weather are proverbially not understandable. The wind bloweth where it listeth. The rain falleth upon the just and upon the unjust. Yet it is not often the world is treated to so many queer meteorological pranks as this year. Yesterday news came over the cables that ripening wheat in Switzerland was covered with snow—an almost unprecedented phenomenon. Our own climate has been marked by more sudden and violent changes than usual. During the past three days there have been tornadoes, waterspouts, hurricanes and cloudbursts, from Manitoba to Texas, which have caused loss of life and damage to property. The thermometer is in the nineties here, and there is a blizzard in the northwest.

It is not improbable there may be some connection between the remarkable weather and the seismic disturbances that have occurred at many places. Not necessarily that the weather has any influence upon volcanoes, or that the latter have any effect upon the weather, but more likely that some great cause governs both. Deeply as science has delved into the mysteries of nature, it knows little about the causes of low or high barometer, of heat waves, cold waves, earthquakes and volcanic eruptions. Changes in atmospheric pressures are vaguely ascribed to "electrical conditions." At least, some scientific students assign the same cause for seismic disturbances, but no one attempts to define the exact "electrical conditions" or what, in turn, produces them. Every coal mine superintendent knows his workings are more dangerous when the barometer is falling or is down, but he is not able to tell all the reasons why. Man is a curious animal, however, always inquiring, or looking for reasons, and he may yet learn about these things—may find the source of the "electrical conditions" which cause vagaries of the weather and other kinds of trouble.

The Case of Datto Ruty.

The dattos of Mindanao seem to have reached the conclusion that the forces which have compelled the surrender of the Filipino insurgents are too strong to resist. Gen. Chaffee has had heart-to-heart talks with quite a number of the dattos and sultans, and they assure him that they entertain the profoundest respect for the United States. There is one misguided datto, however, Ruty by name, who is not convinced. He did not see Chaffee, who might have been able to convince him, for Chaffee did not get into Ruty's bailiwick. Gen. Davis is there, however, and Ruty tells Davis he is ready to fight, but Davis is not going to permit any fighting if he can help it. He will cut off Ruty's water supply and when the datto gets thirsty he will come down from his kopje and extend the glad hand of an amigo. It is hoped that this reverse application of the water cure will please the aunties, even if it disappoints Datto Ruty's expectation of annihilating Davis' forces in a fight.

Our Relations With Cuba Libre.

At noon yesterday Gen. Wood resigned the government of Cuba to its first president. Then with his own hands he lowered the American flag that had floated over the palace, and, assisted by Gen. Gomez, raised the flag of Cuba in its place. Immediately after the American troops, except eight batteries of artillery, embarked for the United States. They were quickly followed by Gen. Wood and his staff.

A new nation had been born and the pledge of the American republic had been redeemed.

It was on April 19, 1898, that the congress of the United States declared "that the people of the island of Cuba are, and of right ought to be free and independent." Cuba was freed from Spain by American arms in pursuance of this declaration. Its freedom was accomplished under this pledge, formally and solemnly made:

The United States hereby disclaims any disposition or intention to exercise sovereignty, jurisdiction or control over said island, except for the pacification thereof, and asserts its determination when that is completed to leave the government and control of the island to its people.

Pacification was completed, and, more than that, the island was cleansed and rehabilitated. The wounds of war and revolution are healed, life and property are secure and disease is stamped out. The rest is with Cuba. In leaving her to herself this compact with the United States known as "the Platt amendment," passed by the congress of the United States and accepted by the constitutional convention of Cuba, became effective:

First—That the government of Cuba shall enter into no treaty or compact with any foreign power calculated to impair the independence of the island, nor shall it authorize any foreign power to obtain in any way lodgment in or control over any portion of it.

Second—That no public debt shall be contracted for the payment of which, after defraying the current expenses of government, the ordinary revenues of the island shall be inadequate.

Third—That the government of Cuba consents to the intervention of the United States for the preservation of Cuban independence, the maintenance of a government adequate for the protection of life, property and individual liberty, and the discharge of the obligations imposed by the treaty of Paris on the United States.

Fourth—That the acts of the United States in Cuba during its military occupation shall be ratified and validated, and all lawful rights acquired thereunder shall be maintained and respected.

Fifth—That the government of Cuba shall execute and extend the plans already devised or other plans to be subsequently agreed upon, for the sanitation of the cities of the island.

Sixth—That the title to the Isle of Pines shall be left to future adjustment by treaty.

Seventh—That the government of Cuba shall add, or lease to the government of the United States lands necessary for coaling or naval stations.

It will thus be seen that by mutual consent obligations are imposed on Cuba, and duties and obligations are imposed on the United States. By agreement the relations between this nation and the new republic are closer than usually obtain between nations. This, however, is a necessary consequence of the relations that have existed. Cuba continues under the fostering care of the United States, though with all the rights and attributes of a free and independent nation. We are sponsor for her to the world and guardian of her rights and sovereignty. It is fitting that in harmony with this we should assume a measure of responsibility for her future prosperity by a grant of the reciprocal relations for which we are asked.

Political Fiction.

As a work of the imagination a piece of political fiction printed on Monday by the Philadelphia North American was as interesting as any of the bargain-counter allurements ever put in literary form by a ready writer for the publication that exploited it. As a statement of fact, which it was intended it should appear to be, it fell flat. Otherwise it was quite a success. It represented Senator Quay as desiring to pass his senatorship over to one of his sons through election by the legislature, if possible, but, failing a compliant legislature, by gubernatorial appointment after adjournment of the legislature. For that reason, wrote the romancer, Quay turned from Elkin, the fidus Achates of Stone, to Pennypacker.

The North American is opposed to Republican success. It would like to prejudice the candidacy of Judge Pennypacker sufficiently to cause the nomination of Elkin, but not for the purpose of helping to elect Elkin. Mr. Wanamaker may still cherish an ambition to go to the United States senate, but he can't further it by having the paper conducted by his son Tom exploit romances about Quay's son Dick and the Quay succession.

Death of a Missionary Bishop.

The death of Bishop William Taylor of the Methodist Episcopal church removes one of the towering figures of the religious world. Bishop Taylor is best known for his work in Africa. For sixty years he had been a member of the Methodist ministry, and from 1884 to 1897 he devoted himself to the work of illuminating the dark continent with the light of the Gospel. His work before that had been one of missionary effort. In 1849 he preached to the miners in the California gold fields, continuing the work for seven years. He then engaged in evangelistic labors in the east, but his enthusiastic spirit soon carried him to other lands, Australia, Tasmania, Ceylon, South Africa and India being the successive scenes of his labor. Returning from India as a lay delegate to the general conference he so inspired the delegates with his zeal and fervor that he was elected a bishop with all Africa as his field, and while health remained he devoted himself to the work there and to keeping alive here the interest in it. Though relieved in 1896 because the years began to press heavily on him, he made one more visit to Africa, but since then failing health kept him at his home in Palo Alto, Cal., and at the age of 81 he is called to rest. Methodism has been strengthened and enriched by his labors for the extension and spread of the Gospel.

Another Weak Reservoir.

A portion of the Connellsville region narrowly escaped a disaster of serious proportions when the Breakneck reservoir gave way. The flood that rushed down the valley wrought damage, of course, but fortunately was not attended by loss of human life. The incident serves, however, to emphasize the necessity for the greatest care in planning works that interrupt the ordinary processes of nature. There is nothing more widely useful than water; nothing less harmful in ordinary. But when the uses of man require its latent forces to be pent up the work should be done substantially. Water in the mass is a sleeping demon. Its awakenings are of frequent enough occurrence to warn against neglect in dealing with it.

President Loubet in Russia.

The cordiality attending the reception of President Loubet at Cronstadt furnishes evidence that there has been no weakening of the bond of friendship between Russia and France. It is a strange alliance, that of an autocracy and a republic, but it is one for which the political conditions of Europe are responsible. That it is a formidable alliance is thoroughly appreciated by the other European countries, and they would doubtless have been better pleased had the reception of President Loubet been less hearty. As is customary when old world potentates visit each other, there will be much speculation and surmise regarding the mission of the French president, but it is altogether probable that the only purpose is to keep the alliance warm by nursing it. This is necessary on the French side, because the people must be kept interested in and devoted to it.

Although somewhat tardy in their efforts to bring about a much-needed reform, the owners of the Pittsburgh baseball club deserve congratulation for their crusade against gambling while the games are in progress. The betting indulged in by these for-revenue-only spectators has long been a nuisance to the regular patrons of the pastime, and at times the words and actions of the bettors have been decidedly offensive. The posted warnings against this form of gambling have been ignored, and as there seemed to be a lack of determination to enforce them the betting element became still bolder. It was a surprise as unpleasant to the offenders as it was pleasing to the patrons of baseball when detectives took several of the bettors into custody, and there was a generally gratifying sequel when fines were imposed upon them. This is but a beginning, however, and to be effective the crusade must be continued until the offensive practice is completely stamped out.

If Emperor William's statue to Frederick the Great is erected in Washington it will be against the advice and consent of the New York Sun, which is not disposed to grant a site for the purpose.

In order to keep strictly within the postponed exposition style the American exhibition in the Crystal palace, London, will not be opened until the end of the month.

It is a remarkable coincidence that Cuba's first president and the new king of Spain began business at the same time.

The President Pleases the Presbyterians

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square,
NEW YORK, May 20.

President Roosevelt was the most popular Presbyterian in New York tonight. It does not matter that he does not worship in any Presbyterian church regularly. For this occasion, when he addressed an assembly in Carnegie hall, which filled the great auditorium to suffocation, he was able to take the Presbyterian view of matters under consideration, and his remarks would not have been disdained by the general assembly itself. He is a broad and liberal man. By the way, there seems to have been much liberality exercised in giving out tickets, judging by the immensity of the audience, although the large Presbyterian churches uptown, each with a membership of 600 or 700 persons, received only five tickets apiece. There is no hint that the home mission board, under whose auspices the president spoke this evening, did not distribute the tickets judiciously. The trouble was that Carnegie hall was not large enough to satisfy everybody. All commissioners to the general assembly had tickets, with extra passes in many cases for members of their families, while eight presbyteries in and about Greater New York were considered. Besides all these, there was the great mass of the general public. The president was apparently in excellent physical condition, and his clear, resonant tones penetrated to every corner of the vast hall. It was crowded and uncomfortable, of course; but the general verdict after adjournment, was that it was worth while to be squeezed into even insufficient standing room to listen to President Roosevelt's speech.

Dr. Holmes' Voice Often Heard.

Dr. Richard S. Holmes of Pittsburgh continues to make his voice heard in the general assembly. He has spoken every day since the settling of the moderator question and always with effect. His ringing speech on mission work in Cuba and Porto Rico was one of the features of the morning session.

Bradley's Change of Base.

James A. Bradley, long known as the dictator of Ocean Grove, has turned against his old friends. He is mayor of Asbury Park now, and he wants Sunday trains to stop at the main depot in that city, although in the old days he was the incarnation of law and order, for the observance of Sunday as a day for the cessation of all worldly employment. The change of attitude in Mayor Bradley has created a stir at Ocean Grove and Asbury Park such as never has been known there. He says that Asbury Park is of age and should cut Ocean Grove out of its consideration. Ocean Grove does not want Sunday trains to stop. Asbury Park does; and as Asbury Park has the warlike Bradley for its champion, the trains will stop, of course.

Time to Retire the Brooks Murder.

Now that Florence Burns has been acquitted by a coroner's jury, after being dismissed from custody on a "not proven" decision by a city magistrate, it is hoped that the Walter Brooks murder will be dropped from the list of conversational topics of Greater New York until the authorities have evidence which will fasten guilt on someone. People here are tired of reading sensational gush about the "Burns girl," "Ruth Dunn," "Walter Brooks' parents" and the rest of the dramatis personae in this extremely unsavory drama of real life.

A Foggy Day in the Harbor.

Fog has been thick in New York harbor, morning and evening, for two days. Tow forty-boats were partly wrecked yesterday with fatal consequences, and it has been hard work for craft to steer clear of one another today in the fog hours. Two sound steamers ran against each other in Hell Gate this morning. Some timbers and railings were smashed and 300 or 400 passengers were shaken and frightened; but that was all the damage. On the North river, where half a dozen ferry lines cross and recross each other, pilots must steer with extra care, while the mournful wailing of sirens and the clanging of bells at ferry slips are suggestive of all kinds of perils. Only the serious collisions are reported. Many a ferryboat had a close shave in the last 48 hours of which the public knows nothing.

Aimed at Overhead Trolley Wires.

At a meeting of the board of aldermen today a committee report was presented which may be designed to deprive Brooklyn of its long-time right to the title of "Trolley Town." The report favors an ordinance compelling the placing of all electric wires in Brooklyn borough under ground. The question is, what wires are meant? A representative of the Brooklyn Rapid Transit Company said this afternoon that the ordinance referred only to feed wires. If the company were compelled to bury its trolley wires it would mean the stopping of the whole electric railway system of Brooklyn and paralyze traffic for an indefinite period. Still, there is the ordinance. Moreover, there are no overhead trolleys in the borough of Manhattan, which used to be New York city before the consolidation, suggesting that it might be as easy to put the wires underground on the other side of the East river. Perhaps this will be done in years to come, but no one thinks it will happen now, whether the ordinance presented today is passed or not. Trolley cars are too big an institution in Brooklyn at present.

Splendid Home Site for Pittsburgher.

Another Pittsburgher has just bought the site for a handsome home in Greater New York. He is W. E. Harmon of the real estate firm of Wood, Harmon & Co., and the property is at the corner of Ocean and Caton avenues, Brooklyn. It is near the seashore, within easy reach of Manhattan Beach and the other popular beaches along the Atlantic's edge. Mr. Harmon intends to erect a modern suburban home at a cost of $30,000. He has 152 feet frontage on one avenue and 263 feet on the other, and his corner is regarded as one of the most desirable in that part of Brooklyn.

Assembly to Pose for a Photograph.

The general assembly will be photographed in a body on Thursday. The hundreds of commissioners will be grouped on the steps of the mall in Central park about noon and told to look pleasant.

A Coney Island Reserve for Girls.

It is proposed to reserve a portion of the beach at Coney Island for the use of young women who go down to Coney by themselves. The vice and crime of the place are too well known to be denied, and Mrs. Frederick Terhune, manager of the city missions in Brooklyn, finds that Coney is the most difficult problem on her hands. The park property at the island has a fine stretch of beach and the proposition is to have this carefully policed and restricted to the use of young girls who would be unsafe on other parts of the shore. As a matter of fact, the beach at Coney island is washing away so rapidly from year to year that in time there will be little there, and visitors will have to depend for recreation on the shows and loop-the-loops of the "Bowery."

Again Mail by Pneumatic Tube.

New Yorkers are gratified that the pneumatic tube is to be brought into use again for sending mail to and from Brooklyn and up and down town, as was done before the appropriations ran out. The service is to be resumed, on July 1, according to advices from Washington, and preparations are in view to take up the use of the tubes so soon as there is money to pay for their use. The tubes have been closed since they were dropped from the employment of the postoffice department, but it is thought they will be found to work smoothly with little preliminary attention.

Gambling on Price of Anthracite.

New York seldom lacks excitement. One never-failing source of entertainment just now is to wonder what will be the price of anthracite coal 24 hours later. It was selling at $6.35 today, but there is a rumor that it will jump a dollar a ton tomorrow.

Came Near Drinking a Mother-in-Law.

One of the stories retailed in hotel rotundas tonight is of a Brooklyn hotelkeeper who came near brewing the ashes of a patron's cremated mother-in-law into what he supposed was coffee. Fortunately he caught himself in time. Here is the yarn as repeated this evening: The hotel is patronized by men who follow the racetrack in the daytime and congregate nightly at the hotel. One night it was suggested that a strong cup of black coffee would be a good change from more stimulating beverages. The bartender said at first he had no coffee, but suddenly remembered that a certain coffee broker had left a package there some time before. Thinking the package certainly contained sample coffee, the barkeep had hot water prepared and was just getting ready to make the coffee. He cut the strings that tied the package and removed the paper wrappings. His face turned white when he saw what was within. It was a silver urn, on which was an inscription stating that the urn contained the ashes of a woman, whom the bartender knew to be the coffee broker's mother-in-law.

End of a Fight With the Paulists.

After being opposed by the Paulist fathers for years, the new Circle music hall at Fifty-ninth and Central park got a license today. The building was put up a year or two ago and several managers have been named in connection with it. One of them was Charles E. Evans of the old comedian firm of "Evans & Hoey," and it was thought for a long time that he really would be permitted to open the place and conduct it as a music hall and theater; but the Paulists objected, and Evans did not get his license. The clergy did not intimate that Evans' management would be open to criticism, but were afraid that the establishing of a place of amusement at that point would cause a new Tenderloin to come into being. Franz Kaltenburn will begin a season of summer orchestral concerts in the new hall forthwith, continuing for 13 weeks. An interesting fact in connection with all this is that Kaltenburn tried to engage the St. Nicholas Garden in West Sixty-sixty street, but Pittsburgh's John S. Duss got there first and will begin his summer concerts there on Monday next for a season of 16 weeks.

Kosher Meat Riot Ended.

Trouble over the sale of kosher meat in the Ghetto seems to be over, at least for the present. Most of the butchers were open for business this morning, and the women who made so much fuss, breaking windows and throwing meat into the kennels have subsided. Anyone could buy meat on the East Side today, provided he had the price.

Sage Takes Care of His Health.

Russell Sage has been away from his office for two days. He has a severe cold, and, sensible man that he is, does not care to risk going out in the damp and murky atmosphere New York has had for some little time. It is said that this is the first time Uncle Russell has stayed away so long from the office since Northcross and his bomb disturbed his nerves so badly.

Pittsburghers Going Abroad.

A number of prominent Pittsburghers will be passengers on the American liner St. Louis tomorrow when she sails from this port for Southampton. Among them are Mr. and Mrs. D. T. Watson, Mrs. John L. Porter, Mr. and Mrs. James J. Donnell, Miss Elizabeth Donnell and Mrs. J. J. Fisher. Minnie Dupree, the actress, also will sail on the St. Louis.

A Bit of Pro-Cuban Sentiment.

Down in New street, at the back of the stock exchange, at noon today, at least a dozen ordinarily busy brokers stood looking dreamily at the dingy upper windows of a rat-trap-looking house. There was little conversation among the gazers, and what there was took only an ejaculatory form. The insignificant house with the dirty windows was for years the headquarters of the Cuban Junta in this city, and the gazers were sentimentalizing over the fact that the flag of Cuba Libre had been raised over the palace at Havana and Morro Castle today. President Palma used to be a familiar figure in New street, and these hard-headed men of business could hardly realize that the under-sized old fellow, who was always so preoccupied as he moved nervously up and down New street in the old days, had become all at once one of the most important figures of this new century.

PERSONALS

The Hon. Thomas J. Henderson of Princeton, Ill., the civilian member of the national board of ordnance and fortifications, and member of the board of homes for disabled volunteer soldiers, passed through the city last night from New York to his home. He said: "I am returning to Princeton after witnessing an experimental test of the Isham shell, which was made at Sandy Hook on Monday. The test was for the purpose of determining the structural strength of the shell. It was fired from a 12-inch gun into a bank of sand, and when dug out was found to have been crushed. Only the one shell was fired and it appears to have determined that the shells had not the structural strength claimed for them. Mr. Isham has asked for another test, but I cannot say whether it will be granted."

The party of Pennsylvania railroad contractors who left Pittsburgh May 1 in a special train to attend the thirty-fourth annual convention of the "Old Reliable" Conductors' Insurance association in the City of Mexico May 10, returned home last night. Conductor W. B. Chislett said: "The trip really began at St. Louis, and from that point on there were 189 people in the party. At Big Springs, Tex., we were delayed five hours by a cloudburst. It broke about 1 o'clock in the morning and covered a space of about half a mile. The water reached the second step on the cars of our train. The flood subsided at 6 o'clock in the morning, when the train was able to proceed on its journey. Rain preceded our train at every point of transfer. Between Ft. Worth and El Paso, Tex., where rain had not fallen for eight months previously, a heavy storm had swept over the country just ahead of us."

A bridal supper was given last night at the Hotel Lincoln by Miss Adelaide Layton of Pennsylvania avenue, Allegheny, to Mr. and Mrs. George Sumner Hornbake, who were wedded in St. Paul's cathedral May 1 by the Rev. Father Lawrence O'Connor. Sixteen plates were laid and the banquet hall was handsomely decorated. Mr. and Mrs. Hornbake will leave Pittsburgh on Saturday for Coal Center, Pa., where they will make their future home.

The Hotel Lincoln was the scene of several important meetings yesterday. In one part of the hotel the Folger Furnace Company, of which J. K. Bennett is president, held its meeting. There were 25 officers and stockholders present. At the same time the chain manufacturers held a meeting in another part of the hotel, 18 people attending. The president of the chain manufacturers is Robert Garland. President George S. Bacon of the National Green Glass Bottle association, who had called a meeting of the association yesterday in the Hotel Henry, presided. There were 22 present.

P. S. Sedgwick, sheriff of Erie county, and Deputy Sheriffs H. M. Mooney, B. C. Glenn, Charles Suesser and H. E. Smith, are registered at the Seventh Avenue hotel. They brought a number of prisoners to the penitentiary and Morganza yesterday.

Notices are posted in Union station announcing that the new time table for all trains on the Pennsylvania railroad will go into effect May 25. The notices also call attention to the fact that there will be important changes in the time schedule.

Neighbors Visiting Pittsburgh.

Registered at the leading hotels last night were the following neighbors from nearby towns:

Victoria—J. S. Coxey, Mt. Vernon, O.; Lou Cohen, Johnstown, Pa.

Port Perry Man Killed.

John Burns, 25 years of age, of Port Perry, a structural steel worker, was instantly killed yesterday in Philadelphia, where he was at work on a building. His family were notified last night. Word was sent to have the body shipped to Port Perry for burial.

THE DEATH ROLL.

Mrs. J. Grant Walter.

Mrs. Bertha Bell Walter, wife of the Rev. J. Grant Walter, pastor of St. Mark's Reformed church, North Highland avenue and Harvard street, East End, died yesterday shortly after noon at the family home, No. 612 North St. Clair street, East End. Mrs. Walter was born in Middletown, Pa., 29 years ago and her remains will be taken there for interment. Mrs. Walter came to Pittsburgh with her husband some years ago and had been an active worker in the societies connected with the congregation of which her husband is the pastor. She is survived by her husband and one young son.

Julius Rosenberg.

Julius Rosenberg, 80 years old, a retired business man of the North Side, died about midnight Monday at the home of his daughter, Mrs. Jacob Schoenfelt, No. 703 Washington street, Allegheny, of old age. He was a native of Germany and while a resident of that country was prominent in business and a member of the Merchants' guild of Cassel. For about 20 years he resided in this vicinity. He is survived by six children—Arthur of Philadelphia, Hugo of this city, Mrs. Schoenfelt and Mrs. Samuel Steinfeld of Allegheny, and Mrs. Carl Silberstein and Mrs. August Boas of Berlin, Germany.

Nicholas Ott.

Nicholas Ott, 68 years old, a veteran of the civil war and a well-known resident of the Third ward, Allegheny, died Monday night at the home of his son-in-law, J. G. Steinmark, No. 854 Green street, Allegheny, after an illness of eight weeks. Mr. Ott, during the civil war, was a member of Company G, Seventy-third infantry, in command of Capt. Gang. During the battle of Petersburg, Va., he was wounded in the groin. He was a member of St. Paul's German Protestant church, Allegheny, and is survived by five children and 14 grandchildren.

John M. Rice.

John M. Rice, a well-known contractor of Allegheny, died early yesterday morning at the home of his son, John M. Rice, Jr., No. 1240 Monterey street, Allegheny, from a complication of diseases. Mr. Rice was born in County Tyrone, Ireland, but had lived the greater part of his life in Allegheny. About 15 years ago Mr. Rice retired from active business. His wife died about 13 years ago and he is survived by his son and one brother, Patrick Rice, also of Allegheny. He was a member of St. Peter's Roman Catholic church, Allegheny.

Leroy Delamater.

Leroy Delamater, 62 years old, a former well-known oil man of Pittsburgh, died yesterday of paralysis at the Santa Rosa hospital, San Antonio, Texas. Mr. Delamater resided at No. 524 Ivy street, East End, for many years, and is survived by his mother and several sisters, who received the news of his death yesterday.

C. Henry Wernle.

PHILADELPHIA, May 20.—C. Henry Wernle, a well-known inventor and for 50 years the maker of mathematical instruments in the United States arsenal in this city, died today, aged 71 years. During the civil war his services were of the utmost importance on account of the many inventions of gun sights that he perfected.

William L. Mook.

William L. Mook, aged 45 years, a well-known resident of Braddock, died at the McKeesport hospital last evening of pneumonia. Mr. Mook conducted a carpet business. He was born near Erie and is survived by his wife and two children. Deceased was a member of St. Thomas Roman Catholic church.

Samuel M. Robinson.

Samuel M. Robinson, a former member of the well-known private banking firm of Robinson Bros., of this city, died yesterday at the home of his brother, Col. W. A. Robinson, No. 5513 Irwin avenue, Squirrel Hill, aged 69 years.

Obituary Notes.

Mrs. Jane Christie, 57 years old, wife of Gardner Christie, is dead at the family home, No. 624 White street, McKeesport, as the result of an operation.

Robert M. Campbell, 67 years old, is dead at the home of his sister, Mrs. Thomas Barnes, in Sixth street, McKeesport. His wife and six children survive.

Mrs. Priscilla Fessner, widow of George Fessner, and a former resident of Canton, O., died last night at the home of her daughter, Mrs. J. M. Miller and Mrs. W. A. Osborne, No. 37 Sherman avenue, Bellevue.

Christopher Lavick, 89 years old, is dead at his home in Middle street, Sharpsburg. He was a native of Ireland and is survived by his wife and five children. He was a member of St. Mary's Roman Catholic church.

Councilman Watson's Funeral.

The funeral services of Select Councilman Samuel Watson of Allegheny were held yesterday afternoon at the Watson Memorial church, Perrysville avenue, Allegheny. Members of the city government, headed by Recorder John R. Murphy, the heads of departments and members from both branches of councils, were present. The Rev. Dr. B. F. Woodburn, pastor of the Sandusky Street Baptist church, preached the funeral sermon. The Rev. J. W. Witherspoon of the Fifth United Presbyterian church and the Rev. George Robinson of the First United Presbyterian church also had a part in the services. The interment was at Uniondale cemetery.

OFFICERS OF CHURCH CLUB ARE SELECTED

Annual Meeting of the Protestant Episcopal Organization Held Last Night.

The church club of the Pittsburgh diocese of the Protestant Episcopal church held its fifth annual meeting last night in the Sunday school rooms of St. Peter's church in Sixth avenue. The meeting was organized by placing George C. Burgwin in the chair, with W. C. Lynne as secretary.

The nominating committee reported the following selections for officers for the coming year: President, Reuben Miller; first vice president, John B. Jackson; second vice president, C. E. F. Childers; secretary, W. C. Lynne; treasurer, W. L. Lenhart; historian, George H. Randall; trustees, to serve for three years, H. M. Doubleday, William A. Cornelius and G. M. P. Taylor.

There was some little discussion which ended in the secretary being authorized to cast a ballot for all the officers selected, making their election unanimous. Immediately after the election a letter of resignation was presented from Mr. Randall, which was accepted. After considerable effort to select a historian the matter was referred to the board of trustees.

The treasurer, Mr. Lenhart, read his annual report, showing a cash balance in hand of $581.06. An auditing committee was appointed to go over the treasurer's accounts for the past year.

Mr. Jackson made the report of the trustees verbally. It reviewed the year's work and made the suggestion that current church events be introduced into the club meetings to keep members posted on happenings in the church, and to increase interest in the meetings. This matter was referred to the new board, to be considered and carried out.

The president was requested to appoint a committee of 15 to take charge of plans for the next session of the annual conference of church clubs, which will be held in Pittsburgh next January. A sub-committee on subjects for discussion at this meeting reported, but their report was referred back to them with the suggestion that they select nine subjects, running together in threes, and submit them to the general officers for selection. There are to be three papers read at the meeting and the speakers will be provided with subjects which will be along the same lines.

The meeting then adjourned and the members waited for a light lunch before going home.

Band Run by Wind.

From the Chicago Record-Herald.

In the way of scarecrows at Delavan Lake, Wis., man will probably take all premiums offered for some years to come. The name of this inventor is Joseph Kiel. His scarecrows are operated by a windmill, to which are connected a number of horse fiddles, bells and cans. When the windmill is in motion the band plays, and there is a din that can be heard for a mile. When the apparatus was first operated every bird in the neighborhood took flight, and few have found their way back. Kiel threatens to run the machine by electricity if the wind fails, and all the resorters around the lake are afraid he will be it.

MONEY FOR SUFFERERS.

Help Is Still Coming in for the Assistance of the Victims of Disasters.

At a meeting of the Sheraden relief committee last night in the office of John C. Phelps, Sheraden, a number of new subscriptions were received. Charles M. Schwab, president of the United States Steel Corporation, contributed $500, and Homer J. Lindsay, assistant president of the Carnegie Steel Company, $100. Ten urgent cases were reported to the committee and over $800 of the fund was dispersed among needy families.

The total amount on hand now is $4,422. In addition to the contributions mentioned the First National bank of Sheraden denoted $100; Wood, Harmon & Nicholson, Steubenville, $20; J. M. Arters, $5; J. L. Miller, $5.

Subscriptions to the Martinique fund yesterday brought the total up to $32,850.50. The contributors were Edward Eller, $50; employes of the Atlantic Refining Company, $28.50; cash, $10; John M. Kelly, $5; John Updegraff, $10; Amelia Herget, $2.50.

THE STATE PRESS.

When the Greater Washington becomes a reality many improvements will follow and all real estate will enhance greatly in value.—Washington Observer.

The unprejudiced people know that President Roosevelt meant business when he said whoever had been guilty of wrongdoing should be punished.—Fayette Republican.

The Emlenton Herald, which formerly had Democratic proclivities, is also displeased with the method of nominating by the Republicans. It is natural to expect the enemy to try and foment discord.—Franklin News.

The quite heavy frost this morning will damage the fruit crop, prospects for which were never better. On the other hand, it is altogether probable that the lower grounds escaped so serious a freeze and winter apples were not far enough advanced to be greatly injured.—Warren Mirror.

It adds to the homelike character of a town to embower its houses in maple and elms, to give hiding places for the birds, and it adds to coolness and salubrity as well as beauty to provide shade against the blistering days of summer.—Monessen News.

There is a very general feeling that President Mitchell does not regard it a wise move for the miners to enter into a strike contest with the operators at this time and that he is making use of every possible means at command to prevent such a step being taken. Thus far he has been able to control the situation, but it remains to be seen whether his counsels will prevail in the forthcoming convention at Hazleton.—Pittston Gazette.

Ellwood City is rent by a discussion as to whether Lawrence avenue, its principal thoroughfare, shall be paved now or whether the borough shall wait until an electric line is built and a portion of the cost can be imposed upon the operating company. It must be confessed that it looks just now as if to wait for an electric road were something like waiting for the millenium. The prospects for a line passing through Ellwood City are less flattering than they have been at any time since such a road was first suggested.—New Castle Herald.

HEAT IN THE MILLS CAUSED SUFFERING

Although Yesterday Was Cooler Than the Day Before It Was Still a Hot One.

The heat yesterday was not so intense as on Monday and up to late last night no cases of heat prostration were reported. Although the maximum temperature as registered at the office of the United States weather bureau was only 82 degrees, just 10 degrees cooler than on the preceding day, the workmen in the mills and factories in this vicinity again suffered considerably from the warm weather.

Yesterday morning the day opened with a stationary temperature. The heat of the night was intense and at midnight of Monday, after the thunderstorm accompanied by rain arrived, the mercury stood at

SOCIETY

THE handsome First United Presbyterian church was crowded last evening with guests to see the wedding of Miss Jean Frances Bryce and Charles Harris Kincaid. The ceremony was one of the prettiest seen in Pittsburgh for years. The winsome bride was given away by her father, Andrew H. Bryce, one of the most prominent men in the United Presbyterian church in this city. The ceremony was performed by the white-haired pastor of the First church, the Rev. William J. Reid, D. D., who was assisted by the Rev. J. Edwin Amos, pastor of the Methodist Episcopal church in Washington, D. C., an uncle of the bridegroom.

The church was elaborately decorated. Tall palms were massed about the pulpit and upon the lower platform, where the bridal party stood during the ceremony. The decorations continued down the aisles to the doors, clusters of pink roses tied with pink ribbon bows indicating the seats reserved for the wedding guests.

The bride, who entered leaning on her father's arm, was preceded by a group of girls, cousins and intimate friends. Miss Helen Bryce of Mt. Pleasant, the bride's cousin, was the maid of honor. In the party of bridesmaids were Miss Jean Field Kincaid, a sister of the bridegroom; Miss Helen Knox, Miss Mary C. Henderson, Miss Virginia Murdock, Miss Mary Biggert and Miss Mary Tebbitts. Miss Ruth Bryce of Elizabeth, a cousin of the bride, was the flower girl. William Rush came from Lafayette college to act as best man and the ushers were Gordon Wattles, James L. Rees, Lawrence Schellhaas, Ralph Richland, Kenneth R. Bryce, a brother of the bride, and Gerald Bryce of Mt. Pleasant, her cousin.

The bride wore a wedding gown of white duchesse satin, which was trimmed with flounces of duchesse lace upon the skirt, and duchesse and pointe lace almost covered the bodice and composed the yoke and sleeves. The long bridal veil, fastened with a simple white aigrette, fell in graceful folds over the full court train. The bride carried a shower bouquet of white bride roses and lilies of the valley. The maid of honor wore an exquisite gown of pink crepe de chine, trimmed with pointe lace, and the flowers she carried were long-stemmed American Beauty roses tied with chiffon. The bridesmaids appeared in gowns of white silk muslin, inset with lace, and their bouquets were large pink roses tied with long pink chiffon sashes.

Following the wedding at the church a reception for about 200 friends of the two families was held at the home of Mr. Andrew Bryce, in Farragut street, East End, where a wedding supper was served. Later Mr. and Mrs. Kincaid started on their wedding trip. The decorations of the home consisted of tropical plants and pink and white roses.

The bride graduated two summers ago from the Bishop Bowman institute. About that time the family moved from Mt. Oliver, where they had lived for many years, to Shadyside. A few weeks later, on the death of her older sister, the bride assumed charge of her father's house. Mr. and Mrs. Kincaid will live with Mr. Bryce in Farragut street after their return from their wedding trip, and will be at home after September 1.

Children Dance at the Schenley.

Mrs. Francis Henry Wade gave a children's party yesterday afternoon at the Hotel Schenley, the event being a celebration of the last birthday anniversary of her little son, Master Levi Wade II. The ball room of the Schenley was the scene of the dance, and was decorated with floral pieces, the little girls in their dainty white lace and muslin frocks, and the little boys in their natty suits, coming an altogether charming picture. The appointments were exceedingly pretty. Refreshments were served at small tables and bonbons and ices were furnished in unique forms.

Among Master Wade's guests were Howard Childs, Jr., Asa P. Childs, Frederick Magee Scaife, Allen Magee Scaife, John B. Herron III., Walter S. Herron, William Blackstock Rodgers II., Elizabeth McCreery Rodgers, Frederick Ormer Rodgers, Agnes Mevay Rodgers, Katherine Verner, Alexander W. Today's Big Society Event.

Preparations for the wedding this afternoon of Miss Mary Laughlin and Mr. William C. Robinson are elaborate, and it will be the handsomest social function in the valley this season. It will occur at 4 o'clock at the country residence of the Hon. B. F. Jones, Sr., grandfather of the bride. A special train will bear the guests from the city. There will be a wedding breakfast served at the Jones residence this morning. Those who will sit down to breakfast are Miss Mary Laughlin, Miss Madeline Laughlin, Miss Rebecca Darlington, Miss Elizabeth Chambers, Miss Louise Wood and Miss Virginia Lippincott, of Philadelphia; Mrs. John H. Ricketson, Jr., Miss Marguerite Singer, Miss Whitney, of New Haven, Conn.; Mrs. Walter Rhodes, Mrs. Samuel Colt, Mr. William C. Robinson, Mr. Harry Robinson, Mrs. Thomas O'Connor Jones, Mr. Alan D. Wood, Mr. William B. Scaife, Mr. Stuart Robinson, Mr. Frank Severance, Mr. Walter Rhodes, Mr. John Ricketson, Jr., Mr. Samuel Colt and the Rev. Dr. Maitland Alexander.

Marital Event in Wilkinsburg.

In Wilkinsburg last evening at the home of the bride's parents, No. 300 Biddle avenue, John H. Peterson, assistant cashier of the First National bank, was married to Miss Florence Capper, daughter of Charles Capper, by the Rev. Dr. H. D. Whitfield, pastor of the Methodist Episcopal church at Elizabeth, former pastor of the bride, assisted by the Rev. Dr. Arthur Smith, pastor of the Mifflin Avenue Methodist church of Wilkinsburg. Among the exquisite presents the bride and groom were the recipients of were a handsome home, elaborately furnished, in Trenton avenue, Wilkinsburg, and a $500 bank note, gifts from the bride's father. The bride has been identified with the exclusive social set in Wilkinsburg and has been prominent in church circles. The groom is one of the progressive young business men of the borough. Mr. and Mrs. Peterson left last evening for Atlantic City and the east, where they will spend their honeymoon of a month's duration.

Wedding at Rochester.

ROCHESTER, PA., May 20.—(Special.)—At noon today the nuptials of Miss Ora Leland Barr, daughter of Mrs. Frances Barr of this place, and Mr. Charles B. Fisher of East Liverpool were solemnized at the home of the bride in the presence of a number of relatives and intimate friends. The ceremony was performed by the Rev. A. M. Brown of Bellevue, rector of the Trinity Episcopal church of this place, of which the bride is a member. The bridesmaid was Miss Lucille G. Barr, a sister of the bride. The bride was given away by her brother, Frank F. Barr. The bridal gown was a handsome creation of crepe de chene over silk, with pearl and chiffon trimmings; a veil was worn, caught with a diamond pendant, a present from the groom. After the wedding dinner Mr. and Mrs. Fisher left for Detroit, their return they will reside at East Liverpool.

Woman's Club Elects Officers.

The Woman's club held its annual business meeting yesterday at the Central Young Women's Christian association. The president of the club, Mrs. Charles W. Gerwig, presided, and the following election of officers took place: President, Mrs. Andrew Paxton; first vice president, Mrs. Charles W. Gerwig; second vice president, Mrs. Charles Wray; recording secretary, Mrs. Robert D. Coard; corresponding secretary, Miss Carrie Blumberg; treasurer, Mrs. William Swindell. The executive committee includes, in addition to the officers, Mrs. William McKelvy, Mrs. W. P. D. Price and Mrs. Edwin Miller.

Miss Burd Thaw's Dinner.

Miss Elizabeth Burd Thaw gave a dinner last evening at her home in Lincoln avenue, Allegheny, which was one of the enjoyable events of the day. It was in the nature of a reunion of the younger debutante set, many of whom have lately returned to the city, Miss Thaw having returned only a few days ago from a several months' tour in Europe. Covers were laid for 20 at one large table. The decorations were entirely in yellow, daffodils and marguerites.

Wedding at Edgeworth.

Miss Clara B. McCullough, daughter of Fred McCullough, was married yesterday afternoon to George W. Pearce, of Colorado Springs, at the home of her parents in Edgeworth. The wedding was quiet, with only the family and immediate friends present. The couple started for Colorado Springs, where they will make their home.

Luncheon at the Country Club.

Mrs. John H. Ricketson, Jr., gave a luncheon yesterday afternoon at the Allegheny Country club for the attendants at the wedding of Miss Mary Laughlin and William C. Robinson this afternoon. The luncheon was served very informally in the handsome new club house.

An Engagement Announced.

Mr. and Mrs. O. C. Morgan of Hamilton avenue, East End, announce the engagement of their daughter, Miss Mina Lay Morgan, and George A. Dimling of Pittsburgh. The wedding will take place in the fall.

NOTES OF SOCIETY.

Mr. and Mrs. H. B. Hayes have sailed for Europe, where they will remain until August.

Mrs. Henry Irwin, Jr., of Fearon street, Edgeworth, gave a luncheon yesterday afternoon, covers being laid for 10.

Miss Adelaide B. Layton gave a dinner last evening at the Hotel Lincoln in honor of Mr. and Mrs. George Sumner Hornbeck, who have just returned from their wedding trip.

Invitations have been issued by the ladies of the First Presbyterian church of Carnegie for a Kensington tea to be held Thursday at the residence of Mrs. John Irwin Young in Emily street.

Mr. and Mrs. Taylor of Avalon announce the engagement of their daughter, Miss Martha Bell Taylor, to Hugh Roberts, lawyer, of Pittsburgh, to be followed by their wedding in the early summer.

Miss Edith Oliver entertained at her home in Shields last evening. The honor guest was Miss Ruth Barnard of Worcester, Mass., who is the guest of Mrs. Thomas L. Shields of Edgeworth. The house and porch were fragrant with spring blossoms.

The West End Study club, composed of Elliott and Shreaden young people, held its annual election last evening. Miss Ida Gearhart was elected president, Miss H. Estelle Johnston, vice president, and Miss Margaret Hughes, secretary and treasurer.

Miss Agnes G. Hill, national secretary of the Young Women's Christian association of India, lectured last evening in the chapel of the First Presbyterian church, Wood street, illustrating her lecture with stereopticon views of scenes in India, where her work has been located.

The announcement of the marriage of John F. Campbell of New Castle and Miss Florence Argyle, daughter of Bustle Argyle of Braddock, was made yesterday and created much interest at New Castle. The wedding was solemnized last Wednesday in Youngstown, but was kept a secret.

At Homestead yesterday afternoon in St. Mary Magdalene's Roman Catholic church, the Rev. Father J. J. Bullion officiated at the marriage of Miss Sarah Leech, daughter of George Leech of West Homestead, and Clarence Kein of Glassport. Miss Mame Selss was bridesmaid and George Kein was best man.

Arrangements have been completed for the annual entertainment in Bellevue for the volunteer fire company. It will be a lawn fete at the residence of Mrs. J. M. Ralph, in Rodgers avenue on June 4. The company includes prominent Bellevue young men and their entertainments are always well-attended society events.

You can brighten the lives of the aged and infirm with Dr. D. Jayne's Tonic Vermifuge. It cannot make them young again, but it will preserve their faculties, and perhaps give them a new lease of life.

READY FOR MERGER.

City Trust Company Shareholders Vote to Sell Their Stock.

The shareholders of the City Trust Company met yesterday and voted unanimously for the plan of delivering all stock to the Colonial Trust Company for the merger of interests with that company. The stock of the City Trust Company amounts at par to $500,000. It is being delivered to the Colonial Trust Company at a valuation of two and a half times that amount, $250 the share, which is also the basis of valuation of the Colonial company stock in relation to the deal. Options on the City Trust Company stock were taken by M. K. McMullin, the broker, the terms providing that for the City company stock 70 per cent in stock and 30 per cent in cash is given by the Colonial company.

The shareholders of the Colonial company will meet tomorrow to ratify the deal and it is expected that the business of the City Trust Company will be moved from the present headquarters at Smithfield street and Sixth avenue to the new Colonial building in Fourth avenue by June 1.

It is said thtat an effort had been made to include the Allegheny National bank in the deal, but that this was blocked by the controlling interest in the bank.

VETERANS ARE PLANNING FOR MEMORIAL DAY

Celebration This Year Promises to Beat All Former Records.

PROGRAM NOT COMPLETE

Col. James E. Barnett Will Be the Orator of the Day at the South Side Cemetery—Downtown Posts of the G. A. R. to Parade.

Extensive preparations are being made for the proper observance of Memorial day, and meetings of the several Grand Army posts will be held during the week. The celebration promises to exceed that of former years. The selection of orators and choirs are now being made and the several programs prepared. Memorial services will be held in all the schools and cemeteries, and the graves of the dead veterans will be strewn with flowers.

The Pittsburgh posts of the Grand Army and the Sons of Veterans, escorted by a battalion of the Fourteenth infantry, N. G. P., will conduct the exercises in the Allegheny and St. Mary's cemeteries, and the East End posts will take charge at Homewood cemetery. The South Side cemetery will be visited by the South Side posts, and the North Side posts will have charge of the exercises at the Troy Hill, Uniondale, Highwood and other Allegheny cemeteries. It is probable that the Hampton Battery Veteran's association, in addition to these exercises, will march to the Hampton Battery monument in East Park, Allegheny, where it will hold services, and afterward will probably march to Allegheny cemetery and strew flowers on the grave of Captain Alfred E. Hunt, former commander of Battery B.

Col. Barnett the Orator.

The South Side posts will hold exercises in the South Side cemetery, and the orator of the day will be Col. James E. Barnett of the Tenth infantry. On the day preceding Memorial day a detail will visit all the schools on the South Side and memorial exercises will be held.

It is probable that the posts of the central part of Pittsburgh will assemble in Grant street at 8 a. m. Memorial day and march down Fifth avenue to Penn avenue, where special cars will be in waiting to convey them to the Allegheny cemetery. They will hold services at the cemetery consisting of music, prayers and orations. After the formal depositing of flowers upon the soldiers' graves a benediction will be pronounced.

In former years a salute was always fired at the Allegheny arsenal during the parade of the posts by the ordnance detail, but as the place has been practically abandoned and the cannon shipped away, it is hardly likely that a salute will be fired this year. The last gun fired at the arsenal was when the funeral train of President McKinley passed through the city.

The usual program will be carried out at St. Mary's cemetery, and will be in charge of four posts. After saluting the dead, a benediction will be pronounced by one of the ministers of the Catholic church. Similar ceremonies will be observed at Homewood and other East End cemeteries.

Col. Lowry's Staff.

Comrade J. E. Porter of post No. 3, who has been selected as commander of the day of the Pittsburgh department, has not yet announced his staff. Col. James Lowry of post No. 28, commander of the Allegheny department of the G. A. R., has announced the appointment of Comrades A. M. Bryan, J. H. Stevenson and David Nichols of post No. 88 as aids on his staff.

Memorial exercises will be held in all the public schools in the county the day before Memorial day. Details from the various posts will visit the schools of both cities and hold exercises. The children this year as usual will collect and contribute the greater part of the flowers that will be strewn on the graves of the soldiers.

On the North Side post 88 has detailed Comrade J. H. Stevenson to conduct the memorial exercises in the Third ward school in Chestnut street. He will be assisted by the Rev. Dr. John A. Wilson of the United Presbyterian Theological seminary. The ceremony will begin at 2 p. m. and the directors of the school have been invited to be present. An effort is being made by the Allegheny department of the Grand Army to have Rabbi J. Leonard Levy of the Eighth Street synagogue act as orator of the day.

A special detail has been made to conduct the memorial services in the Allegheny high school in Sherman avenue. The exercises will be held in the morning, and will commence at 10 o'clock. In the other public schools in Allegheny the exercises will be held in the afternoon.

Children to Gather Flowers.

After the exercises wagons will be in waiting and the flowers collected and contributed by the school children will be sent to the city hall and the following morning taken to the different cemeteries to be strewn on the graves of the dead heroes.

It is probable that an interesting memorial program will be carried out in the normal and commercial departments of the Fifth avenue high school the day preceding Memorial day. Patriotic exercises and songs and addresses by visiting G. A. R. men will constitute a part of the program.

The various companies of the Fourteenth infantry will act as escorts for a number of the G. A. R. posts of the county. Col. W. E. Thompson has received an invitation for his regiment to act as escort to the Pittsburgh department of the Grand Army, but as it has been customary for his companies to act as escorts for the posts in the places where the commands are located he decided not to change the custom this year.

Companies A, E and G will escort the Pittsburgh posts; Company D will act as escort to the post at Coraopolis; Company C the post at Oakdale; Companies D and H, Allegheny posts; Company F, East End posts; Company I, Wilkinsburg posts, and Company K, the Carnegie posts. The Eighteenth infantry has not yet taken up the matter.

Committees at Work.

The following special committees have been appointed and are at work on plans for the day:

Finance committee—Thomas W. Baker, Post No. 3; Dr. J. C. Kennedy, No. 41; James Chessroon, No. 157; W. H. Corliss, No. 259; J. A. Pursel, No. 480.

Public speakers and schools—F. J. Totten, Post No. 259; W. H. Jellingwood, No. 3; W. Mahaffey, No. 157; George Wineland, No. 41; John M. Taylor, No. 259; W. H. Corliss, No. 259.

Flags and flowers—W. C. Hall, Post No. 41; F. J. Coll, No. 157; T. S. Tillery, No. 259; W. J. Hamilton, No. 3; Moses Ditcher, No. 206; A. J. Reed, No. 480.

Program and printing—R. N. Spohn, Post No. 259; O. S. McElwain, No. 157; Edward Fisher, No. 3; James Blackmore, No. 259; George W. Reed, No. 41; J. P. Sankey, No. 480.

Music and transportation—George Woods, Post 480; Jacob Delaney, 259; George Dunbar, 259; A. H. Jones, 41; W. J. Barks, 206; James Mathews, 259; W. H. Harris, 259; W. A. Moffett, 157.

Calvary cemetery—F. J. Totten, Post 259; B. J. Cole, 157; Eno Gaither, 206; Dr. J. C. Kennedy, 41.

ECZEMA SUFFERERS WILL BE DUPED NO MORE.

Skeptics Become the Most Enthusiastic Advocates of Zema-Cura.

Sufferers from Eczema and all skin diseases have been misled so many times that they are naturally skeptic when they hear of a new remedy. Skeptics are just the people who become the most enthusiastic friends of ZEMA-CURA. This celebrated discovery of Dr. Harris is not a "patent medicine," but a scientifically compounded prescription which Dr. Harris has used for years in the practice of skin diseases. Dr. Harris has yet to find one that Zema-Cura cannot cure, no matter how many other doctors have pronounced it hopeless. Read what a seven-year sufferer says:

"Dear Dr. Harris:—I want to say something for your 'Eczema Medicine.' I had Eczema in my feet for six or seven years, and had tried many things without receiving any permanent benefit until I used your Zema-Cura. I used said medicine for three weeks and my feet were entirely cured. It is now one year since I quit using your medicine, and no return of the Eczema. I also know of one case in this town, of Mrs. Thos. Gutherie, who was covered with Eczema, which was cured with your medicine. Also my son, Harmon Miller, of Asheville, N. C., who was cured of Eczema in his feet by your medicine which I sent him. I will gladly answer any inquiries about my case."—H. W. MILLER, Owensboro, Ky.

ZEMA-CURA

is a liquid, applied externally. It has none of the disagreeable features of a salve or ointment. It is the only CURE of skin diseases yet discovered. Zema-Cura will positively cure Eczema, Acne, Heat, Herpes, Lupus, Erysipelas, Urticaria (Nettle Rash), Barber's Itch, Mosquito Bites, Blackheads, Pimples and Blotches on the face, Hives, Burns, Cuts, or any itching condition of the skin or scalp. All druggists sell it. 50 cents and $1.00.

Remember! ZEMA-CURA is not one of the many "patent medicines" of the day. It is a doctor's prescription—a scientific compound that has been used for years by its discoverer, Dr. Harris, in daily practice. It has restored thousands of sufferers from torturing skin diseases to perfect health. If you will write to-day Dr. Harris will advise you fully and carefully regarding your case, and charge you absolutely nothing.

Address: Dr. M. M. HARRIS, The Zema-Cura Co., No. 3 West 22nd Street, New York City.

During the treatment of all skin diseases with ZEMA-CURA, externally, U-AH-MA, Dr. Harris' Blood Purifier, taken internally, will be found of great benefit. By acting on the excretory glands U-AH-MA eliminates the poison virus, and hastens and completes the cure. $1.00. Druggists, or express prepaid.

JANE W. MAGEE'S WILL DISPOSES OF LARGE ESTATE

Sister of Ex-Judge Christopher Magee Gives $10,000 to Charity.

RELATIVES GET RESIDUE

Property Valued at Nearly $400,000 Bequeathed With Conditions—Partial Account in Hartley Howard Estate Filed—Letters Taken Out.

The will of Jane W. Magee, sister of ex-Judge Christopher Magee, was filed for probate yesterday. The personal property is worth $42,500 and the real estate is valued at $322,844 50. Henry A. Davis and Walter P. Magee were named as executors. The will is dated August 20, 1900, while a codicil is dated January 28 last.

In affectionate terms Christopher Magee, the brother, is bequeathed the property at 1102 Fifth avenue during his life. Other bequests are: Mary A. McBride, $5,000; Jane A. Reed, $5,000; Elizabeth Thomas, $500, and also the interest on $12,500, or not less than $500 annually, and such household goods as she may select; the Pittsburgh Association for the Improvement of the Poor, $10,000. The residue of the estate is bequeathed to Christopher Magee, Jr., Walter Pollock Magee, Elizabeth Louise Mitchell and Margarret McL. Mitchell, in equal shares, upon condition that none of them shall transfer any part thereof to wife or husband. The bequest to Elizabeth Louise Mitchell is bequeathed with the condition that she shall not transfer any part thereof to her father, Kier Mitchell. The legatees are given the choice of the residuary estate in the order they are named.

The first and partial account of Louis B. Hays, executor of the estate of Hartley Howard, was filed. He charges himself with $106,528 45 and has a balance of $101,720 63. The balance consists of 794 shares of Howard Land Company stock, $39,700; 400 shares of Pittsburgh Plate Glass Company, $60,000; cash, $2,020 63.

Ottilie Witt took out letters of administration on the $400 estate of Alvina Witt. Like letters were issued to Eliza Ehrensing on the $1,223 estate of Conrad Ihsen.

AGENT PLEADED GUILTY.

Morris Wertheimer Got Six Months for Embezzlement—Many Cross-Suits in Criminal Court.

In the criminal court 10 assault and battery cases were disposed of. The greater part are cross-suits which grew out of petty quarrels. P. P. Samuels and Mary Samuels were sued by Walter B. White and Ella White. They were charged with assault and battery and were found guilty. Mr. and Mrs. White were acquitted on trial of cross-suits. Samuels was also found guilty of carrying concealed weapons, preferred by White. The weapon was a knife.

Celia Schopp was acquitted of assault and battery preferred by Konrad Schaffner. She was charged with striking Schaffner with a stove poker when he came to her house to collect rent. In the cross-suit entered by Mrs. Schopp Schaffner was found guilty.

Morris Wertheimer pleaded guilty to embezzling $50 50 from the Prudential Insurance Company and was sentenced to the workhouse for six months.

Wertheimer was the agent who skipped to Cleveland, and on requisition on Gov. Nash by Gov. Stone was brought to Pittsburgh by Constable Morris on Monday. Wertheimer was in the workhouse the following noon.

Albert Jefferson and Annie Carrington were sentenced to pay fines of $550 and serve five months in the workhouse for selling liquor illegally.

WILD CASE ENDS.

Jury Out in a $25,000 Damage Suit Against an Insurance Company.

The jury in the case of Gertie Wild against E. H. Berger and the Metropolitan Life Insurance Company to recover $25,000 for false arrest was still out when court adjourned.

Miss Wild, who was employed as a clerk, was arrested on discovery by Mr. Berger that $400 was missing when the bank books were balanced. All funds were drawn subject to his check. The defendant proved her innocence on trial and was vindicated. She now wants damages for injury to her character. Attorneys W. G. & H. H. Negley represent her.

Hotelkeeper Sued.

Robert and Helen McPherson sued John Giel, proprietor of the Union hotel, Butler and Forty-fifth streets, for $5,000 damages. The plaintiffs boarded at the hotel until Giel compelled them to leave. They allege that while at the hotel their daughter contracted diphtheria, resulting in her death. It is charged that for a number of days prior to the time when the plaintiffs left the hotel the defendant refused to supply them with food.

Test Case on Trial.

In the United States circuit court yesterday before Judge Buffington the first of the 38 cases of the Penn Refining Company against the Western New York & Pennsylvania Railroad Company and others was taken up. It is an action to recover about $9,000 which was awarded the plaintiffs by the interstate commerce commission. The case will be continued this morning.

LEGAL BRIEFS.

Charles B. George of Pittsburgh was discharged from bankruptcy.

Daniel P. Carr, a merchant of Pittsburgh, filed a petition in bankruptcy. He owes $1,630 and has assets of $784.

Executions were issued as follows: Magdelen Dahl, use, vs. Herman Welshach, $400; John C. Mitchell vs. John D. Fry, $260.

The hearing in the equity suit between the two factions of the Window Glass Workers' association was adjourned until Saturday morning.

Justus Mulert was appointed receiver in the bankruptcy case of Frederich W. Eggers. An order was made restraining the sale of property.

Antonia Kowalski entered suit against the Pennsylvania Company to recover $5,000 damages for the death of her husband, near Carnegie.

Suit was entered by Mrs. Martha Crunkleton against George White to recover damages for alleged slander. It is charged that White accused her of having two husbands.

The report of the commissioner in the divorce case of John W. against Blanche Rosemond was filed. Infidelity is charged and Rufus Johnson is named as correspondent.

The Federal National Bank of Pittsburgh was made depository for money from the estates of bankrupts to receive 2 per cent on daily balances for handling such funds.

Habeas corpus proceedings were begun by Mrs. Mary McConville to obtain the release of Mary Cosgrove, her 18-year-old niece, from Morganza. It is charged the commitment of Justice E. H. Morton of Homestead at the instance of her father, was illegal.

The case of Stevenson & Foster against the American Fire Insurance Company was continued yesterday. Firemen and street car employes were placed upon the stand to show that flames burst from the windows of the plaintiff's building on Wood street before it collapsed.

NEW MINISTERS EXAMINED.

Annual Meeting of Directors of Allegheny Theological Seminary.

The annual session of the board of directors of the Allegheny Theological seminary commenced yesterday at the seminary in North avenue, Allegheny. The board is composed of members of the synods of the west, Ohio, New York and Pittsburgh, and nearly a full board answered the roll call.

The Rev. A. S. King of Sault, Ont., was elected president; Maj. R. E. Stewart of Braddock, vice president; the Rev. W. H. McMillen of Allegheny, treasurer. The afternoon was devoted to the examination of the 29 members of the graduating class by Prof. J. A. Wilson, D. D. The graduating exercises will be held tonight.

B. & O. Officials Confer.

General Manager G. L. Potter and T. J. Foley, assistant to the general manager of the Baltimore & Ohio, spent yesterday in Pittsburgh in consultation with General Superintendent L. G. Haas. The visit is one of the regular trips to this city looking after local matters which have been frequent since Mr. Potter became general manager. The party of three left in the evening for Cleveland.

Many Railroad Men Visit Pittsburgh

NEW YORK CENTRAL PASSENGER MEN MEET

George H. Daniels Brings a Large Party of Officials to See Sights of Pittsburgh.

Most of the principal passenger officials of the New York Central lines are the guests today of the Pittsburgh & Lake Erie, the Pittsburgh line of the Vanderbilt system. The guests arrived yesterday afternoon about 2 o'clock and spent a busy day here. Today will be hardly less engaged. The meeting is the regular quarterly gathering of the passenger officials of the system, with this special exception, that Pittsburgh has been chosen for the meeting place in order that its industries and other attractions may be seen by the officials.

In the business of the meeting itself there is little of more than routine interest. Last evening at the Hotel Schenley, where the officials are quartered, the business meeting was held.

Immediately upon arriving at the Lake Erie station the guests were taken to the dining-room, on the top floor of the terminal building, where luncheon was served. After luncheon the special train conveyed the visitors with their local escorts over the "Pemickey" division of the road to Homestead. The Carnegie plant there was inspected and the trip was continued over the Pennsylvania to Wilmerding, where the Westinghouse air-brake works were visited.

From Wilmerding the party returned to the Schenley. Today the program will include several visits to points of interest and an inspection of the new terminal building of the road here.

Col. J. M. Schoonmaker, vice president and general manager of the Pittsburgh & Lake Erie, presided at the luncheon yesterday. In a short address he expressed his pleasure at the visit of the passenger men to Pittsburgh and gave them a hearty welcome. The response was made by General Passenger Agent George H. Daniels of the New York Central. "We have come to Pittsburgh from New York, Boston, Albany, St. Louis, Chicago, Peoria, Indianapolis, Buffalo, Montreal Cleveland and many other cities, because of what we heard and read of the greatness of this city," he said. "If time had allowed it our representatives at San Francisco, Portland and Dallas would have been with us, for the visit would have been well worth the while. Pittsburgh's wealth and her equally marvelous facilities for the acquiring of both have become by-words. We have come to see these things with our own eyes."

The membership of the party includes Mr. Daniels and the following general passenger agents: A. J. Smith, Lake Shore, Cleveland; Warren J. Lynch, Big Four, Cincinnati; O. W. Ruggles, Michigan Central, Chicago; A. S. Hanson, Boston & Albany, Boston; H. J. Rhein, Lake Erie & Western, Indianapolis, and the following representatives of the New York Central proper: E. J. Richards, chief assistant general passenger agent, New York; Milton C. Roach, general eastern agent, New York; W. B. Jerome, general western passenger agent, Chicago; C. D. Northrup, general agent, Williamsport, Pa.; Harry Perry, general agent, Buffalo; A. E. Brainerd, general agent, Albany; F. E. Barbour, general agent, Montreal, and Clare Hardigan, traveling passenger agent, Watertown, N. Y.; C. S. Blackman, general eastern agent, Big Four, Buffalo; C. L. Hillcary, assistant general passenger agent, Big Four, St. Louis; W. H. Underwood, general eastern agent, Michigan Central, Buffalo, and J. W. Daly, general eastern agent Lake Shore, Buffalo.

With the party representing the Pittsburgh & Lake Erie were Col. Schoonmaker, General Passenger Agent L. A. Robison, General Superintendent J. B. Yohe, City Passenger Agent G. H. Thompson and W. B. Morris, chief clerk of the passenger agent.

Coal Road Shows Enterprise.

To provide for a new line from Sinnemahoning, on the Philadelphia & Erie railroad, to the bituminous coal fields of Clearfield county the Buffalo & Susquehanna Railroad Company will issue $4,000,000 additional 4 per cent stock. Several new coal properties will also be acquired. The company has already secured near Tyler, Pa., coal lands said to contain 20,000,000 tons of gas coal for coking and steam coal and the new purchases are expected to double the number of mines contributory to the Buffalo & Susquehannat railroad. Plans are being considered for an extension of the line into Buffalo. For terminal purposes about 100 acres of land on Lake Erie adjoining the Lehigh Valley and Lackawanna Steel Company's properties has been secured.

J. J. KOCH.
Division Freight Agent of the Ft. Wayne, Pittsburgh.

Will Buy the Monon.

NEW YORK, May 20.—The directors of the Southern and Louisville & Nashville roads met today and agreed to issue joint 4 per cent bonds for a controlling interest in the Chicago, Indianapolis & Louisville, or Monon system. The price for Monon common is 78, preferred 90.

TIES WITH MR. FORD FOR THIRD PLACE

Maj. S. K. Hooper, the Veteran General Passenger Agent of the Rio Grande, in Town.

Maj. S. K. Hooper, general passenger agent, and R. C. Nichol, general agent at Chicago of the Rio Grande system, spent yesterday in this city with the Pittsburgh representative of those lines, John R. James.

Maj. Hooper called yesterday on several Pittsburgh passenger officials. He is greatly pleased with the methods by which the road has been operated since the present general manager, J. M. Herbert, formerly of Pittsburgh, took charge. As the Rio Grande system is one of the Gould properties he is especially interested in the aggressive moves made in the east by this interest.

Maj. Hooper is one of the four ranking general passenger agents in the country in years of possession of that title. He received the title first in 1888 on the Monon. The other three are E. A. Ford, general passenger agent of the Pennsylvania lines west, who became general passenger agent of the Bellefontaine railroad in 1888; G. H. Goodwin of the Southern Pacific, who gained the title first in 1891 on the old Atlantic & Great Western, now the Erie, and W. L. Danley, who has been general passenger agent of the Nashville, Chattanooga & St. Louis since 1886.

RAILROAD NOTES.

The Pennsylvania lines general office employes' picnic will be held at Rock Springs July 26.

The Panhandle has received two more freight engines from the Baldwin shops and the same number from the Richmond shops. The Pressed Steel Car Company has also delivered to the Panhandle 500 steel hopper cars of 100,000 pounds capacity.

R. P. Keenoy, superintendent of transportation of the American Steel and Wire Company, announces the appointment of Charles Hoover as traveling car clerk. Mr. Hoover has been with the Pittsburgh & Western freight department for a number of years.

WEISSER'S SALE OF LADIES' SUITS

Thursday, Friday and Saturday.

NO SUCH BARGAINS EVER SEEN BEFORE.

Weisser's next triumph will be a sale of ladies' suits. And it will be even a greater triumph than the Jacket sale of a few days ago, which everybody admitted to be the most successful event of the kind ever held.

Now is the time that the ladies are buying new suits. And therefore this is the time we select to hold this sale. We don't wait until everybody has bought, but sell the goods at unheard-of prices just when they are most needed.

Our buyer has just returned from the East. He found a manufacturer who was eager to sell, and after a little negotiating the manufacturer accepted our price, which enables us to undersell all competition.

The reason manufacturers are now eager to dispose of their stocks is that it is getting a little late for them, although it is just in time for customers.

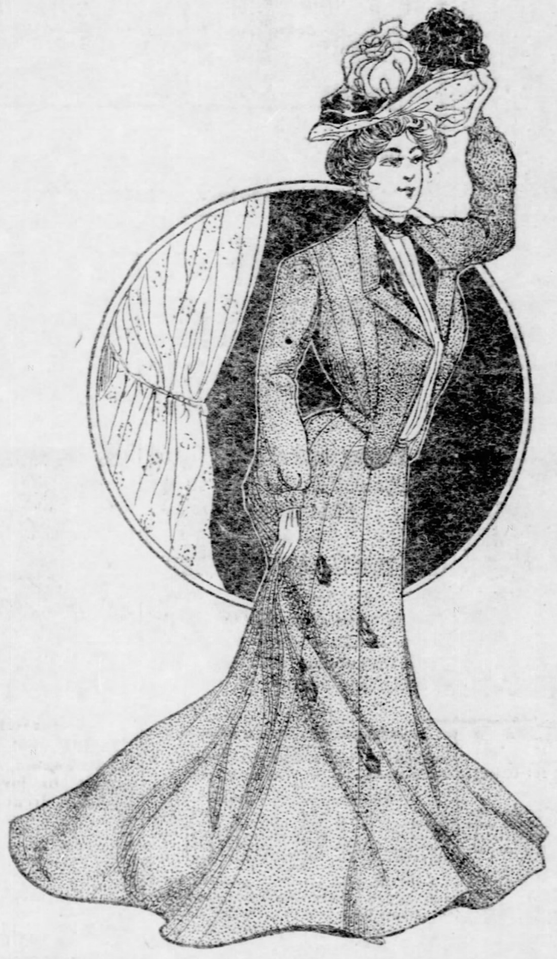
We have divided these suits into three lots. Take your choice.

Don't Come Today---Come Tomorrow.

We shall not be ready till morning to begin this tremendous sale.

LADIES' SUITS AT $4.90

Very stylish Eton and fly-front colored Jacket Suits. Made of Broadcloths, Venetian and Serge, and in all the newest shades of blue, brown, castor, garnet and gray. Of course this is an absurdly low price for these rich, handsome suits, and you will readily admit, when you see them, that the prices they were intended to sell at, ranging from $8.50 to $18, were quite reasonable enough. But these suits represent the odds and ends of various lines, and while every suit in the lot is in every way stylish and up-to-date, some of the styles are perhaps a little extreme for people who do not care to follow every little whim and fancy of fashion. So we offer them all at the very little price of $4.90. And it may be that you can find in this lot the very suit that pleases you. If so, you will certainly get a wonderful bargain.



LADIES' SUITS AT $8.90

Black and colored Suits, in blouse and Eton effects. Beautifully trimmed in fancy braid and bands of Moire and Taffeta Silk—all of good, standard styles that form the staples of fashion. They are of "Wooltex" character, and that is about all need be said. None of our readers require any further assurances as to the superior merits of these suits. Every lady knows what Wooltex means. These suits are selling all over the country at from $12 to $18, and are well worth the money. But you can take your choice at this sale at $8.90.

Lot No. 3 includes also all of the highest grade suits we have in stock. This is about all we need say to fashionable ladies who wish to replenish their wardrobes.

Come Tomorrow. Don't Come Today.

The new purchases are crowding in over our regular stock and we shall have our hands full to get ready for tomorrow morning.

There never is any disappointment here. WEISSER'S always have the goods they advertise.

LADIES' SUITS AT $12.90

All our high-class suits, without any reserve whatever, are included in this lot. The most fastidious lady of fashion will have no difficulty in finding something to please her in this superb collection. They are made of Etamines, Voiles, Broadcloths, Canvas, Serges and Venetians—the most popular and most fashionable fabrics, beautifully made up in the latest and most pleasing styles with fancy vests, drop-skirt linings and elaborately trimmed in Silk and Persian effects. Not one of these suits ever sold for less than $20, and some of them have been selling as high as $40. But we are going to make this a sensational sale and you can come tomorrow and take your choice of the entire lot at just $12.90.

You Always Get What You Come For When You Come to WEISSER'S.

AN ORDINANCE—Authorizing the city recorder to advertise for and receive proposals from the various newspapers for the publication of all official advertising of the city of Allegheny for three (3) years, and directing the city recorder to award the contract therefor to the three newspapers furnishing the lowest bids, one of which shall be printed in the German language.

Section 1. Be it ordained and enacted by the select and common councils of the city of Allegheny, and it is hereby ordained and enacted by the authority of the same, That the city recorder be and is hereby authorized to advertise for and receive proposals from the various daily newspapers published in the county of Allegheny and of general circulation in Allegheny, for the publication of all official advertising of the city of Allegheny for three (3) years from the date of awarding the contract therefor. Such publication, when consisting of more than one advertisement at any one time, to be printed in close and connected order, and under one general head.

Sec. 2. That the city recorder be and is hereby authorized and directed to enter into a contract with the three (3) newspapers furnishing the lowest bids for the publication of all official advertising of the city for a period of three (3) years from the awarding of such contract, one of which newspapers shall be a daily newspaper printed in the German language.

Sec. 3. That so much of any ordinance as may conflict with or be supplied by the foregoing be and the same is hereby repealed.

Ordained and enacted into a law in councils this 14th day of May, A. D. 1902.

AN ORDINANCE—Authorizing and directing the city recorder and the city controller of the city of Allegheny to advertise for bids and solicit proposals for interest to be paid to the city of Allegheny on current daily balances of the public funds of the city, to enter into a contract for the custody of said funds with two banks, or banking institutions, paying the highest rate of interest on said funds, regulating the manner of disbursing said public funds, and fixing the bond of said depositories.

Section 1. Be it ordained and enacted by the select and common councils of the city of Allegheny and it is hereby ordained and enacted by the authority of the same, That within two weeks after the passage and approval of this ordinance, and in succeeding years within two weeks before the first day of March of each and every year, the city recorder and city comptroller of the city of Allegheny are hereby authorized and directed to advertise, by at least three insertions in the official newspapers of the city of Allegheny, for bids or proposals for interest to be paid on the daily balances on current daily balances of the public funds of said city of Allegheny, which bids or proposals shall specify the amount of interest offered on the said current daily balances of the public funds of said city of Allegheny, and upon receiving said bids or proposals the city recorder and the city comptroller are hereby authorized and directed to enter into a contract for the custody of the public funds of the city of Allegheny with the two banks or banking institutions of the city of Allegheny, offering the highest rate of interest on current daily balances of said public funds.

Sec. 2. It shall be the duty of the banks or banking institutions, obtaining the custody of said public funds to pay over to the money deposited with them upon the warrant of the city recorder drawn upon the city treasurer, and approved by the city comptroller, and it shall also be the duty of said banks or banking institutions, to render a statement on the first day of each month to the comptroller of the city of Allegheny showing the amount of the city deposit and the amount of interest due the city on daily balances, and said depositories shall credit said city with the amount of said interest due at the date of each of said monthly statement.

Sec. 3. In the event of a change in the depositories of the city at any time when the contract for the custody of said public funds is entered into with the banks offering the highest rate of interest, the bank or banks having had the custody of said funds for the previous year shall not be required to pay over the city funds to the new depositories until one month after the making of said contract. Provided, that such bank or banks retaining such public funds after the new depository is chosen shall pay all city warrants upon the treasurer of the city of Allegheny during the time between the making of said contract and the date of payment of said funds to the new depository.

Sec. 4. Each bank or banking institution, obtaining the custody of the public funds of the city shall give a bond to the city of Allegheny to be approved by the city recorder and the city comptroller of the said city of Allegheny in a sum not less than five hundred thousand ($500,000.00) dollars, with sureties who are hereby required to qualify to the amount of one million ($1,000,000.00) dollars over and above their just debts and liabilities.

Sec. 5. That so much of any ordinance as may conflict with or be supplied by the foregoing, be and the same is hereby repealed.

AN ORDINANCE—Granting additional rights to the Federal Street & Pleasant Valley Passenger Railway Company, giving it the right to use certain additional streets, avenues and highways for the purposes of its railway; and prescribing the conditions upon which said rights are granted.

Section 1. Be it ordained and enacted by the select and common councils of the city of Allegheny and it is hereby ordained and enacted by the authority of the same, That in addition to the rights and privileges heretofore granted to the Federal Street & Pleasant Valley Passenger Railway Company, by various ordinances heretofore enacted and approved, the Federal Street & Pleasant Valley Passenger Railway Company shall have and is hereby granted the consent of the city of Allegheny, to enter upon, use and occupy for the purpose of its railway the streets, avenues and highways of the city of Allegheny herein mentioned; and the said company is hereby authorized to enter upon and lay down a single or double track railway with the necessary turnouts and switches along and over the following routes:

Beginning at the intersection of California avenue and Marshall avenue; along Marshall avenue to Perrysville avenue, with right to make connection at California avenue and at Perrysville avenue.

The rights herein granted to the Federal Street & Pleasant Valley Passenger Railway Company are, upon the express condition that the work of building the railway upon the streets and highways herein mentioned shall be commenced in good faith within one year from the date of the approval of this ordinance and prosecuted to completion by said company within two years from said date; otherwise the rights and privileges under this ordinance shall become null and void and of no effect.

Sec. 2. In granting these additional rights to the Federal Street & Pleasant Valley Passenger Railway Company, it is understood the cars will be operated by means of an overhead electric system, and to this end the said company, its successors, lessees and assigns is hereby granted the right and privilege to erect and maintain such posts, poles, wires and electrical appliances over and along the streets herein mentioned as may be necessary to operate the cars of said company over said route, or any of them, by means of an overhead electric system.

Sec. 3. The rights granted by this ordinance to the Federal Street & Pleasant Valley Passenger Railway Company are granted subject to all the terms and conditions of an ordinance entitled, "An Ordinance granting to the North Side Traction Company, its lessees, successors and assigns, the right to enter upon, use and occupy certain streets, lanes, alleys and highways, and to lease its property and franchises or either," approved March 17, 1897.

Sec. 4. That the said Federal Street & Pleasant Valley Passenger Railway Company will, within 30 days after the passage or approval of this ordinance, file with the said compireller a writing under the corporate seal of said company accepting the provisions and requirements of this ordinance; otherwise this ordinance to be null and of no effect.

Sec. 5. That so much of any ordinance as may conflict with or be supplied by the foregoing, be and the same is hereby repealed.

It took the hardest kind of uphill work on the part of the Pirates to take yesterday afternoon's game from the Quakers, but they finally turned the trick by a score of 6 to 5 and sent Shettsline's pets away with an unbroken string of defeats. This was a bit tough on the Phillies, but it was simply another case of all teams looking alike to the champions.

Schoolmaster Sam Leever, who was the champions' pitching selection for the afternoon, came pretty close to sending the Pirates to an undoing and chalking up his first defeat of the season; but they managed to crawl out of a tight hole and the schoolmaster lent valuable assistance in that respect at least. Sammy started the local crowd off with a handicap of two runs and it kept himself and his fellow players pegging hard all afternoon to overcome that handicap. This made the sport all the more pleasant for the 2,100 spectators, who got a full nine innings' worth of play for their money.

Leach Spoiled Chance for Runs.

It was not until the ninth inning that the champions forged to the front, but they might have done so sooner if Tommy Leach had only kept his little noodle about him. Tommy in the sixth inning led off with a single and Jack O'Connor followed suit. Then the professor shoved a three-bagger down into right and the inning should have wound up with three runs and a lead of two. But Tommy got to figuring how many teeth Baby Tommy has by this time, and while he was at it Doolin shot the ball down and Papa Tommy was an easy victim. O'Connor moved up to second on the play and got home on Sammy's three-bagger, but that's the only run that was scored in that inning.

Prof. Leever served up the shoots until the seventh inning was reached and then retired, as his arm was giving him trouble. Happy Jack Chesbro took his place, and it looked as if he was in for a good thumping, as the visitors got a three-bagger and a single right off the reel. After that he settled down and pitched good ball. The champions gave both Chesbro and Leever fine support, the only mistake being the fumble of a very hard hit ball by Burke, who was covering second in the absence of Ritchey, who was off with a sore hand.

White Knows Better Now.

Harry White, the Georgetown boy who pitched the Phillies' first defeat here, thought he could do better on another try, and at his solicitation was given the chance by Manager Shettsline. Harry got along in fine shape for the first two innings, but after that his wide-spreading curve was no mystery to the local batters, who knocked the kinks out of the ball and kept the visiting players on a hustle during the entire performance. White's support was all that could reasonably be asked, the Quakers fielding much better than in any other game of the series, very clever work being done by Hallman, Hulswitt and Douglass.

The visitors started off with two runs in the opening inning as a result of singles by Thomas and Brown, a pretty sacrifice by Douglass and a single by Barry. In the third Hallman reached first on balls, stole second and scored on White's single to center. Hulswitt opened the sixth with a single and got around on singles by White and Thomas after two hands were out. In the seventh, when Chesbro started in, Douglass ripped off a three-bagger to right and scored on Barry's single to the same field. This looked like enough runs to win any ordinary game, but the champions are never defeated until the last man is out.

Doolin's Throw Was Costly.

The champions did not do any scoring until the third inning was reached, when a base on balls, a steal by Davis, a wild throw by Doolin and singles by Beaumont, Wagner, Bransfield and Burke netted two runs. In the sixth there should have been a lot of runs, but O'Connor was the only one to get home. In the seventh a base on balls to Beaumont proved fatal, as he scored on Bransfield's warm three-bagger to the score board. The Pirates tied the score in the eighth, when O'Connor singled, went to second on Chesbro's sacrifice, third on Davis' infield single and scored on a wild pitch. Bransfield brought the winning run home in the ninth, starting off with a single, taking second on Burke's pretty single to center and scoring on Leach's single to left. The score:

NOTES OF THE GAME.

Sam Leever contributed with his trusty bat a fair share toward the victory. Sam had a single and a three-bagger to his credit before he retired from the contest.

An intoxicated man in the grandstand created a lot of fun for the spectators yesterday, but finally his actions became objectionable and he was removed by an officer. Some of the spectators resented this and the blue coat was greeted with a storm of hisses.

According to the regular order it will be Tannehill's turn to pitch for the Pirates today and Taylor for New York, but there is no telling what the managers will do. The Giants' leader said yesterday that he would not be able to tell until today which pitcher he will use.

Prof. Sammy was not minding his business very well in the fifth inning in failing to cover third when Leach and Conroy went after Barry's foul fly. Douglass, who was on second, had no trouble reaching third after Tommy made the catch and the professor came in for a good lecture.

Billy Hallman, the erstwhile German comedian, put up a pretty play in the fifth inning when he gathered in Wagner's hot grounder which almost turned him a flip flop and got the ball over to first ahead of Tommy. Douglass helped the play along by pulling down Hallman's high throw. Wagner made a kick on Emslee's decision calling him out, but Honus was out all right.

The name of the newsboy who found a handsome gold watch and chain in the grandstand on Monday and turned it over to Secretary Pulliam was A. J. Flaischauer. The owner was Charles Kirschler, one of the proprietors of Newell's hotel, who gave the boy a substantial reward and promises to provide a good situation for the boy as a reward for his honesty. The watch was a very valuable one.

When Tommy Leach made his step up in the sixth inning and was caught off second base the little fellow looked very much ashamed of himself and refused to go over to the home players' bench, even when called on to do so. It isn't often that Tommy takes a nap on the bases, so he can readily be forgiven for his offense of yesterday, particularly in view of the fact that it was his single that brought Bransfield home with the winning run in the ninth inning.

That Bransfield boy isn't doing a thing with that bat of his these days. He had two singles, a double and a three bagger to his credit yesterday. Last season the pitchers used to fool Kitty on an outshoot, but he is picking out the good ones this year and lacing the ball for fair. His fielding his also improved wonderfully this season and it is rarely that a ball gets away from him, no matter how it is thrown, on the ground, in the air or any other old way.

The players of the New York team were spectators at yesterday's ball game and liberally applauded good plays made by either team. The Giants got in from Cincinnati yesterday morning and Manager Fogse is confident that his team will take a game or two from the champions. The Giants are all in good shape, but claim that they had tough luck in their western games played so far and hope for a change here.

For the benefit of the many grandstand spectators it is stated that the credit for yesterday's victory belongs to Chesbro under the rules. He relieved Leever when the Pirates were one run behind. Had the Phillies won after the score had been tied then Chesbro would have been charged with the defeat. Once the score is tied and the teams thus put on even terms the pitcher who is in at that time on the rubber gets credit for either the victory or the defeat.

Claude Ritchey missed his first game of the season yesterday, being prevented from playing by a severe cut on his hand. Ritchey's place at second was taken care of by Jimmy Burke, who made a fine substitute, not only in the field but at bat, where he cracked out three nice singles. In the sixth inning Burke contributed a pretty fielding play when by clever work he secured Browne's bold bid for a hit and fielded White out at second base.

Jack O'Connor made a noble effort to stop Billy Hallman's steal of second in the fourth inning. Leever's pitch was a bad one, besides the batter tried his best to block the throw, but Jack got the ball down, though not in time to get the runner. O'Connor had to throw from such a peculiar position that after letting the ball go he fell to the ground on the head of his Irish back, but was up in a jiffy and ready for business.

That Cincinnati story published in this paper yesterday as to Manager Fogse's criticism of Mathewson's work stirred up quite a row on the Giants' bench, and Mathewson's big twirler asking for his release. Manager Fogel claims to have been misquoted and says his only criticism of Mathewson's work was that he used his slow ball too often in the game at Cincinnati. The big pitcher is angry over being so severely criticised and claims to have been putting up his best efforts.

BOSTON AGAIN BEATEN.

Timely Hits Turn the Trick for Chicago Team.

BRUSH'S QUEER MOVE.

Signs Mike Doulin, Who Is in Jail in Baltimore.

BALTIMORE, May 20.—"Mike" Doulin, who is serving a term in the Baltimore jail for assault, signed a contract today to play with the Cincinnati National league team. It is expected that efforts to secure his pardon will prove successful. Should he be obliged to serve the full term for which he was sentenced he will not be able to join the Cincinnati club until very late in the season.

BATTLE OF PITCHERS.

Allegheny Took a Good Game from Grove City.

MEADVILLE, PA., May 20.—(Special.)—Allegheny won a pitchers' battle today from Grove City, 6-2. Each pitcher having 11 strike-outs, Bonnett losing because he was hit when hits were needed. Griffith pitched a fine game, Hass playing splendidly at short, Enden's error on misjudged fly being Allegheny's only misplay. The home team's playing was much improved over any previous. The game was one of the best ever played here, it being the first time Allegheny has ever defeated Grove City in baseball. Score:

KISKI LEFT THE FIELD.

Refused to Finish Game Because of Umpire's Ruling.

In the second half of the eighth inning, with the score 2 to 1 in favor of Kiski, with no one out and the heaviest of the college batters coming to bat, Kiski quit and left the field because the umpire called a ball. Kiski claimed that Davin struck at the ball in his effort to save himself from being hit by a fast grounder pitched by McLane. The umpire gave the game to the Pittsburgh college, 9 to 0.

Was Very Much One-Sided.

ZANG NOT TO BLAME.

Claims He Was on Hand Ready and Willing to Fight.

Eddie Zang, the little Allegheny fighter who was to have met Frank McCloskey on Monday night in the fight which turned out a fizzle, is much incensed at the efforts being made to place the blame on him. Zang claims that James Mason, McCloskey's manager, is to blame for the fiasco. He says that, at Mason's orders, he went to Mt. Oliver Turner hall and remained waiting there until 2 o'clock in the morning, but neither Mason nor McCloskey put in an appearance. He also states that he knew nothing of any attempt to pull off the fight at McKees Rocks, but was ordered by Mason to be at Mt. Oliver under penalty of losing his forfeit.

Zang claims he is still anxious to meet McCloskey and will fight him for the side bet which is already up. He stipulates that both must put up a deposit for appearance. He also says he will fight McCloskey tonight, and if Manager Mason cannot find a hall that he (Zang) can secure three places in Allegheny where the fight may be brought off.

Altoona Beat Cleveland.

ALTOONA, PA., May 20.—(Special.)—Two thousand spectators saw the first Altoona nine defeat the Cleveland American league team today. Altoona excelled in batting and team work but had more errors than the visitors. Martha's single for Altoona in eighth inning made two runs when the score was a tie, and won the game. Score:

TRACK RECORD WAS LOWERED BY DR. RIDDLE

Ran Away from the Bunch and Won Cuban Independence Handicap.

WAS ONE PRETTY FINISH

It Was Made by Dixieline, Who Won the Pocantico Handicap by a Short Head—One Good Thing Was Put Through.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, May 20.—Dr. Riddle, with T. Burns in the saddle, galloped home an easy winner in the Cuban Independence handicap, at one mile and a sixteenth over the hill, at Morris park today. He also lowered the track record a quarter of a second by covering the distance in 1:46 flat.

Kamara beat the gate by a length and a half, but Blues went to the front in a few strides and opened a gap of two lengths, with Kamara and Dr. Riddle next and running easily. Making the turn for home Dr. Riddle began to move up and gradually closing on Blues was on even terms with him at the eighth pole. From there home he had no trouble. Blues, the Brooklyn handicap favorite, was second, and Carbuncle third.

Dixieline, in the Pocantico handicap, won after a pretty finish with Heno by a short head. C. H. Mackey's Grand Opera won the amateur cup for gentleman riders by three lengths. I. H. Megargee, who ran second with Double Dummy, bid up the winner to $8,000, an advance of $2,500 over his entered price. The stable bid an extra $5 and retained its horse. The weather was clear and the track fast. Summaries:

RACED IN THE RAIN.

Louisville Running Meeting Is Drawing to a Close.

LOUISVILLE, May 20.—The last four races at Churchill Downs this afternoon were run in a heavy downpour of rain, which made the track a sea of mud.

Lovable was the only winning favorite, outsiders capturing the other five events.

The Frank Bohr stakes was robbed of much of its interest by the scratching of Pat Dunne's fleetfooted Toah and F. J. Gorman's Ciales. Silurian, Toah's stable companion, was made the favorite at 2 to 1, with Alfred Vargrave second choice at 3 to 1. The latter showed himself to be the best mudder and won easily by two lengths. Summaries:

First race, 5 furlongs—Gold Bell, 113, Woods, 5 to 1, won; Laurallight, 109, Dudley, 13 to 10, second; Poor Boy, 115, Winkfield, 6 to 5, third. Time, 1:02. Our Sallie ran.

Second race, selling, 8½ furlongs—Adalante, 112, Ransch, 11 to 5, won; Jena, 113, Coburn, even, second; Secundus, 115, Woods, 8 to 1, third. Time, 1:50. Insolence, Mandamus, Opera Girl, Loka, Sound Money ran.

Third race, selling, 6 furlongs—Temptress, 106, Buchanan, 4 to 1, won; Hohenauffer, 106, Lindsey, 7 to 1, second; Lizzie A., 105, Coburn, 5 to 1, third. Time, 1:16⅘. Leeking, Billy Dean, Lord Frazer, Nannie J. ran.

Fourth race, Fyen Feht stakes, mile—Alfred Vargrave, 107, Coburn, 4 to 1, won; The Rival, 106, Buchanan, 12 to 1, second; Sluyve, 84, McIntyre, 5 to 1, third. Time, 1:45. Silurian, John Yerkes, imp. Layla, Jim Clark, Ben Battis and Death ran.

Fifth race, selling, 5 furlongs—Prince of Endurance, 110, Woods, 9 to 2, won; Rosaneo, 110, Robertson, 8 to 1, second; Sanitor, Morrison, 107, Coburn, 10 to 1, third. Time, 1:03. Tissue, Flora Hooper, Lulu Glaser, Barnacle, Gallant Smith ran.

Sixth race, 3 furlongs—Lovable, 104, Coburn, 7 to 10, won; Peat, 106, Buchanan, 4 to 1, second; Ocoee, 104, Ransch, 7 to 1, third. Time, 1:16. Masterful, Slim W. and Tragedy ran.

Following are entries for tomorrow:

First race, 6½ furlongs, selling—Skyfyer, 95; Pinehello, 97; Lovable, 105; Staff, Suave, Phosphorus, 105; J. J. T., 106.

Second, 6 furlongs—Cork, King Tattus, 104; Golden Glitter, 105; Andy Williams, South Elkhorn, 107; Henry Zint, 115.

Third, 4½ furlongs, selling—Flash of Night, 95; Flowerdale, Banana Cream, Diamonds and Rubies, 100; Maghone, Bessie Settle, Style, 105.

Fourth race, 5 furlongs, selling—Myrtle Dell, 95; Sortie, Almanzo, Follow, 100; Tom Logan, Allbert, 102; Bucidey, Heroidade, 103; Bud Embry, 107; Sullerman, 110.

Fifth race, 6 furlongs, selling—Nannie J., 97; The Geezer, Temptress, 101; Foneda, 103; Kid Hampton, 107; John Lafferty, 108; John Yerkes, Premus, Chorus Boy, 109.

Sixth race, mile—*Itacatira, 86; Lizzie Loy, 89; Flossie S. King, 94; Little Rock, 97; Loka, 99; John W. Patton, 101; Glenzen, 102.

*Five pounds apprentice allowance.

Among the Amateurs.

The Mansfield A. C. would like to arrange a game for Decoration Day with any 10 to 11-year-old team. Address Gene Anderson, 1714 Irvin avenue, Allegheny.

The Hazelwood team would like a game with some strong amateur team having grounds, for this Saturday, May 24. Frank Kennoy, 7 Knox avenue, Thirty-first ward, South Side, Pa.

Dallas A. C. would like to hear from some strong team to arrange for two games for July 4. Postoffice Clerks or Sandy Creek preferred. Address William P. Beckett, 6021 Hamilton avenue, city.

Wilkinsburg A. A. would like to arrange games with all 13 to 14-year-old teams with grounds. Fuller Juniors and Bellefield second preferred. Address L. F. Kinley, 1319 Swissvale avenue, Wilkinsburg, Pa.

The Gazette old men vanquished The Gazette operators in a game of baseball at Schenley park yesterday afternoon to the tune of 28 to 7. The features of the game were the star playing of Frank Lytle, the ad man's shortstop, and Judge Bartley of the operators.

The Venter A. C. of McKees Rocks would like to hear from all 16 to 17-year-old teams in Western Pennsylvania. Full expenses to winning team or half expenses to losing team. All dates open. Address L. A. Day, care American Bridge Company, Fifty-first and Butler streets, city.

The James Mason A. C. would like to hear from Brushton A. C. for two games Decoration Day, and the Niagara Greys any Saturday and Park A. C. or Allegheny for Saturday, June 7. All 12 to 14-year-old teams wanting games address Con. Horgan, Jr., 200 Miltenberger street, city.

The Beaver A. C. defeated the Klondike A. C. in a well played game by a score of 7 to 5. The Beaver A. C. would like to hear from all uniformed 14 and 15-year-old teams for Sunday and Saturday games and for the holidays. Address Thomas Kennelly, care Sands Manufacturing Company, Allegheny.

Cottage plays at Millvale next Saturday, May 24, and on Decoration Day will play Swissvale two games, the morning game to be played on Cottage grounds and the afternoon game at Swissvale. Cottage would like to hear from some good out-of-town team for two games July 4. Address Manager, 7346 Kelly street, East End, Pittsburgh.

The Brushton A. C. would like to hear from all 15 to 16-year-old teams in Western Pennsylvania. They play the North Sides at Brushton (Saturday) May 24. Want two games for Decoration Day and one for July 31; also every Saturday in June, July, August and September. For games address George W. Weir, 7128 Bennett street, station A, Pittsburgh.

The Andrew Carnegie A. C. have changed their name to the Oriole A. C., and will play the strong Van Braam Street team Saturday, May 24, at Exposition park. The latter by a score of 5 to 2. The Keech team played a steady game, being led to victory by the clever pitching of Glassburner. E. & S. had some raw material in their line-up, but expect to have a team which will rival its crack team of last year. They have secured Gleason, a clever young twirler who played with Clarion High last season, and who has been given any kind of support yesterday, would have won handily. Batteries—Keech, Glassburner and Smith; S. & B., Gleason and Bridge.

Jimmy Scanlon Coming Home.

MEMPHIS, TENN., May 20.—(Special.)—Jim Scanlon, the Pittsburgh boxer, who has been in Australia for a year, writes a friend here that he is coming home next month. Scanlon says that he is coming because there are no fighters with whom he can be matched in Australia. Scanlon has had several fights and has won them all. A clipping, taken from the Sydney Sportsman, says he is the best 168-pounder seen there since the days of Jim Hall and Fitzsimmons.

Lots.

BRIGHTON ROAD LOTS

The Kleber Plan, in Allegheny.

The Finest Lots in the Two Cities, Adjoining the Brighton Country Club.

Only 25 minutes from the business center of Pittsburgh.

These desirable lots are not situated in the middle of a farm; they are in the heart of the very best residential district of Allegheny, running 600 feet along Brighton road and 600 feet back toward California ave., and are built where Being a part of the property until recently occupied by the Allegheny Country Club.

This property is level, lies high and dry and is free from the city smoke and dirt, being, in fact, cleaner and healthier than Bellevue, Avalon, the East Hills and other desirable suburbs.

The Brighton road and California ave. cars pass by this property, requiring about 25 minutes to reach the business centers of Pittsburgh. The property is located about half way between Allegheny and Bellevue.

Don't Wait

Buy a lot for investment or a home. Reference to the above plan will show that these lots are amply large for roomy houses and lawns.

Considering the high quality of these most desirable home sites, the prices at which they can be bought are the most reasonable that have been put upon such property. Plans mailed on application. 'Phone 1528 Grant and 614 Main, or call on

H. KLEBER, Jr.,
221-223 Fifth ave.

Lots.

SHARON PARK LOTS.

BETTER THAN A SAVINGS BANK.
Money invested in Sharon Park Lots is better than a savings bank account; because many houses are now going up on the plan, which will make the increase in value ten times as much as the interest on a bank account, and besides the profit has security for your money, and because investments in real estate are the safest and surest road to wealth. Sharon Park lots are the nicest and cheapest lots in Sharon, the steel manufacturing city, where property is doubling in value every year. You can buy a lot in Sharon Park now for $50, $75, $100, $125 or $150; only $10 down and pay $1 per week, with no interest or taxes until 1904; or 10 per cent off for all cash. Write for plans.

BETTER TONE OF COPPER MARKET NOT FICTITIOUS

Due to Improved Demand, Not to Speculation, and Prices Will Rise.

BAR IRON FIGURES SOAR

Manufacturers Admit That Association's Schedule Does Not Count, but It Will Not Be Changed--Big Demand for Structural Steel.

[BY PRIVATE WIRE TO THE GAZETTE.]

New York, May 20.—Representatives of the big copper companies say the copper market is entirely free from speculative features; that the demand is due to increased consumption, and that prices will continue to work upward. The high quotations that prevailed before the slump in the price of metal began are not anticipated. However, the general impression is that 14-cent copper is a question of the very near future. The claim is made that consumption is more pronounced at present than ever before in the history of the industry, while production shows no corresponding increase.

John Stanton, the copper expert, today said he looks for no increase in production during the current year unless prices are forced up to a high level. As to the production of copper in this country, there has been no noticeable increase within the past three years. For example, in 1897 production aggregated 501,000,000 pounds and in 1901 672,000,000 pounds. In view of the low prices that prevail, requiring the closing of a number of mines than cannot produce copper and sell it at a profit around 12 cents, it is not likely that production this year will show any material increase over the preceding year.

Schedule Prices Don't Count.

Local representatives of prominent producing interests report that the tendency of bar iron is still irresistibly upward. Sales are reported at from $1 95 to $2 a hundred pounds, "New York." One of the leading bar iron producers said today the association's minimum price no longer counts for anything. It is so far below the prices that are obtaining in the open market as to be unavailable, even as a basis for calculation. It is not believed that the association will authorize any change, however, for the reason that the disparity between its minimum and current market prices is so great that to announce a small advance would be of no possible good, and to bring association prices up to market parity would be to lose the moral effect of having so long held prices at a very low level, even though that level was nominal.

The present situation has been further aggravated by the suspension of work in the plants of the American Iron & Steel Manufacturing Company, which is one of the largest producers of bar iron in the United States. A strike is the cause of its suspension and one other bar iron company is similarly affected.

The scarcity of scrap iron is becoming more and more acute. Manufacturers of bar iron now have numerous agents all over this country and Europe buying up all the scrap iron they can find. Muck bar is being used on a larger scale than usual in the manufacture of bar iron. Bar iron produced from muck bar commands $2 25 for 100 pounds.

The Nut and Bolt association will hold its monthly meeting here this week, but no change of schedule is expected, notwithstanding the higher range of bar iron.

Structural Steel Still in Demand.

Structural steel producers report that there is no sign of abatement in the extraordinary demand, the volume of which may be judged by the fact that prices in this quarter persist in their upward tendency. The demand is heaviest for angles and shapes used in the construction of office buildings and the like, and for these products contractors who are behindhand in their undertakings are paying fancy premiums. One rolling mill recently sold a large amount of angles and shapes here at from $2 75 to $3 for 100 pounds.

Stock Conversion Instructions.

The stockholders of the United States Steel Corporation will receive in a few days an official circular giving detailed instructions as to the manner in which the preferred stock is to be converted into bonds. It will contain the date between which the stock may be deposited for exchange and all other necessary information.

Pittsburghers Buying Crucible Steel.

In regard to the report that H. C. Frick and other Pittsburghers recently purchased a large amount of stock of the Crucible Steel Company of America, a representative of that concern said today: "I understand that they already own a considerable amount of stock, but whether they have increased their holdings I cannot say. They might easily have done so without its coming to my attention, because there is plenty of stock in the open market."

New Pittsburgh Enterprise.

The Pittsburgh Valve & Fittings Company was incorporated in New Jersey today with a capital of $300,000. The charter of the company permits it to manufacture valves and fittings and deal in and produce all kinds of finished iron and steel. The incorporators of the company are A. E. Anderson, Edward Turner and G. D. Wallace. E. W. HARDEN.

STEEL STOCK BUYING STARTS RISING PRICES

Whole List Affected by Purchases Which Are Made in Large Quantities.

FEELING MORE CHEERFUL

Brokers Look Upon Whole Industrial Situation as Excellent—Presence of Secretary Easley on Street Taken as a Good Omen.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, May 20.—Prices of stocks scored quite a substantial recovery today and ended the day pretty near the top level and steady. There was a much more cheerful feeling with regard to the outlook for values and none of the rather urgent pressure to sell which was a feature yesterday. The sharp and sudden declines among high-priced but seldom active stocks gave place to equally sudden recoveries in the same securities. International Power recovered five points of its 18-point break of yesterday and there were wide gains scored by the electric and express stocks, which were notable sufferers yesterday. There was not much news on which to base the rise. Sentiment was favorably affected by the large absorption of United States Steel at rising prices. This soothed the anxieties which were caused by yesterday's rumors that a formidable bear party had been formed in the stock as an outgrowth of the criticism of the stock conversion and bond issue plan.

Strength in the North.

The notable strength of Canadian Pacific and its subsidiary roads, Minneapolis, St. Paul & Sault Ste. Marie and Duluth, South Shore & Atlantic, also had a notable sympathetic effect on the whole market. This movement began abroad before the opening here and was not explained by any specific news. London was a buyer on a considerable scale after the holiday there, and confident predictions were heard that peace would be declared at an early day in South Africa. The formal announcement of the terms for the taking over jointly by Louisville & Nashville and Southern railway of the Chicago, Indianapolis & Louisville stocks in return for 4 per cent bonds was chiefly reflected in the price of Louisville. The terms of exchange of the stock of 78 for the common and 90 for the preferred led to some recession in their prices, as the joint bonds, judged by the precedent of the Burlington exchanged bonds, are not likely to command a full par value.

Easley Has an Influence.

The presence in the Wall street district of Secretary Easley of the Civic Federation and his consultation with important representatives of the anthracite interests gave rise to conjectures that measures were in progress for the settlement of the anthracite miners' strike. Wall street opinion remains confident that a settlement lies within reach at almost any time. There was also much less apprehension today of a spread of the labor trouble into the bituminous coal fields which was considered a formidable prospect yesterday.

The buying of stocks by London was a factor in the easier tone of foreign exchange, which relieved the feeling yesterday that a prompt exchange to the gold export level was to follow the relaxation of money rates. Sugar was helped by the reports of an agreement upon a Cuban reciprocity measure, and Amalgamated Copper was firm on the better conditions reported in the copper trade. The market closed quiet and steady.

Bonds were dull but about steady. Total sales, par value, $2,419,000. United States refunding 2s and new 4s were ¼ per cent lower on the last call.

Whisky.

CINCINNATI, May 20.—Whisky steady. $1 30.

Wildcat far Surpasses Estimates

It is the rule to estimate the production of a wildcat well too high when first drilled into the sand. Such, however, does not seem to be the case with the Carter Oil Company's test well, drilled in last week on the Daniel Harris farm, located two miles north of Central Station on the Baltimore & Ohio railroad, in Doddridge county, W. Va. When drilled into the Big Injun sand it was thought to be a 50-barrel producer, but since then has been completed and is producing 200 barrels a day. It is quite probable that a new pool of Big Injun sand production will be opened in that locality. The size of the Harris farm test would indicate that there is something back of it and the Carter Company will at once proceed to locate the right course of the producing belt.

In the Pine Grove district, Wetzel county, the South Penn Oil Company has drilled its No. 2 on the Jesse Shuman farm through the Gordon sand and found only a small show of oil. It is now drilling to the fifth sand. In the same district, Jennings & Bros. have completed their No. 34 on the L. S. Hoyt tract and have a strong gas pressure and a small oil producer.

One mile south of the Good producer on the Fairfield Peterson farm, in the new Gordon sand development in Wetzel county, the South Penn has drilled its test well on the M. M. McIntyre farm into the 1,700-foot sand and has a 15 or 20-barrel producer from that formation.

In the Stout district, Doddridge county, the same company has completed its No. 7 on the J. A. Bode farm and has a 10-barrel producer.

In Center district, Calhoun county, the Southern Oil Company has drilled its test well on the J. S. Jarvis farm through the Berea grit and has a duster.

On Shawnee creek, Pleasants county, the May Oil Company has completed its No. 2 on the John Wagner farm and has a show for a 75-barrel well in the Cow Run sand. On Sugar creek the American Oil Development Company has drilled its No. 6 on the S. Wagner farm through the Cow Run sand and has a duster.

On McKim creek, Zahniser & Co. have drilled their test well on the S. Jewett farm through the Cow Run sand and have a duster.

In the Smithfield district, the South Penn Company's No. 1 on the W. N. Cunningham farm is holding up at 300 barrels. No. 1 Jacob Cunningham, 700 barrels; Fairfield Peterson No. 1, 150 barrels and No. 4 J. W. Norris, 100 barrels a day.

On the east side of the Fish creek district, in Marshall county, the South Penn Company has shot its No. 4 on the Nathan Shepherd farm and the well produced 25 barrels in ensuing 16 hours. On the west side of the same development the same company has completed its No. 6 on the Farley-Boyd farm and has a good gasser. In the same development No. 4 on the D. Boner farm has been completed and will make a small well.

Southeastern Ohio.

In the Jackson Ridge district, in Monroe county, Ohio, the Carter Oil Company has drilled its test well on the Henthorn heir farm through the Keener sand and has a duster.

In theGrayesville district, Franchot Bros. & Co. have completed their No. 33 on the W. A. Delaplaine farm and have a 15-barrel pumper in the Keener sand.

In the same district, H. J. Parker has completed a test well on the John Dougherty farm and has a 10-barrel pumper.

In the Marietta district, Washington county Larn Bros. have completed their No. 3 on the Daniel Robinson farm and have a small well.

In the Turkeyfoot extension in Hancock county, W. Va., the Sweetwater, Sopa & Co. have completed a test well on the Carter Bros. farm and have a show for a 60-barrel producer.

Local Stock Trading Almost Stopped, but the Market Was Firmer

STEEL ISSUES WERE AGAIN MOST ACTIVE

Rallies in the Prices Took Place Early and Held Until the Windup.

ELECTRIC SECONDS FIRM

Bank Shares Were Irregular—Window Glass Was Dull—Fire Proofing Firmer—Coal Issues Very Quiet—Bonds Were Firm.

The market on the Pittsburgh stock exchange yesterday came almost to a standstill; indeed, at times there was absolutely nothing doing, and the brokers and exchange employes "killed time" by joking with one another in various ways. The tone was somewhat better than for several days, and rallies of more or less importance occurred in several issues, but there was not great show of confidence anywhere. On the contrary, the undertone of the whole market is unsettled, the prevailing sentiment being one of weakness and doubt. It would not take much bad news to make this weakness pronounced and possibly cause a good deal of liquidation. The most cheerful news yesterday was in the shape of a rumor that the coal strike would be settled in a few hours, and this hope caused what little firmness existed. The principal trading was again in the steel group, all its members showing gains of ¼ to ¾. Crucible Steel common led with 1,250 shares and closed in quite good demand at 22¼, while the preferred rallied on much smaller sales to 86. United States Steel common sold 1,240 shares and closed ¾ higher at 40, with 40⅛ bid after the last sale for good blocks. Only 5 shares of the preferred changed hands, the price, 90⅝, being a gain of ½. Later 90¾ was bid for regular lots. There is some fear that litigation may follow the stock refunding scheme, but the success of the majority gave the stock a boost. Westinghouse Electric seconds were firmer in sympathy with the east and sold up from 104 to 105¾. The close was at 105¾ sales and bid, a gain of $2 50. Westinghouse Airbrake sold at 184, a loss of $2. Philadelphia Company common was ¾ lower at 48 for 300 shares, but it rallied ⅜ bid afterward and was in fair demand. Window Glass was very dull but a shade firmer. The same was true of Fire Proofing common and preferred. The coal stocks were very dull and absolutely featureless. The bond market was firm but quiet. Bank shares were irregular but fairly active, the demand for some issues being good. The market closed duller than at any other part of the day.

Financial Drift.

Guffey Oil offered at 47.

Beaver Coal common quoted at 86@95.

$1 50 was bid for 1,000 Trade Dollar Mining.

For 85 State bank 98 was bid. 350 was bid for five Colonial Trust Company.

Robinson Bros. were buyers of Philadelphia Company common, getting 300 shares at 48.

At the opening Mustin bid 35¾ for 500 United States Steel and Sproul offered 500 at 39¾.

Robinson Bros. sold 700 Crucible Steel common just before the close at 22¼, Lawrence took 500.

Preston, Watt & Schoyer bought small lots of Crucible Steel preferred and sold Federal National bank.

Shortly after the opening N. W. Stevenson sold 400 United States Steel common and Sproul bought 500.

The last sale regarded was 20 Guarantee Title and Trust Company at 136, Masten & Co. to Whitney & Stephenson.

United Realty Trust Company, 50 shares, offered at 136, 135 was bid for 10 and Hill & Co. took the 50 at 136.

Hill & Co. bid 70 for 500 shares Westinghouse Electric seconds preferred and offered 1,000 shares United States Steel at 40¾.

It is officially announced that the Southern Railway and the Louisville & Nashville have agreed to advance the joint 4 per cent rate for Cincinnati, Indianapolis & Louisville stock at 78 for the common and 90 for the preferred.

McFarlane offered from 1,000 to 10,000 shares of Consolidated Bonanza Gold Mining Company at $2 a share. Nothing was bid regular.

At the annual meeting of the Hazelwood Oil Company the old directors were re-elected. C. T. Wells was chosen president and C. A. Norton secretary and treasurer.

The Pressed Steel Car Company has purchased a large acreage fronting on the Passaic river at Newark, N. J., on which it will erect a large factory for the manufacture of cattle guards.

It is announced that the Canadian Pacific railroad has just made the sale of a large lot of land for $1,000,000. The stock was bulled on the prospect of extra dividends out of the proceeds of the land sale.

During the auction sale yesterday 150 shares of the South Side Gas Company were offered and McMullin bid $3 a share. The stock was withdrawn and sold privately by N. Holmes & Sons to McMullin at $3 a share.

The incorporators of the Bellevue Realty & Trust Company will hold a meeting today to complete the organization. The company has a capital of $125,000 and will absorb the Bellevue National bank, which has a capital of $50,000.

The stockholders of the City Trust Company yesterday approved the proposition of the Colonial Trust Company for the absorption of the City Trust Company. The stockholders of the Colonial Trust Company meet tomorrow to take similar action.

At the annual meeting of the Peoples Trust Company of the South Side, held yesterday, the following directors were elected: William Ruske, Joseph F. Ploeger, A. Franz, Jr., Mark Schmid, Alois Winter, Peter J. Keeling, A. J. Sunshine, Simon Bornschein and Gustad Wilde.

The stock of the American Elevated Company, which sold a few days ago at 42, opened yesterday with sales at 10, but later sold off to 7. The officers of the company say they cannot account for the break and says further that the company is not in a speculative business, and he would not support the stock if it sold at a good share.

R. J. Stoney, Jr.'s "The Banker" for May is out and as usual contains much of interest to financiers. A special feature is a table showing the growth since 1850 of Allegheny county banking. The surplus and undivided profits especially striking, due to the new method of marketing new stock at a premium. The increase in the item of investments, securities and loans is 3,249 per cent, with the Allegheny banks and to 4,339 per cent with the "out-of-town" banks of the county, while in the case of the Pittsburgh institutions the amount of investment securities held was increased from $18,601,688 in 1890, to $61,250,-689 in 1901, or 229.27 per cent.

Notice is hereby given that the Western Steel Car & Foundry Company, having an authorized capital of $1,250,000 and $750,000 paid in, will be formed and will lease for 10 years the 3-egewich plant at an annual net rental of $50,000 and the option to purchase at any agreed price of $1,100,000. The Pressed Steel Car Company will furnish $550,000 of the paid-in capital of the new company and will have control of it. A. G. and W. McCord, who have had the management of the Car & Equipment Company, will furnish $300,000 of the capital and the new company, the Western Car & Foundry Company, at a net annual rental of $55,000. It is understood that this plant is likely to be sold to the lessee for $600,-000, which will be applied toward the purchase of the trust deed, to retire at like amount of Illinois Car & Equipment bonds, of which $1,200,000 have been issued.

Wool Market.

BOSTON, MASS., May 20.—The wool market is looking up a little this week. There has been more activity and considerable inquiry. Prices are practically unchanged, however. Territory goods have been in better demand and holders are a little more encouraged at the prospects. The new wools on the market are not selling, because they cannot be profitably worked over at market values. Quotations on choicest staple territories on the scoured basis are as follows: Fine, 50@55c; fine medium, 47@48c; medium, 46c; while the ordinary grades are quoted at 44@45c. Fine medium, 45@46c; medium, 38@44c. Fine washed fleeces are thoroughly well sustained, with limited offerings. Ohio and Pennsylvania, XX and above, 28@29c; X, 27@28c. Michigan, 22@24c. Delaine wool is in very small supply, with the market firm. Ohio fine Delaine, 28@29c; Michigan, 25½@27c. No. 1 washed combing, 26½@27c; No. 2, 25@26c; coarse, 23@25c. Visible Supplies of Grain.

NEW YORK, May 20.—Special cable and telegraphic communications received by Bradstreets today show the following changes in available supplies, compared with last account: Wheat, United States and Canada, east of the Rockies, decreased, 3,884,000 bushels; afloat for and in Europe, increased, 1,400,000 bushels; total supply, decreased, 2,484,000 bushels. Corn, United States and Canada, east of the Rockies, decreased, 1,937,000 bushels. Among the more important decreases reported this week are those of 1,500,000 bushels at Manitoba storage points, 562,000 bushels at Chicago private elevators, 200,000 bushels each at northwestern interior elevators and at Ceteau, 90,000 bushels at Newport News and 67,000 bushels at Lincoln elevators. The leading increases are those of 250,000 bushels at Depot Harbor and 80,000 bushels at St. Joseph.

Wool.

NEW YORK, May 20.—The coffee market opened steady, with prices unchanged to 5 points lower under room selling and absence of public support. Weakness in European markets, heavy receipts in the crop country, and liberal clearances from the crop country for the United States, were the leading factors of depression. Trading was comparatively quiet all day, with the market finally steady at 5 points net decline. Total sales were 19,750 bags, including July at 5.15c; September, 5.30c; October, 5.35c; December, 5.55c; January, 5.60c; February, 5.75c; March, 5.80c; April, 5.85c. Sugar, raw nominal; fair refining, 3⅞c; centrifugal, 96 test, 4⅜c; molasses sugar, 3⅜c; refined steady.

Weaker Market Prices for Hay and Oats

PITTSBURGH PRICES FOR FARM PRODUCTS

New Potatoes Still Declining, Navy Beans Easier—Asparagus Lower.

Hay, Grain and Feed.

Heavy arrivals of oats on Monday caused weakness in quotations which was more apparent on Wednesday, prices showing a fractional decline for No. 2 white and extra 3s. The hay situation has been somewhat disappointing, the hopeful view taken by dealers a week ago not having materialized, and No. 1 timothy is slightly lower.

Receipts bulletined: Pennsylvania lines, 2 cars hay, 8 cars oats, 2 cars corn, 1 car feed; Baltimore & Ohio railroad, 3 car hay, 1 car feed; Pittsburgh & Western railroad, 1 car hay; Total receipts, 16 cars.

Following are the official quotations for hay, milfeed, corn, oats and straw, corrected by the superintendent of the Pittsburgh grain exchange:

Straw—Oat, $7 00@7 50; wheat, $7 00@7 50; rye, $8 00@8 25.

Hay—Choice timothy, $14 50@15 00; No. 1 do, $14 00@14 25; No. 2 do, $12 00@13 00; No. 1 mixed, $11 00@13 50; No. 1 clover, $10 50@12 50; extra mixed, $13 00@13 50; packing, $8 00@10 00; loose from wagon, $16 00@17 00.

Rye—Milling price (delivered), No. 2 Michigan, 66½@67½c.

Corn—No. 2 yellow, ear, 72@72½c; high mixed, 68@68½c; No. 2 yellow shelled, 71@72c; high mixed, 67@70c; No. 2 mixed, 68@68c.

Oats—No. 2 white, 49½@50½c; extra, No. 3 white, 49@49½c; regular, 48@49c.

Millfeed—White middlings, per ton, No. 2, $21 50@22 00; brown, $20 50@21 00; bran, $21 00@21 50.

Groceries.

So far the week has not been productive of important features in the grocery situation, quotations remaining just as they were at the close on Saturday, with the exception of a few unimportant changes which are a trifle more plentiful than they were, and not quite so largely in demand as when potatoes were away up in price, and economical consumers are driven to look around for a cheaper substitute. Flour is steady, fluctuations of the wheat situation not having affected it. Sugar and coffee are as they were at the opening of the week.

Flour—Jobbers' prices: Fancy spring patents, $4 20@4 30; fancy winter patents, $4 05@4 15; straight winter, $3 90@4 00; bakers' spring, $3 60@3 70; rye, $3 45@3 60; graham, $4 25@4 50, cornmeal, bbl, $3 50@3 60; 10-lb cotton bags, 19@20c.

Sugar—Standard granulated, 4.80c; fine granulated, bbl, 100-lb and 25-lb jute bags, 4.80c; 2-lb cartons, 5.00c; 5-lb jute bags, 4.95c; powdered, 4.90c; powdered XXXX, 4.95c; cubes, 5.05c; cut loaf, 5.40c; confectioners' A, 4.60c; coffee A, 4.35@4.40c; 3½ lb cartons, 4.20c; No. 2 do, 4.15c; No. 3 do, 4.10c. (Quotations are for Pittsburgh and Allegheny wagon delivery; for bulk lots, 10c less; for shipments to points within a radius of 50 miles of Pittsburgh.)

Cereals—Rolled oats, bbl, $5 00; bags, $2 25; parched, $2 60@3 25; oatmeal, bbls, $5 40; kegs, $2 50.

A $45,000 SALE OF FRONTAGE IN THE EAST END

Andrew W. Mellon Sells Two Choice Plots in Thirty-Seventh Ward.

BROAD STREET SALES

A Graham Street Residence Brings $18,000—Addition for Glassport Plant—Cumberland Presbyterians Will Build in Brushton.

Andrew W. Mellon has sold to William Henning two plots of vacant frontage in the Thirty-seventh ward for $45,000. One has a frontage of 358 feet on the southwest side of Susquehanna street, near Rosedale avenue, and a depth of 269 feet. It adjoins the property of P. Doran. The other plot measures 308x343 feet on the southwest side of Madeira street, near Rosedale avenue, and adjoins the property of J. S. Kelly. Both plots are situated in desirable residence districts and it is understood they will be improved with a number of good houses.

Thomas Moreland has purchased from Miss Mary Davidson the property at the southwest corner of Broad and Sheridan streets, Nineteenth ward, for $30,000. The deal is credited to Samuel W. Kelly & Co. The property measures 60x145 feet and has erected on it two brick houses. It is the intention of the purchaser to build a large livery barn on the lot as soon as the leases can be arranged and the houses removed. The barn will be a two-story brick structure covering the entire lot.

Three Sales Aggregate $45,500.

D. W. Pershing has disposed of another of his handsome new residences in Graham street for a consideration of $18,000. The house is a colonial brick, containing 12 rooms, and stands on a lot facing 50 feet on the west side of Graham street, near Friendship avenue, with a depth of 150 feet. The purchaser is understood to be a prominent business man, who bought the property for a home.

Through the agency of J. A. Young & Co. Richard E. Edsall, of the firm of Edsall & Hamm, has bought from John A. Young a lot 130x152 feet on the northwest side of Stanton avenue, Nineteenth ward, for $15,000. The property adjoins the holdings of Wesley S. Wakefield and Robert Wightman.

The old Patterson homestead at Crafton, which was purchased a few weeks ago by Max Friedman, has been resold to Elizabeth Wolfe for $12,500. The property contains about three acres and is bounded by Bluff and Locusts streets and Woodlawn avenue. It is only a few minutes' walk from Idlewild station, on the Panhandle railroad, and adjoins the large property of John Biggert. The residence is a fine two-story brick house containing 12 rooms.

Good Price for Broad Street.

William Sheaffer has purchased two properties in Broad street, East End, for $16,750. The larger property consists of a lot 26x100 feet, situated at the west corner of Broad and Sheridan streets. It was bought from Nancy C. Meanor for $9,500. An eight-room frame house now occupies the lot. The other property, which formerly belonged to Andrew W. Mellon, is 22x100 feet and brought $7,250. It is also improved. The sales were made through the agency of Samuel W. Kelly & Co.

The Cumberland Presbyterians of Brushton are having plans prepared for a $10,000 brick church in Penn avenue, Brushton.

Architects Milligan & Miller are taking bids on the four-story office and store building which A. J. Puffinburg is preparing to erect in Penn avenue, near Wood street, Wilkinsburg. The building measures 22x100 feet. The same architects are receiving estimates on the building of the Elizabeth State bank at Elizabeth. The building will be three stories high, 60x75 feet, and will cost about $25,000. Bids will also be received by these architects Monday for the United Brethren church in Wilkinsburg. The estimated cost is put at $13,000.

More Room for the Bottlers.

Architect Max Bruening has been commissioned to prepare plans for an office building and bottling house for the McKees Rocks Brewing Company. The former will be a two-story brick, handsomely finished in hard wood, and the latter a one-story brick structure, 50x110 feet. The two buildings will cost about $18,000.

Architect W. E. Snaman is taking bids on the four-story flat and store building of John Lemmers in Perrysville avenue, Allegheny, which is to cost about $20,000.

The East Youngstown Land and Improvement Company is out with the neatest descriptive circular seen this year in the Pittsburgh district. It is accompanied by a large colored map of the company's plan of lots, situated two and one-half miles from the court house and around the immense new plant of the Youngstown Iron, Sheet and Tube Company and the new round house and shops of the Pittsburgh & Lake Erie railroad. These plants when completed will employ at least 12,000 men.

Lots Are Going Fast.

The company has already sold over $150,000 worth of lots and a building boom is on that promises to surpass any ever known in the Mahoning valley. Youngstown outclassed all other Ohio cities the last year in percentage of growth, and with the new industries assured, has a very bright future for her real estate men. Free excursions are now being run to the East Youngstown plan as a special inducement to prospective buyers.

Two other lot plans near Pittsburgh are to be put on the market this week with a boom sale. One is an addition to the East Homestead plan, which proved so popular when it was opened. The plan is handled by the Real Estate Trust Company, which will conduct a special sale there the last three days of this week.

The other plan is the La Belle View plan at Steubenville, O. The lots measure 50x110 feet to 60x150 feet and sell at from $50 to $200 each. A special free excursion will be run to Steubenville Saturday and an auction sale will be one of the attractions. The plan is being handled by the Duquesne Realty Company.

An Eastern Landlord Kicks.

The high rents that are the occasion of so much complaint in Pittsburgh, are not without cause, according to the statements of large landlords, who complain bitterly of the prices charged for building and repairs. A striking example of the feeling that prevails among many house owners who are besieged daily for repairs, came to light yesterday. A resident of New York city who owns a number of properties in Pittsburgh asked his agents here to secure for him the lowest rates on papering. They quoted the customary rate of 20 and 25 cents a roll, charged by union workmen. In reply the owner stated that he could get the same work done in New York for seven cents a roll, adding that Pittsburgh must be a city where the walking delegate holds sway, or such prices would not be charged. Similar complaints are received by real estate agents nearly every day, many of the owners saying they are willing to pay the price asked for a conscientious workman, but consider it extortion to pay it to the mechanic who is incompetent or who cuts the hours short at both ends to lie in the shade. The recent decision of the contractors to pay a man according to his ability and inclination to work is likely to work considerable reform in this matter before the summer is past.

Has Outgrown Its Home.

A large addition is to be made to the plant of the Severance Spike & Rivet works at Glassport, on a lot just purchased by S. Severance through the Real Estate Trust Company. The lot was bought from the Glassport Land Company and lies between the tracks of the Pittsburgh & Lake Erie railroad and the Monongahela river.

Wilkinsburg: J. S. Scobey & Co. sold for Robinson & James to a business man of Wilkinsburg a lot, 30x120 feet, in North avenue, near Coal street, Wilkinsburg, for $6,000. The lot is improved with a 10-room brick house.

Hampden place: J. R. Wylie sold for the Hampden Land Improvement Company to William L. Murphy lot No. 59 in the Hampden place plan of lots, Wilkinsburg, for $2,000. A five-room frame house stands on the lot. The same broker sold to Nicholas Scwanning an improved lot, 25x120 feet, in Fourth street, Duquesne, for $1,650.

Edgewood: R. S. McDowell & Co. sold for Mrs. Rose Wilson to W. Vestage a six-room brick house, lot 23x105 feet, on the east side of Franklin street, near Coal street, Edgewood, for $3,400.

An Ohio Fruit Farm Bought.

J. A. Young & Co. sold for George H. Russell to Mrs. Mary A. Mulholland of Wilkinsburg a farm of 37 acres in Madison, Lake county, O., for $5,500. The farm has on it a large vineyard and peach orchard and is adapted especially to the cultivation of onions and potatoes.

Ben Avon: Henry W. Armstrong sold for Elizabeth B. O'Neil to George D. Sells lots Nos. 20 and 21 in the Brighton Terrace plan, in Brooding avenue, Ben Avon, for $2,500. The lots measure 110x159 feet and will be improved at once.

Susquehanna street: William F. Nicholas sold to D. K. Hissen an improved lot, 25x122 feet, on the north side of Susquehanna street, Thirty-seventh ward, for $5,050.

Kelly street: The Glen Falls Insurance Company of New York sold to Amalie McFarnan an improved lot, 25x80 feet, on the northeast side of Kelly street, near Sterrett street, Twenty-first ward, for $3,200.

Scattering Realty Deals.

Maple avenue: John M. Whittle of Broad Brook, Conn., sold to Katharine Pheiznar an improved lot 25x114 feet, on the southeast side of Maple avenue, Thirty-first ward, for $2,100.

Michigan street: Albert J. Mason sold to Dr. Gilliford B. Sweeny, an improved lot, 25x102.5 feet, on the northeast side of Michigan street, Thirty-eighth ward, for $2,500.

Twenty-seventh street: Demuth Sunshine sold to Joseph Lew an improved lot, 20x73.5 feet, in South Twenty-seventh street, Twenty-fifth ward, for $4,500.

Bluff street: C. B. Hadden sold to Robert F. Jones an improved lot, 19.5x69 feet, in Bluff street, near Gist street, Fourteenth ward, for $8,762.50.

Lime street: Frederick Beemer sold to Charlotte Cridge a lot, 27x168.5 feet, in Lime street, near Woodville avenue, Thirtyfifth ward, for $540.

Kirkpatrick street: John P. Rush sold for Daniel Clifford to George Strather a five-room house and lot in Kirkpatrick street, Thirteenth ward, for $1,300.

Bandi farm: Vogel & Heitz sold to George H. Lauer lots Nos. 93 and 193, each 25x120 feet, in the Bandi Farm plan, Knoxville, for $775.

Pittsburgh building permits were issued to John A. Crawford, for a two-story frame sawmill in South Twentieth street, Twenty-sixth ward, to cost $3,000; to George Lang, for a two-story frame dwelling in Dauphin street, Nineteenth ward, to cost $2,400; to Mrs. M. D. Klappenberg, for a two-story frame dwelling in Brodhead street, Twenty-first ward, to cost $1,700; to E. E. Sweeney, for a two-story frame dwelling in Inwood street, Twenty-first ward, to cost $1,500; to W. H. Dodds, for two two-story frame dwellings in Promenade street, Twenty-third ward, to cost $4,200; to Mary Vogel, for a two-story brick dwelling in Braddock avenue, Twenty-second ward, to cost $3,000; to Charles Stevens, for a two-story frame dwelling in Elizabeth street, Twenty-third ward, to cost $1,000.

A PERSONAL TRIBUTE.

Central Mining Institute of Western Pennsylvania Pays Delicate Compliment to F. C. Keighley.

The Central Mining institute of Western Pennsylvania will hold its semi-annual meeting in Uniontown June 24, 25 and 26. This is unusual in the fact that it is the second time the institute has ever met outside of Pittsburgh, the other exception being the meeting of last summer at Johnstown. Uniontown has been selected as a compliment to President Frederick C. Keighley, as well as in recognition of the Connellsville coke region as a great mining and industrial center. During the period of the meeting much time will be given up to the inspection of the developments of the coking fields.

The Hon. F. H. Reppert, president judge of the Fayette district, will make an address of welcome to be responded to by President Keighley. Superintendent B. F. Jones of the H. C. Frick Coke Company will read a paper, "Different Methods of Mine Haulage Compared." "The Resources and Mineral Wealth of the Connellsville and Lower Connellsville Regions Compared" will be the subject of a paper by H. E. Evanson, assistant chief engineer of the H. C. Frick Coke Company.

The tribute to President Frederick C. Keighley in holding the meeting at Uniontown brings to the surface some of the interesting history of the man, now recognized as a leading coal mining and coking expert throughout the country. Mr. Keighley, the scion of an English family which had its seat in the town of Keighley, Yorkshire, for 700 years, began his work as an office boy when he was 13 years old. Since then he has steadily risen in the coal and coke industry, now being general superintendent of the Oliver Iron and Steel Company's coking operations at Oliver station.

This company is now adding 100 ovens to its group of over 700 and will soon erect 300 more, to feed which new coal shafts will be sunk. It is a notable fact that while the coal of this development is among the most gaseous in the region, there has not been an explosion in the 11 years of Mr. Keighley's superintendency. The superintendent is expert in mine ventilation. He has made it a special study, being at one time mine inspector for the fifth district of Pennsylvania.

Women's and Children's Shoes---And a Mistaken Idea Set Right.

There seems to be a great many people who think we carry no other shoes except those of Queen Quality make. Why, that's all wrong—a great mistake.

We have the finest shoes that expert workmanship and fine leather can make—some of them costing as much as $5 and $6.

Carry the finer grades expressly for people who like the best of everything.

Our complete lines comprise:

Women's Shoes and Oxfords in a price range of $2.50, $3, $4, $5 and $6.
Boys' and Youths' Shoes and Oxfords, from $1.50 to $3.50.
Children's Shoes, Oxfords and Slippers, from $1.25 to $3.
Women's Fancy and Evening Slippers, from $1.50 to $5.

Now that you understand our variety, we shall be pleased to see you in our second floor Shoe Department, quite frequently. You'll find it about the cosiest department you were ever in.

Today's Sale of Ruffled Curtains.

A lot our buyer of Lace Curtains picked up in New York last week before he sailed for Europe on his annual buying trip.

It's a long look backward to recall such another offer—either for you or for us.

Neat Ruffled Muslin Curtains that would sell for and be considered extra values at 75c and $1—today 50c a pair.

Ruffled Muslin Curtains with both white and Colored Borders, regularly selling for $1.50 and up to $4.50—today $1 a pair.

Ruffled Net Curtains, real handsome patterns, that sell for $3 and up to $10, will be on sale today for $2.50 a pair.

Hosiery for Women and Children, to Wear With Oxfords.

Of course, a little touch of color is the thing, still there are lots of people who just like plain black. All kinds for all tastes—that's the best way, and its the rule we follow.

A fine ribbed Cotton Stocking finished with a linen knee—just the thing for boys and girls. Although it is a 25c stocking, we can say 18c each, 3 pairs for 50c. Black.

An extra quality of boys' and misses' fine corduroy ribbed Stockings—black—another 25c Stocking sold here for 18c a pair or 3 pairs for 50c.

The 35c grade of misses' and children's Black Cotton Hose, finished with a linen knee, and all special parts reinforced, is sold here for 25c a pair.

New lot of women's and children's black lisle Hose, with pretty effects of all-over lace ankles, daintiest of patterns, 25c each.

Children's ribbed Lisle Hose, with a pretty lace stripe in white and black, 25c a pair; worth 35c.

Rubber Bathing Caps.

We're not mentioning these on the supposition you are soon off to the seashore—but that wouldn't be so very far out of the way after all. For they're used the same way over at the different shores as they are here—when women go to the natatorium.

Many inquiries about these rubber caps—always are about the time we run out of anything.

The Caps are newly arrived—tan, black, polka dot, fancy plaids—25c, 35c, 50c up to $1.35 each.

Other Bathing Caps, such as silk and oiled silk.

Porch Furniture.

Fat arm chairs and rockers, cozy little rockers for women, great roomy swings, and ever so many other things for porch and lawn and country cottage.

It is as satisfactory to us as to our public to know that we have just such assortments as people want—sold for the fairest kind of prices.

Like the following:

Maple Frame Rockers with rattan seat, 85c and up.

Maple Frame Rockers—reed seat and back—roomy and comfortable—$1.85.

Reed Swings—a marvelous capacity for holding numbers at one time—$16 and up.

Old Hickory Rockers—slats in seat and back—$1.75.

Old Hickory Settees finished same as rockers—$3.75.

India Stools, all the finishes—nice for little porch tete-a-tetes enjoyed so much by young people—$1.25 each.

Consider the foregoing in the light of a few hints illustrating the fine variety of Porch, Lawn and Cottage Furniture now on sale in this big Furniture store on the fifth floor.

Belt Fixings.

If you take a notion to make your own belts, don't overlook the fact that we have all the requisites, such as Buckles, Clasps, Pins, both belt and bodice, of such metal as oxidized silver in French gray, gun metal and rose gold finishes.

You can get them plain or set with jewels, cameos and medallions.

About any price you can think of from 25c and in between to $12 each.
